Louisiana Governors:

Louisiana Governors Walter Greaves Cowan, Jack B. McGuire, 2010-06-30 Walter Greaves Cowan and Jack B McGuire veteran authorities on the Louisiana political scene trace the history of the state's leaders from the French and Spanish colonial eras to the present day Using a variety of sources including personal interviews with the recent governors they describe unforgettable personalities Such early figures as Pierre Le Moyne d Iberville and Jean Baptiste Le Moyne de Bienville set the tone for later colonial governors They had their troubles fending off protesting Indians and other French and Spanish leaders vying for power Following the Louisiana Purchase American politics took control The Whigs Know Nothings Republicans and Democrats have all waxed and waned through times of slavery secession suffrage and segregation The early twentieth century saw the rise of Huey P Long who established himself as a virtual dictator An assassin's bullet ended Long's life in 1935 but his followers managed to hold on to the governorship until 1940 In 1948 his brother Earl Long brought the family back into power Over the years two governors were impeached but were not removed from office and two governors were jailed in federal prison The experiences decisions and conflicts of Louisiana governors have reflected and influenced the history of the state often in dramatic and fascinating ways

The Louisiana Governors Joseph G. Dawson III, 1990-02-01 The Louisiana Governors is a one volume reference work on the diverse frequently colorful leaders of Louisiana since the eighteenth century From Iberville to Edwards this biographical directory provides a comprehensive look into the lives of sixty six men who have wielded their political power in molding the history of the state Joseph G Dawson's introduction sets the stage for this knowledgeable look at Louisiana's governors by examining the historical evolution of the governorship over the past three centuries Dawson focuses not only on the evolution of the office but also on the dominant personalities who have served it and the ever changing constitutions that have guided it For the first time students of Louisiana history will have at their disposal a chronological compilation of scholarly essays on the lives of the men who have served at Louisiana's chief executive Providing first a short biographical sketch of the governor under consideration each essay includes an analytical discussion of the governor's administration and of his role in the state's history A bibliography pertaining to the governor and his era follows each essay The Louisiana Governors describes in rich detail the influence of French and Spanish colonial governors on Louisiana's leaders of the nineteenth and twentieth centuries The rivalry that now exists between the chief executive and the legislature as well as the factionalism that has surfaced in the political system is directly rooted in the state's colonial past It has been said that Louisianians like their politicians like their food hot and spicy They have not been disappointed From the Lemoyne brothers Iberville and Bienville of the French colonial era to the Long brothers Huey and Earl of the twentieth century Louisiana's governors have attracted ardent loyalty and vigorous criticism simultaneously They have been hailed by critics as dictators political mavericks puppets and even rubber stamp governors But whether weak or powerful charismatic or unimposing these men have braved controversy and political turmoil to create a governorship

steeped in tradition **The Governors of Louisiana** Miriam G. Reeves, 2004 Since Pierre le Moyne Sieur d Iberville first held the office the governorship of Louisiana has been occupied by a succession of influential figures First the French then the Spanish and finally the Americans presided over the affairs of the developing state This diversity of cultures reflected in the people who have occupied the state s highest office remains one of the strengths of modern Louisiana Many of Louisiana s governors were capable leaders whose constructive actions contributed to the development of the state Theirs are the accomplishments that remain etched in the history of a progressive diverse people A few were men of uncommon skill foresight and determination Their forceful leadership often transcended the boundaries of the state and influenced national and international affairs However not all governors were equal to the tasks that faced them and little evidence has endured to inform us about their unsuccessful terms in office *The Governors of Louisiana* presents concise biographical sketches and photographs of each of the Pelican State s governors beginning with Pierre le Moyne in 1699 Twenty nine of the photographs show the bronze bas relief portraits of the governors that are cast on the elevator doors at the Capitol building in Baton Rouge This updated edition includes Kathleen Blanco the first woman elected to that office in Louisiana The other volumes in this series *The Governors of Alabama* pb F *The Governors of Mississippi* pb F *The Governors of Tennessee* 2nd Edition pb and *The Governors of Texas* pb F are also available from Pelican *Biographical Sketches of Louisiana's Governors* Mrs. Eugene Soniat du Fossat, 1885 *The Governors of Louisiana* Miriam G. Reeves, 1962 *Inside the Carnival* Wayne Parent, 2004 With both an entertainer s eye and a social scientist s rigor Wayne Parent subjects Louisiana s politics to rational and empirical analysis seeking and finding coherent reasons for the state s well known unique history He resists resorting to vague hand waving about exoticism while at the same time he brings to life the juicy stories that illustrate his points Parent s main theme is that Louisiana s ethnic mix natural resources and geography define a culture that in turn produces its unique political theater He gives special attention to immigration patterns and Louisiana s abundant supply of oil and gas as well as to the fascinating variations in political temperaments in different parts of the state Most important he delivers thorough and concise explanations of Louisiana s unusual legal system odd election rules overwrought constitutional history convoluted voting patterns and unmatched record of political corruption In a new epilogue Parent discusses how the hurricanes of 2005 will affect state politics and politicians as Louisiana struggles to regain its footing in the New South *Charting the Plantation Landscape from Natchez to New Orleans* Laura Kilcer VanHuss, 2021-05-05 *Charting the Plantation Landscape from Natchez to New Orleans* examines the hidden histories behind one of the nineteenth century South s most famous maps Norman s Chart of the Lower Mississippi River created by surveyor Marie Adrien Persac before the Civil War and used for decades to guide the pilots of river vessels Beyond its purely cartographic function Persac s map depicted a world of accomplishment and prosperity while concealing the enslaved and exploited laborers whose work powered the plantations Persac drew In this collection contributors from a variety of disciplines consider the histories that Persac s map omitted

exploring plantations not as sites of ease and plenty but as complex legal political and medical landscapes Essays by Laura Ewen Blokker and Suzanne Turner consider the built and designed landscapes of plantations as they were structured by the logics and logistics of both slavery and the effort to present a facade of serenity and wealth William Horne and Charles D Chamberlain III delve into the political activity of formerly enslaved people and slaveholders respectively while Christopher Willoughby explores the ways the plantation health system was defined by the agro industrial environment Jochen Wierich examines artistic depictions of plantations from the antebellum years through the twentieth century and Christopher Morris uses the famed Uncle Sam Plantation to explain how plantations have been memorialized remembered and preserved With keen insight into the human cost of the idealized version of the agrarian South depicted in Persac's map Charting the Plantation Landscape encourages us to see with new eyes and form new definitions of what constitutes the plantation landscape

Governors Messages and Letters Indiana. Governor, 1922 **Win the Race or Die Trying** Jack B. McGuire, 2016-07-21 Earl Kemp Long 1895 1960 was the political heir to his brother Huey in Louisiana politics A country boy who never lost his common touch he ran for office in every state election between 1933 and 1959 He was the best campaigning politician Louisiana ever produced In his final term as governor he suffered a breakdown on live television while addressing members of the legislature He was kidnapped and committed to mental institutions in Texas and Louisiana That he engineered his own release gives proof that he was in charge of his faculties Abandoned by his family and his allies Long was written off politically But in 1960 he had other ideas He was plotting his comeback In poor health smoking and drinking he decided to challenge the incumbent in Louisiana's Eighth Congressional District Harold McSween Doctors warned him that the race could cost him his life But politics was his life and he vowed to win the election or die trying He did both This book tells the story of the last year of Long's life and the campaign that he waged and won by sheer force of will He won the election and a sizable bet he placed on it but he was dead in just over a week Win the Race or Die Trying captures the essence of Earl Long by chronicling the desperate death defying campaign he waged to redefine his legacy
