Love Elegies Of The Renaissance Marot Louise Labe And Ronsard:

Love Elegies of the Renaissance Gertrude S. Hanisch, 1979 **Love Elegies of the Renaissance** Gertrude Segal Hanisch, 1976 **Complete Poetry and Prose** Louise Labé, 2007-11-01 Thanks to her acclaimed volume of poetry and prose published in France in 1555 Louise Labé remains one of the most important and influential women writers of the Continental Renaissance Best known for her exquisite collection of love sonnets Labé played off the Petrarchan male tradition with wit and irony and her elegies respond with lyric skill to predecessors such as Sappho and Ovid The first complete bilingual edition of this singular and broad ranging female author Complete Poetry and Prose also features the only translations of Labé's sonnets to follow the exacting rhyme patterns of the originals and the first rhymed translation of Labé's elegies in their entirety **Love Elegies of the Renaissance** Gertrude S. Hanisch, 1979 **Women Writers of the Renaissance and Reformation** Katharina M. Wilson, 1987 The dawn of humanism in the Renaissance presented privileged women with great opportunities for personal and intellectual growth Sexual and social roles still determined the extent to which a woman could pursue education and intellectual accomplishment but it was possible through the composition of poetry or prose to temporarily offset hierarchies of gender to become equal to men in the act of creation Edited by Katharina M. Wilson this anthology introduces the works of twenty five women writers of the Renaissance and Reformation among them Marie Denton a Swiss evangelical reformer whose writings were so successful they were banned during her lifetime Gaspara Stampa a cultivated courtesan of Venetian aristocratic circles who wrote lyric poetry that has earned her comparisons to Michelangelo and Tasso Helisene de Crenne a French aristocrat who embodied the true spirit of the Renaissance feminist writing both as novelist and as champion of her sex Helene Kottanner Austrian chambermaid to Queen Elizabeth of Hungary whose memoirs recall her daring theft of the Holy Crown of Saint Stephen for her esteemed mistress and Lady Mary Sidney Wroth the first Englishwoman known to write a full length work of fiction and compose a significant body of secular poetry Offering a seldom seen counterpoint to literature written by men Women Writers of the Renaissance and Reformation presents prose and poetry that have never before appeared in English as well as writings that have rarely been available to the nonspecialist The women whose writings are included here are united by a keen awareness of the social limitations placed upon their creative potential of the strained relationship between their gender and their work This concern invests their writings with a distinctive voice one that carries the echoes of a male aesthetic while boldly declaring battle against it **The Subject of Desire** Deborah Lesko Baker, 1996 The French Renaissance poet Louise Labe is one of the most striking and influential women writers of early modern Europe In her broad ranging volume of prose and poetic works 1555 Labe transforms the position of woman in Renaissance discourse from an object to a subject of erotic and artistic desire and privileges the notion of desire itself as a central issue for literary and psychic exploration Deborah Lesko Baker presents the dramatic creation and evolution of female subjectivity in Labe as a passionate quest for internal selfhood made possible

through both authentic self expression and interaction with others In so doing she analyzes how the development of the female subject coincides with an ongoing interrogation of the inherited models of the Petrarchan lyric tradition

Renaissance Women Writers Anne R. Larsen, Colette H. Winn, 1994 A collective awareness of the determining role of gender marks the essays in this volume providing fresh insights into the works of Renaissance women writers **The Honest Courtesan** Margaret F. Rosenthal, 2024-05-31 The Venetian courtesan has long captured the imagination as a female symbol of sexual license elegance beauty and unruliness What then to make of the cortigiana onesta the honest courtesan who recast virtue as intellectual integrity and offered wit and refinement in return for patronage and a place in public life Veronica Franco 1546 1591 was such a woman a writer and citizen of Venice whose published poems and familiar letters offer rich testimony to the complexity of the honest courtesan's position Margaret F Rosenthal draws a compelling portrait of Veronica Franco in her cultural social and economic world Rosenthal reveals in Franco's writing a passionate support of defenseless women strong convictions about inequality and in the eroticized language of her epistolary verses the seductive political nature of all poetic contests It is Veronica Franco's insight into the power conflicts between men and women and her awareness of the threat she posed to her male contemporaries that makes her literary works and her dealings with Venetian intellectuals so pertinent today Combining the resources of biography history literary theory and cultural criticism this sophisticated interdisciplinary work presents an eloquent and often moving account of one woman's life as an act of self creation and as a complex response to social forces and cultural conditions A book pleurably redolent of Venice in the 16th century Rosenthal gives a vivid sense of a world of salons and coteries of intricate networks of family and patronage and of literary exchanges both intellectual and erotic Helen Hackett Times Higher Education Supplement The Honest Courtesan is the basis for the film *Dangerous Beauty* 1998 directed by Marshall Herskovitz The film was re titled The Honest Courtesan for release in the UK and Europe in 1999 **French Women Writers** Eva Martin Sartori, Dorothy Wynne Zimmerman, 1994-01-01 Marie de France Mme De S vign and Mme De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters translations religious tracts and miscellaneous fragments There were obstacles but French women writers were more or less sustained and empowered by the French culture Often unconventional in their personal lives and occupied with careers besides writing as educators painters actresses preachers salon hostesses labor organizers these women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world French Women Writers describes the lives and careers of fifty two literary figures from the twelfth century to the late twentieth All the contributors are recognized authorities Some of their subjects like Colette and George Sand are celebrated and others are just now gaining critical notice From Christine de Pizan and Marguerite de Navarre to Rachilde and H l _ne Cixous from Louise Lab _e to Marguerite Duras these women speak through the centuries to issues of gender sexuality and language French Women Writers now becomes widely available in this Bison

Original publication and copyright date 2006 **Representations of the Body in French Renaissance Poetry** Karen R. Sorsby, 1999 *Representations of the Body in French Renaissance Poetry* examines the poetic debate over the nature and importance of the body in the sixteenth century a subject about which Renaissance poets had a great deal to say Focusing on the evolution of dissection and physical examination of the human body Karen Sorsby presents a detailed and sophisticated understanding of the language of the body as it is used by poets such as Maurice Scève Du Bellay Ronsard Louise Labé Agrippa d'Aubigné and Du Bartas A guiding assumption of this study is that sixteenth century French poets considered the acquisition of self knowledge to be necessary to the understanding of man They relied on anatomy in their poetry to provide a sense of body and soul which they believed to be necessary to acquire self knowledge **Women Latin Poets** Jane Stevenson, 2005 Publisher description **A Short History of Renaissance and Reformation Europe** Jonathan W. Zophy, 1999 In an effort to bridge the gap between the often different worlds of professors and students this exploration of Renaissance and Reformation Europe offers an accessible engaging approach that pays sufficient attention to the roles and contributions of women Its conversational tone and concise presentation are examples of an approach that is more representative than comprehensive introducing historical figures and concepts as they flow through the narrative without frequent interruption to include and define technical and foreign terms Rather than a compendium or grand summa the text serves as a brief introduction to some of the major personalities issues events and ideas of the Renaissance and Reformation age *Retrospectives* Terence Cave, 2009 Terence Cave's work has made a major contribution to the rethinking of the relationship between literature history and culture over the last half century *Retrospectives* brings together substantially revised versions of studies written since 1970 together they constitute a searching methodological investigation of the practice of reading past texts How do our ways of reading such texts compare with those practised in the periods when they were written How do we distinguish between what a text meant in its own time and what it has come to mean over time And how might reading provide access to past experiences The book's epicentre is early modern French culture but it extends to that culture's ancient Greek and Roman models its European contexts and the afterlives of some of its themes from Pascal via George Eliot to Angela Carter Book Jacket **Catalog of Copyright Entries.
