Polukhina,1999-06-23 This is an imaginative work of literary criticism Thirteen scholars have selected a wide variety of Joseph Brodsky s poems written between 1970 and 1994 for detailed discussion in the context of his whole output The choice of poems reflects Brodsky s diversity of themes and devices Together they offer a perspective on one of the most original and profound modern poets This collection should fulfil the often expressed need for a comprehensive approach to the study of Brodsky s poetry which is linguistically as well as intellectually demanding **Memory and Migration** Andreas Kitzmann,2011-01-01 Julia Creet is an associate professor in the Department of English at York University **Love's Knowledge** Martha C. Nussbaum,1990 This volume brings together Nussbaum s published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements *Minima Cuba* Marta Hernández Salván,2015-06-30 2016 CHOICE Outstanding Academic Title M inima Cuba analyzes the reconfiguration of aesthetics and power during the Cuban postrevolutionary transition 1989 to 2005 the conclusion of the Special Period It explores the marginal cultural production on the island by the first generation of intellectuals born during the Revolution The author studies the work of postrevolutionary poets and essayists Antonio Jos Ponte Rolando S nchez Mej as and Iv n de la Nuez among others In their writing we find the exhaustion of the allegorical and melancholic rhetoric of the Cuban Revolution and the poetics of irony developed in the current biopolitical era The book will appeal to anyone interested in contemporary literary and cultural studies poetics and film studies in Latin America and the Caribbean **Pastoral Care in Education** Phil Jones,Noel Purdy,Dave Trotman,Stan Tucker,2023-10-12 This book is both a celebration of 40 years of the National Association for Pastoral Care in Education NAPCE and a forward thinking volume examining the key pastoral issues of our time Bringing together a range of expert contributors from a variety of educational settings the book offers fresh insights and evidence based strategies which will be of immediate relevance for all educators This unique volume considers a wide range of themes from charting the early days of pastoral care in education in the UK and the establishment of NAPCE through to the discussion of contemporary pastoral challenges facing children and young

people around the world This timely volume makes the case for the centrality of pastoral care in education and offers new directions for pastoral education research policy and practice Memory Mastery: Unlock Your Brain's Hidden Superpowers Gaurav Garg, Ah memory That fickle friend we all rely on yet so often betrays us at the most inopportune moments Have you ever found yourself desperately trying to remember the name of that person waving enthusiastically at you from across the street Or perhaps you ve experienced the unique panic of forgetting why you entered a room standing there like a confused time traveler wondering what parallel universe you ve stumbled into If you ve nodded along to either of these scenarios or both no judgment here then congratulations You re officially human And more importantly you re in the right place The palest ink is better than the best memory Chinese Proverb Now I know what you re thinking If the palest ink is better than the best memory why am I reading a book about improving my memory instead of just writing everything down Excellent question hypothetical reader And to that I say Why settle for pale ink when you can have a technicolor memory This book isn t just about remembering where you left your keys or recalling the capital of Burkina Faso it s Ouagadougou by the way good luck remembering that one It s about unlocking the incredible potential of your mind It s about turning your brain from a leaky bucket into a steel trap capable of capturing and retaining information with the precision of a supercomputer and the creativity of an artist Throughout these pages we ll embark on a journey that s part science part art and maybe a little bit magic We ll explore techniques that have been used by memory champions secret agents okay I made that part up and everyday people like you and me to dramatically improve their recall abilities You ll learn how to Transform your home into a memory palace no construction permits required Use the power of association to remember names faces and random facts Turn boring numbers into exciting stories yes really And much much more But here s the real kicker this isn t just about party tricks or acing your next pub quiz although those are delightful side effects The techniques you ll learn in this book have the power to transform your life Imagine the confidence you ll feel walking into a room full of people knowing you can remember everyone s name Think about how much more efficiently you could work if you could recall important information at the drop of a hat Envision the doors that could open when you re able to learn new skills faster and retain information longer So buckle up dear reader We re about to embark on a mind bending journey that will challenge you amuse you and ultimately transform the way you think and remember By the time you finish this book you ll have the tools to turn your mind into a finely tuned memory machine And who knows Maybe one day you ll be the one writing a book about memory techniques Just remember to thank me in the acknowledgments That is if you can remember my name by then Ready to begin Let s dive in and start unlocking the incredible potential of your mind **Weaving a Malawi Sunrise** Roberta Laurie, 2015-11-23 When you educate a girl you educate a nation Malawian saying The women of Malawi like many other women in developing countries struggle to find their way out of poverty and build a better life for themselves and their families Weaving a Malawi Sunrise tells the story of Memory Chazeza s quest to get an education and to build a school for
