Seeing rightly says Mark Labberton is the beginning of how our hearts are changed Through careful self examination in the Spirit we begin to bear the fruit of love toward others that can make a difference Here is a chance to reflect on why our ordinary hearts can be complacent about the evils in the world and how we can begin to see the world like Jesus The Love of Jesus and the Love of Neighbour Karl Rahner, 1983 **The New International Lesson Annual 2015 - 2016** Nan Duerling, 2015-05-19

Curran,1999-04-05 The Catholic tradition has always tried to explain its theology in a coherent and systematic way but the great changes and tensions existing within Catholic moral theology today have made it difficult to develop systematic approaches to what was once called fundamental moral theology Now a leading scholar active in this field for forty years offers a synthesis of Catholic moral theology set in the context of the broader Catholic tradition and the significant developments that have occurred since the Second Vatican Council Charles E Curran s succinct coherent account of his wide ranging work in Catholic moral theology points out agreements disagreements and changes in significant aspects of the Catholic moral tradition His systematic approach explores major topics in a logical development the ecclesiological foundation and stance of moral theology the person as moral subject and agent virtues principles and norms conscience and decision making and the role of the church as a teacher of morality Curran s work condenses and organizes a large amount of material to show that the Catholic theological tradition is in dialogue with contemporary life and thought while remaining conscious of its rich history Of great interest to theologians for its broad synthetic scope this book is also a thorough introduction to the Catholic moral tradition for students and interested readers including non Catholics **Four Essential Loves** William R. McAlpine,2013-05-22 How does one determine the readiness of any candidate for leadership in ministry Whether considering vocational ministry leadership or a position on a local board of elders or deacons without question knowledge and skills are essential But an individual s readiness for leadership and ministry cannot be assessed solely on the basis of academic transcripts or impressive statistics found in a pastor or lay leader s annual report While embracing knowledge and skill as essential to effective leadership and ministry the author demonstrates how these dimensions are inadequate unless rooted in that which is less quantifiable namely heart readiness But what does heart readiness entail or look like in the life of a leader in ministry In a word that is grossly overused and profoundly misunderstood love and more specifically love for the right things in the right way for the right reasons This book is intended for those being trained in the bible college or seminary classroom but also for lay leaders already engaged in virtually any ministry context as well Readers are encouraged to consider and cultivate four essential loves love for God s Word for Christ s church for one s neighbor and for oneself *Cura Animarum* Ioan C. Veres,2025-04-25 As artificial intelligence advances healthcare faces a profound ethical question Can machines truly care This book critically examines the rise of AI driven social

robots carebots in patient care evaluating their benefits and potential harms through the lens of Christian ethics While AI may enhance efficiency and offer support in specific healthcare contexts it also risks dehumanizing care replacing genuine human presence with technological substitutes Grounded in a theology of covenant care this work builds its ethical argument around the biblical parable of the Good Samaritan emphasizing the irreplaceable nature of human compassion It presents theological and ethical criteria to guide the responsible use of AI in healthcare ensuring that technology serves rather than supplants the dignity of human relationships This book is essential reading for theologians ethicists healthcare professionals and AI developers navigating the intersection of faith ethics and emerging technology As healthcare increasingly integrates AI Cura Animarum challenges readers to consider where technology supports human dignity and where it threatens to erode the essence of genuine care Is AI merely a tool or does it risk redefining what it means to care *1 and 2 Thessalonians* John Byron, 2014-10-07 Understand What Scripture Says and How To Live It Today A new commentary for today's world The Story of God Bible Commentary explains and illuminates each passage of Scripture in light of the Bible's grand story The first commentary series to do so SGBC offers a clear and compelling exposition of biblical texts guiding everyday readers in how to creatively and faithfully live out the Bible in their own contexts Its story-centric approach is ideal for pastors students Sunday school teachers and laypeople alike Each volume employs three main easy-to-use sections designed to help readers live out God's story LISTEN to the Story Includes complete NIV text with references to other texts at work in each passage encouraging the reader to hear it within the Bible's grand story EXPLAIN the Story Explores and illuminates each text as embedded in its canonical and historical setting LIVE the Story Reflects on how each text can be lived today and includes contemporary stories and illustrations to aid preachers teachers and students 1 2 Thessalonians Paul's letters to the Thessalonians hinge thematically on the ongoing need for them to put their hope in God Like us the Thessalonians were living in difficult circumstances living in the tension between death and the promise of Jesus' final return and triumph In between living requires daily hope and Paul infuses his letters with hope without overlooking the challenges of the day Edited by Scot McKnight and Tremper Longman III and written by a number of top-notch theologians The Story of God Bible Commentary series will bring relevant balanced and clear-minded theological insight to any biblical education or ministry

Transformed Life Paul Feider, 2024-06-21 Jesus started a fire on earth by bringing the healing transforming love of God into the world That fire continues to burn in the hearts of those who invite it into themselves It changes a person s worldview and empowers them to change their situation to live a life open to miracles a life of deep peace joy and serenity The book offers the path to receiving this life and challenges us to not conform to what is happening in our world but to be transformed with divine energy and divine healing equipping us to bring hope to the environment in which we live You will read the profound message of Jesus that brings a new perspective and power to the challenges of our lives It is a message people intuitively long to hear This book is about that message to light a fire in you to fill you with energy and to have a Love overflowing from your heart to everyone you encounter It is about living the dream God s dream for you the transformed life Sermons on the Gospel Readings Paul E. Flesner, Robert A Noblett, David G Rogne, 2002 A collection of sermons based on the liturgical year Justice Nicholas Wolterstorff, 2010-05-02 Wide ranging and ambitious Justice combines moral philosophy and Christian ethics to develop an important theory of rights and of justice as grounded in rights Nicholas Wolterstorff discusses what it is to have a right and he locates rights in the respect due the worth of the rights holder After contending that socially conferred rights require the existence of natural rights he argues that no secular account of natural human rights is successful he offers instead a theistic account Wolterstorff prefaces his systematic account of justice as grounded in rights with an exploration of the common claim that rights talk is inherently individualistic and possessive He demonstrates that the idea of natural rights originated neither in the Enlightenment nor in the individualistic philosophy of the late Middle Ages but was already employed by the canon lawyers of the twelfth century He traces our intuitions about rights and justice back even further to Hebrew and Christian scriptures After extensively discussing justice in the Old Testament and the New he goes on to show why ancient Greek and Roman philosophy could not serve as a framework for a theory of rights Connecting rights and wrongs to God s relationship with humankind Justice not only offers a rich and compelling philosophical account of justice but also makes an important contribution to overcoming the present day divide between religious discourse and human rights **Luke: The Christian Standard Commentary** Gregory R Lanier, 2025-08-01 Luke The Christian Standard Commentary is part of The Christian Standard Commentary CSC series This commentary series focuses on the theological and exegetical concerns of each biblical book thoughtfully balancing rigorous scholarship with practical application
