The Love of Liberty (Large Print Edition) Leonard E. Read,2015-07-29 LARGE PRINT EDITION More at LargePrintLiberty.com The love of liberty and the love of knowledge go hand in hand As people can be free only when self responsible and self responsible only when free so there can be no liberty without knowledge and no knowledge without liberty These virtues are but two sides of the same intellectual and moral coin descending or ascending In unison Never expect one without the other

Machiavelli Maurizio Viroli,1998-07-30 Founders of Modern Political and Social Thought Series Editor Dr Mark Philp Oriel College University of Oxford Founders of Modern Political and Social Thought present critical examinations of the work of major political philosophers and social theorists assessing both their initial contribution and continuing relevance to politics and society Each volume provides a clear accessible historically informed account of each thinker s work focusing on a re assessment of their central ideas and arguments Founders encourage scholars and students to link their study of classic texts to current debates in political philosophy and social theory This launch volume in the Founders of Modern Political and Social Thought series presents a critical examination of Machiavelli s thought combining an accessible historically informed account of his work with a re assessment of his central ideas and arguments Maurizio Viroli challenges the accepted interpretations of Machiavelli s work insisting that his republicanism was based not on a commitment to virtue greatness and expansion but to the ideal of civic life protected by the shield of fair laws His detailed study of how Machiavelli composed his famous work *The Prince* presents new interpretations and he further argues that the most challenging and completely underestimated aspect of Machiavelli s thought is his philosophy of life in particular his conceptions of love women irony God and the human condition Viroli demonstrates that Machiavelli composed *The Prince* and all his works according to the rules of classical rhetoric and never intended to found the modern science of politics aiming rather to continue and refine the practice of political theorising as a rhetorical endeavour taught by the Roman masters of civic philosophy Viroli s Machiavelli a serious challenge to contemporary methods of doing political theory will be essential for advanced students of the history of political thought Irish Essays, and Others Matthew Arnold,2024-05-23 Reprint of the original first published in 1882
