Magnus Merriman

Iain Hollingshead

Magnus Merriman:

Magnus Merriman Eric Linklater, 2009-05-01 This hilarious novel charts the rise and fall and perhaps the rise again of Magnus Merriman would be lover writer politician idealist and crofter moved by dreams of greatness and a talent for farcical defeat Convinced that small nations are safer to live in than big ones Magnus becomes a Nationalist candidate for the parliamentary seat of Kinlue With details based on Linklater's own experiences in an East Fife by election in 1933 the way is set for a satirical and irreverent portrait of Scottish life literature and politics in the 1930s Nothing is sacred and no one is spared Magnus Merriman Eric Linklater, 1945 Alienation and Resistance Laura Findlay, Gordon Spark, 2020-05-22

This collection draws together recent work by new and emerging scholars which examines the representation of alienation and resistance in texts and images both modern and traditional The essays collected here incorporate both high and low culture covering a wide range of disciplines from traditional literary sources to the more modern mediums of film and comic Informing each of the contributions is one overriding question what are the roles forms and conditions of alienation and resistance in our culture and its diverse media The contributors to this collection find examples of both alienation and resistance everywhere from sixteenth century drama to contemporary fiction from American comics to Eastern European cinema from representations of the body to the site of the body itself In seeking out these representations of alienation and resistance the essays begin also to probe the limits and limitations of such terms As such the collection as a whole offers both a broad overview of the field of play as it stands today and makes tentative suggestions as to potential paths of future inquiry

Am I Missing Something... Iain Hollingshead, 2013-10-03 Every year the collection of the best letters that didn't quite make it into the Telegraph because just too left field outrageous or hilarious for an August Letters page offers an alternative review of the year For this fifth volume the potential agenda is just as enticing as ever with Telegraph readers variously waggish whimsical or just plain steamed up about Chris Huhne's speeding points a new Pope the Royal baby and mansion taxes Once again it will be one of the humour bestsellers of the year Whaur Extremes Meet Catriona M.M.

MacDonald, 2009-10-30 On the cusp of memory and history the story of Scotland's twentieth century is contested territory international yet parochial prosperous yet ailing and passionate yet temperate This thematic account of Scotland's twentieth century examines the economic social political and cultural aspects that shaped the country during the period Catriona MacDonald underlines the tensions inherent in the life of a nation distinguished by stark changes and surprising continuities a fragmented identity a shifting and at times uneasy accommodation in the UK nation state and an ongoing engagement with globalising tendencies In identifying the choices ambitions possibilities and contradictions that Scotland experienced during a century of profound change she uncovers a country in which one can truly say extremes met *In Flanders Fields* Trevor Royle, 2012-01-27 This anthology is the first ever acknowledgement of Scotland's unique contribution to the literature of the First World War Here are gathered together well known writers like John Buchan Eric Linklater Hugh MacDiarmid and

Compton Mackenzie as well as poets like Joseph Lee and Roderick Watson Kerr who found their true voices fighting in a war to end wars There is also a substantial contribution from women writers in the work of Violet Jacob Naomi Mitchison and Mary Symon *Magnus Merriman, Etc* Eric Linklater,1950 *Road to Home Rule* Christopher Harvie,2019-07-30 An illustrated and highly entertaining history of the road to the establishment of Scotland's new parliament **Accounts and Papers of the House of Commons** Great Britain. Parliament. House of Commons,1874 London's Burning Antony Taylor,2012-01-26 From the early years of the nineteenth century cultural pessimists imagined in fiction the political forces that might bring about the destruction of London Periods of popular protest or radicalism have generated novels that consider the methods insurgents might use to terrorise the metropolis There has been a tendency to dismiss such writings as the lurid imaginings of pulp novelists but this book re-evaluates the contribution of popular fiction to the construction of the terrorist threat It analyses the high points for the production of such works and locates them in their cultural and historical context From the 1840s when a fear of Chartist insurgency was paramount in the minds of authors it moves through the anarchist thrillers of the 1890s considers writers' fears about Bolshevik revolution in the East End of the 1920s and 1930s explores fears of Fascism in the inter-war years and assesses the concerns with underground counter-culture that feature in the thriller literature of the 1970s It concludes with a re-evaluation of the metropolitan background to the figure of the Islamist terrorist *Auld Reekie* Ralph Lownie,2011-04-01 For centuries Edinburgh has inspired affection admiration and awe amongst visitors and residents alike and in this widely praised anthology Ralph Lownie draws on an expansive range of sources including speeches memoirs letters poems novels and journals to capture the unique spirit of Scotland's capital Alongside the set pieces familiar names and city landmarks the Porteous Riots Burke and Hare Deacon Brodie the Castle and Arthur's Seat are numerous less well known accounts of the city which cast fresh light on both the writer and topic Chesterton Betjeman J B Priestley Bront and Wordsworth for example are names not generally associated with the city but are featured here Auld Reekie showcases Edinburgh in all its beauty and historic worth but doesn't flinch from the less savoury side of its character including sections on the city in adversity and on its crime record This varied and absorbing collection will be treasured by all those who love Edinburgh *Scotland's Books* Robert Crawford,2009-01-30 From Treasure Island to Trainspotting Scotland's rich literary tradition has influenced writing across centuries and cultures far beyond its borders Here for the first time is a single volume presenting the glories of fifteen centuries of Scottish literature In *Scotland's Books* the much loved poet Robert Crawford tells the story of Scottish imaginative writing and its relationship to the country's history Stretching from the medieval masterpieces of St Columba's Iona the earliest surviving Scottish work to the energetic world of twenty-first century writing by authors such as Ali Smith and James Kelman this outstanding account traces the development of literature in Scotland and explores the cultural linguistic and literary heritage of the nation It includes extracts from the writing discussed to give a flavor of the original work and its new research ranges from specially

made translations of ancient poems to previously unpublished material from the Scottish Enlightenment and interviews with living writers Informative and readable this is the definitive single volume guide to the marvelous legacy of Scottish literature

Scotland Scotland. Comptroller-General of Internal Revenue,1874 **The Battle for Scotland** Andrew

Marr,2013-08-01 We may be about to see a new country indeed two new countries emerging on these islands Half a lifetime ago I sat down to write this book as a work of history As it s aged it s become current affairs Just twenty years ago it seemed impossible that Scotland would ever get home rule let alone full independence And even following a vote that did not result in Scottish independence there are still talks of a second referendum In *The Battle for Scotland* first published in 1992

Andrew Marr provides the historical backdrop to these extraordinary events He attempts to explain the deep sources of Scottish national feeling and the political will which brought us to this deeply uncertain time In a substantial introduction written before 2014 s referendum Marr considers the questions every voting Scot and every non voting UK citizen were asking themselves at the time **The Lion and the Unicorn** Eric Linklater,2021-10-12 Originally published in 1935 and

authored by a supporter of Scottish Nationalism this book ascribes many of Scotland s misfortunes in history to the sectarian wars and those of Edward I as well as the havoc wrought by the Industrial Revolution and the decay of Scotland s successive cultures Reduced to political impotence by the early 20th Century and severed from that contact with Europe which fostered its early culture the author feels its national life dwindled Many of the themes surrounding Scottish identity and independence are once again part of today s political debate *A Floating Commonwealth* Christopher Harvie,2008-03-27

This is a new portrait of society and identity in high industrial Britain focusing on the sea as connector not barrier It argues that the port cities and their hinterlands formed a floating commonwealth whose interaction with one another and with nationalist and imperial politics created an intense political and cultural synergy *The Saturday Review of Politics, Literature, Science, Art, and Finance* ,1934 ... [Return of Owners of Land, 1873](#) England. Local Government Board,1874

[The Saturday Review](#) ,1934 [Scotland](#) Paul Henderson Scott,2013-12-16 After more than 300 years of union with its larger and wealthier neighbour Scotland has the opportunity to be independent It is a chance that well known Scottish cultural and political commentator Paul Henderson Scott firmly believes should be taken In *Scotland A Creative Past An Independent Future* he looks to Scotland s vibrant literary and cultural heritage to envisage an independent nation Revisiting aspects of Scotland s political and cultural past from the Union of 1707 to literary figures including Robert Louis Stevenson and Alasdair Gray this is a passionate and eloquent exploration of Scotland s past and its potential future a future where national confidence culture and identity can flourish Scott s provocative book persuasively argues the case for Independence considering a variety of topics both historic and current cultural and political But in every case the benefits of Independence are clear Scotland has the opportunity to become more confident prosperous and contented an opportunity that even the most sceptical reader will be persuaded that they should take

Right here, we have countless book **Magnus Merriman** and collections to check out. We additionally find the money for variant types and afterward type of the books to browse. The satisfactory book, fiction, history, novel, scientific research, as well as various other sorts of books are readily straightforward here.
