*Mao's Last Revolution* Roderick MacFarquhar, Michael Schoenhals, 2006-08-18 The Cultural Revolution was a watershed event in the history of the People's Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao's Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China

*The Spirit of the Game* Mihir Bose, 2012-01-19 The spirit of the game was first nurtured on the playing fields of the English public school and in the pages of Tom Brown's School days this Corinthian spirit was then exported around the world The competitive spirit the importance of fairness the nobility of the gifted amateur seemed to sum up everything that was good about Britishness and the games they played Today sport is dominated by corruption money celebrity and players who are willing to dive in the box if it wins them a penalty Yet we still believe and talk about the game as if it had a higher moral purpose Since the age of Thomas Arnold Sport has been used to glorify dictatorships and was at the heart of cold war diplomacy Prime Ministers princes and presidents will do whatever they can to ensure that their country holds a major sporting tournament Nelson Mandela saw the victory of the Rugby World Cup as essential to his hopes for the Rainbow Nation Mihir Bose has lived his life around sport and in this book he tells the story of how Sport has lost its original spirit and how it has emerged in the 20th century to become the most powerful political tool in the world With examples and stories from around the world including how the sport hating Thomas Arnold became an icon how a German manufacturer gave Jessie Owens a pair of shoes at the Berlin games of 1936 and went on to dominate the world of sport how India stole cricket from the ICC how an Essex car dealer became the most powerful man in Formula 1 and who really sold football out Praise for Mihir Bose Mihir Bose is India's CLR James Simon Barnes The Times Mihir's insider knowledge is unsurpassed David Welch

Lam, 2017-08-18 Whilst the Chinese Communist Party is one of the most powerful political institutions in the world it is also one of the least understood due to the party's secrecy and tight control over the archives, the press and the Internet. Having governed the People's Republic of China for nearly 70 years, though much interest remains in how this quintessentially Leninist party governs one fifth of the world and runs the world's second largest economy. The Routledge Handbook of the Chinese Communist Party gives a comprehensive and multi-faceted picture of the party's traditions and values as well as its efforts to stay relevant in the twenty-first century. It uses a wealth of contemporary data and qualitative analysis to explore the intriguing relationship between the party on the one hand and the government, the legal and judicial establishment and the armed forces on the other. Tracing the influence of Marx, Engels, Lenin and Stalin as well as Mao Zedong on contemporary leaders ranging from Deng Xiaoping and Jiang Zemin to Hu Jintao and Xi Jinping, the sections cover the party's history and traditions, how the party works and seeks to remain relevant, major policy arenas, the CCP in the twenty-first century. The Routledge Handbook of the Chinese Communist Party will be of interest to students and scholars of Chinese Politics, Asian Politics, Political Parties and International Relations. [An Introduction to Behavioral Economics](#) Nick Wilkinson, Matthias Klaes, 2017-12-16 The third edition of this successful textbook is a comprehensive, rigorous survey of the major topics in the field of behavioral economics. Building on the strengths of the second edition, it offers an up-to-date and critical examination of the latest literature, research developments and debates in the field. Offering an interdisciplinary approach, the authors incorporate psychology, evolutionary biology and neuroscience into the discussions. And ultimately they consider what it means to be rational, why we so often indulge in irrational and self-harming behavior, and also why irrational behavior can sometimes serve us well. A perfect book for economics students studying behavioural economics at higher undergraduate level or Master's level. This new edition features extended material on heuristics and biases and new material on neuroeconomics and its applications. A wealth of new topical case studies such as voting behavior in Brexit and the Trump election and the current obesity epidemic. More examples and review questions to help cement understanding.

**Mao's Military Romanticism** Shu Guang Zhang, 1995 Zhang argues that war in Korea offered Mao yet another opportunity to expand and consolidate his political power at home while at the same time uniting the Chinese proletariat against Yankee imperialism and proving to the international community that China had arrived as a major world power.

*Two Suns in the Heavens* Sergey Radchenko, 2009 Using newly available archival sources, *Two Suns in the Heavens* examines the dramatic deterioration of relations between the USSR and China in the 1960s whereby once powerful allies became estranged, competitive and increasingly hostile neighbors. Sergey Radchenko's authoritative account of these years shows how the intrinsic inequality of the Sino-Soviet alliance, seen as entirely natural by the Russians but bitterly resented by the Chinese, resulted in its ultimate collapse. Through a careful and comprehensive investigation of policymaking in both Moscow and Beijing, Radchenko creates

a new framework for understanding the role of power struggle ideology personalities and culture in Sino Soviet relations

**Zhou Enlai** Gao Wenqian,2008-10-16 Zhou Enlai the premier of the People s Republic of China from 1949 until his death in 1976 is the last Communist political leader to be revered by the Chinese people He is considered a modern saint who offered protection to his people during the Cultural Revolution an admirable figure in an otherwise traumatic and bloody era Works about Zhou in China are heavily censored and every hint of criticism is removed so when Gao Wenqian first published this groundbreaking provocative biography in Hong Kong it was immediately banned in the People s Republic Using classified documents spirited out of China Gao Wenqian offers an objective human portrait of the real Zhou a man who lived his life at the heart of Chinese politics for fifty years who survived both the Long March and the Cultural Revolution not thanks to ideological or personal purity but because he was artful crafty and politically supple He may have had the looks of a matinee idol and Nixon may have called him the greatest statesman of our era but Zhou s greatest gift was to survive at almost any price thanks to his acute understanding of where political power resided at any one time Revolutionary Monsters Donald T. Porter,1997-01-01 The young George Hatem journeyed to Shanghai in 1933 to practice medicine and see the sights The deplorable health and social conditions he found there caused his sympathies to veer quickly to the revolutionary efforts of the Chinese Communist party and before long he joined the underground Party members in conspiratorial meetings and activities In 1936 he left Shanghai on a secret Province after completing the Long March For the next 14 years Hatem served the Communist troops as physician and adviser He took the name Ma Haide and became the first foreigner admitted into China s Communist Party After the Communist victory in 1949 he became the first foreigner granted citizenship in the People s Republic Over the next 40 years his reputation grew as one of the leading public health physicians in the world Until his death in 1988 he showed absolute allegiance to the Party Few foreigners have been accepted into Chinese society as readily as he and certainly none have had such intimate access to 20th century China s most powerful figures **Image, Perception, and the Making of**

**U.S.-China Relations** Hongshan Li,Zhaohui Hong,1998 Image Perception and the Making of U S China Relations examines major events in the history of the relationship between the U S and China to show the development and effects of national images and perceptions These essays expose the effects of ideology as represented through foreign policy and the actions of leaders as well as the role of the media and governments in shaping public opinion and attitudes They show the evolution of the influential forces from the nineteenth century through the twentieth century In each country a small group of people has always controlled these forces by manipulating the power of the media and governments The nature of this situation changed national perceptions as power often moved from one small group to another As a result of manipulating the images and perceptions of each country these biased and untrue views have inevitably led to conflict between the two countries
