of Orleans Judah Philip Benjamin, Thomas Slidell, 1834 **Seneca's Tragedies and the Aesthetics of Pantomime** Alessandra Zanobi, 2014-01-30 Pantomime was arguably the most popular dramatic genre during the Roman Empire but has been relatively neglected by literary critics Seneca's Tragedies and the Aesthetics of Pantomime adds to our understanding of Seneca's tragic art by demonstrating that elements which have long puzzled scholars can be attributed to the influence of pantomime The work argues that certain formal features which depart from the conventions of fifth century Attic drama can be explained by the influence of and interaction with this more popular genre The work includes a detailed and systematic

analysis of the specific pantomime inspired features of Seneca's tragedies the loose dramatic structure the presence of running commentaries minute descriptions of characters undergoing emotional strains or performing specific actions of monologues of self analysis and of narrative set pieces Relevant to the culture of Roman imperial culture more generally Seneca's Tragedies and the Aesthetics of Pantomime includes an outline of the general features of pantomime as a genre The work shows that the influence of sub literary genres such as pantomime and mime the sister art of pantomime can be traced in several Roman writers whose literary production was antecedent or contemporary with Seneca's Furthermore the work sheds light on the interaction between sub literary genres of a performative nature such as mime and pantomime and more literary ones an aspect of Latin culture which previous scholarship has tended to overlook Seneca's Tragedies and the Aesthetics of Pantomime provides an original contribution to the understanding of the impact of pantomime on Roman literary culture and of controversial and little understood features of Senecan tragedies **Religion, Ethnicity, and**

Identity in Ancient Galilee Jürgen Zangenberg, Harold W. Attridge, Dale B. Martin, 2007 What is a Galilean What were the criteria of defining a person as a Galilean archaeologically or with respect to literary sources such as Josephus or the rabbis What role did religion play in the process of identity formation Twenty two articles based on papers read at conferences at Cambridge Wuppertal and Yale by experts from 7 countries shed light on a complex region the pivotal geographic and cultural context of both earliest Christianity and rabbinic Judaism In these papers ancient Galilee emerges as a dynamic region of continuous change in which religion ethnicity and identity were not static monoliths but had to be negotiated in the context of a multiform environment subject to different influences **The Fragility of Power** Stefano

Rebeggiani, 2018-09-10 Statius narrative of the fraternal strife of the Theban brothers Eteocles and Polyneices has had a profound influence on Western literature and fascinated generations of scholars and readers This book studies in detail the poem's view of power and its interaction with historical contexts Written under Domitian and in the aftermath of the civil war of 69 CE the Thebaid uses the veil of myth to reflect on the political reality of imperial Rome The poem offers its contemporary readers including the emperor a cautionary tale of kingship and power Rooted in a pessimistic view of human beings and human relationships the Thebaid reflects on the harsh necessity of monarchical power as the only antidote to a world always on the verge of returning to chaos While humans and especially kings are fragile and often the prey of irrational passions the Thebaid expresses the hope that an illuminated sovereign endowed with clementia mercy may offer a solution to the political crisis of the Roman empire Statius narrative also responds to Domitian's problematic interaction with the emperor Nero whom Domitian regarded as both a negative model and a secret source of inspiration With The Fragility of Power Stefano Rebeggiani offers thoughtful parallels between the actions of the Thebaid and the intellectual activities and political views formulated by the groups of Roman aristocrats who survived Nero's repression He argues that the poem draws inspiration from an initial phase in Domitian's regime characterized by a positive relationship between the emperor

and the Roman elite Statius creates a number of innovative strategies to negotiate elements of continuity between Domitian and Nero so as to show that while Domitian recuperated aspects of Nero's self presentation he was no second Nero Statius poem interacts with aspects of imperial ideology under Domitian Statius allusions to the stories of Phaethon and Hercules engage Domitian's use of solar symbols and his association with Hercules This book also shows that the Thebaid adapts previous texts in particular Lucan's *Bellum Civile* in order to connect the mythical subject of its narrative with the historical experience of civil war in Rome in 69 CE By moving past recent solely aesthetic readings of the Thebaid The Fragility of Power offers a serious and thoughtful addition to the recent scholarship in Statian studies

Rome Against Caratacus Graham Webster, 2019-05-20 The Roman Conquest of Britain in AD 43 was one of the most important turning points in the history of the British Isles It left a legacy still discernible today in the form of archaeological remain road networks land divisions and even language In his much acclaimed trilogy now up dated and revised Dr Webster builds up a fascinating and lively picture of Britain in the first century AD and discussed in detail the various types of evidence and the theories based upon it Caratacus last stand against the Romans has a central place in the folklore of the Welsh Marches where many a hill is claimed to be the site of the famous battle But as Graham Webster shows this epic encounter was not only real history but also part of an intricate ten year series of campaigns conducted after the initial conquest of Britain By interpreting the ancient historical accounts and piecing together the masses of archaeological evidence Dr Webster has brilliantly reconstructed this central period of the Claudian Conquest of Britain and its immediate aftermath

Burial and Memorial in Late Antiquity, 2024-10-02 Burial and Memorial explores funerary and commemorative archaeology AD 284-650 across the late antique world This second volume includes papers exploring all aspects of funerary archaeology from scientific samples in graves to grave goods and tomb robbing and a bibliographic essay It brings into focus neglected regions not usually considered by funerary archaeologists in NW Europe such as the Levant where burial archaeology is rich in grave good to Sicily and Sardinia where post mortem offerings and burial manipulations are well attested We also hear from excavations in Britain from Canterbury and London and see astonishing fruits from the application of science to graves recently excavated in Trier

The Domus Aurea and the Roman Architectural Revolution Larry F. Ball, 2003-09-11 Nero's palace the Domus Aurea Golden House is the most influential known building in the history of Roman architecture It has been incompletely studied and poorly understood ever since its most important sections were excavated in the 1930s In this book Larry Ball provides systematic investigation of the Domus Aurea including a comprehensive analysis of the masonry the design and the abundant ancient literary evidence

Highlighting the revolutionary innovations of the Domus Aurea Ball also outlines their wide ranging implications for the later development of Roman concrete architecture Antonio Pietrangeli, The Director of Women Emma Katherine Van Ness, 2020-04-30 One of the founding fathers of neorealism in the postwar period in Italy Antonio Pietrangeli went on to focus his lens upon the female subject Eight of his ten full length films feature female protagonists This study seeks to better understand both his achievements and his failings as a feminist auteur as well as analyse his films by applying new critical and theoretical approaches Pietrangeli s representations of women struggling with questions of identity was a revolutionary act in the 1950s and 1960s The book makes a case why we should recuperate these films today since the standards for representing women in film continue to fall behind the reality of women s lives off screen **Chilton's Repair and Tune-up Guide: Fiat 2** Chilton Book Company.
