Ornament And Object:

Ornament and Class Gary Huafan He, 2025-03-13 This groundbreaking study examines the intricate relationship between the rise of the nineteenth century bourgeoisie and the emergence of modern architecture exploring this connection through major intellectual and theoretical works while also analyzing their tangible manifestations in buildings and architectural projects Contrary to received narratives that describe the birth of modern architecture as primarily an aesthetic movement Ornament and Class argues that the social and political maturation of the European bourgeoisie as a distinct yet heterogeneous group influenced modern attitudes toward architecture at every level Bringing architecture into conversation with recent histories of the bourgeoisie in the social sciences the book considers how architecture was used as a tool to separate the modern bourgeoisie from the aristocratic and clerical forces above and the working classes below It explores how architects clients planners and administrators grappled with and dealt with ornament architecture and modernity from within the new realities of urban and global capitalism and shows how these realities serve as pedagogical touchstones that remain with us today Historians architecture scholars and students interested in modern architecture aesthetics and European history especially those focusing on the interplay between modern architecture and social development will find this book an invaluable resource

Ornamentation Anne Anlin Cheng, 2018-12-18 Ornamentation offers one of the first sustained and original theories of Asiatic femininity Examining ornamentality in lieu of Orientalism as a way to understand the representation circulation and ontology of Asiatic femininity this study extends our vocabulary about the woman of color beyond the usual platitudes about objectification

Enchanted Objects Allan Hepburn, 2010-01-01 Enchanted Objects investigates the relationship between visual art and contemporary fiction addressing the problems that arise when paintings deluxe books porcelains or statues are represented in contemporary novels The distinction between objects and art objects depends on aesthetics While some objects are authenticated through museum exhibits others are hidden broken neglected coveted hoarded or salvaged Allan Hepburn asks four broad questions about aesthetics and value What is a detail in visual art Is all art ornamental Does the value of an object increase because it is fragile What defines ugliness Contemporary novels such as Tracy Chevalier's *Girl with a Pearl Earring* Barry Unsworth's *Stone Virgin* and Bruce Chatwin's *Utz* offer implicit answers to these questions while critiquing museums and the determination to invest objects with value through display Addressing current debates in museum studies cultural studies art history and literary criticism Enchanted Objects develops an extensive theory of how contemporary literature engages with and relates to aesthetic objects

Intermedialities Davide Panagia, 2024-07-15 Understanding democracy through film philosophy and political theory Shining new light on our understanding of cinema's ways of political thinking *Intermedialities Political Theory and Cinematic Experience* puts modern

political theory in conversation with the philosophy of film Davide Panagia argues that there are no natural laws of association that can guarantee a template for democratic participation as democracy is predicated not on stabilizing foundations but rather on the formation of expansive collectivities and institutions that are responsive to alterability Instead democracy requires a relational ontology one that he elucidates by turning to philosophers of film like Stanley Cavell Gilles Deleuze Miriam Hansen and Jean Luc Godard all of whom have articulated a political aesthetic of cinematic experience that is at once aspectual and compositional Panagia reads these thinkers alongside a countertradition of modern political thought represented by David Hume Ludwig Wittgenstein and Gilbert Simondon His articulation of cinematic experience thus allows for a political aesthetic that is rooted in the migratory realities of undetermined relations **Decoration** Emily

Abruzzo,Jonathan D. Solomon,2006-09-14 With *Decoration* the long running architecture journal 306090 enters a new era as it evolves into full color book format In this milestone volumemixing contemporary building projects with commentary and criticism from across the ideological spectrum as well as interviews studio profiles and student work306090 takes on one of the very last taboos of contemporary architecture decoration Daring to discuss a phenomenon that surrounds us but has been quietly ignored or dismissed by theorists and critics in the better part of the twentieth century *Decoration* addresses emerging trends in design planning landscape and education Contributors to this landmark installment include Jesse Reiser Kent Bloomer Kengo Kuma Nina Rappaport and Meredith Warner *Ornament, Fantasy, and Desire in Nineteenth-Century French Literature* Rae Beth Gordon,2014-07-14 In this examination of the role of ornament in nineteenth century French literature Rae Beth Gordon shows that ornament far from being a simple accessory raises problems that are at the very heart of aesthetic experience limits and their transgression illusion and seduction pleasure and tension harmony and confusion excess and marginality After placing texts by Nerval Gautier Mallarm Huysmans and Rachilde within the context of the history and techniques of the decorative arts she reveals in these works the powerful role played by decorative figurations of syntax diction and composition Gordon s detailed textual analyses yield spatial parallels with specific ornamental configurations interlace arabesque decorative frame horror vacui trompe l oeil These patterns are then studied in relation to a dynamics of desire Ornament taken as the site of desire and illuminated by the theories of Charcot Clrambault Freud Winnicott and Lacan highlights important differences between romanticism symbolism and decadence Not only does the author relate ornament to artistic representations of the sublime the grotesque and hysteria but she also reveals that the function of ornament in literature anticipated psychiatric and aesthetic research on decorative form in the fin de sicle Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books

published by Princeton University Press since its founding in 1905 **From Ornament to Object** Alina Alexandra Payne, 2012 In the late 19th century a centuries old preference for highly ornamented architecture gave way to a budding Modernism of clean lines and unadorned surfaces At the same moment everyday objects cups saucers chairs and tables began to receive critical attention Alina Payne addresses this shift arguing for a new understanding of the genealogy of architectural modernism rather than the well known story in which an absorption of technology and mass production created a radical aesthetic that broke decisively with the past Payne argues for a more gradual shift as the eloquence of architectural ornamentation was taken on by objects of daily use As she demonstrates the work of Adolf Loos and Le Corbusier should be seen as the culmination of a conversation about ornament dating as far back as the Renaissance Payne looks beyond the usual suspects of philosophy and science to establish theoretical catalysts for the shift from ornament to object in the varied fields of anthropology and ethnology art history and the museum and archaeology and psychology Publisher's description

The Grammar of Ornament Owen Jones, 2016-07-26 A complete and unabridged full color edition of the classic sourcebook on ornamental design First published in 1856 The Grammar of Ornament remains a design classic Its inspiration came from pioneering British architect and designer Owen Jones 1809-1874 who produced a comprehensive design treatise for the machine age lavishly illustrated in vivid chromolithographic color Jones made detailed observations of decorative arts on his travels in Europe the Middle East and in his native London where he studied objects on display at the Great Exhibition of the Works of Industry of All Nations in 1851 and at local museums His aim was to improve the quality of Western design by changing the habits of Victorian designers who indiscriminately mixed elements from a wide variety of sources Jones's resulting study is a comprehensive analysis of styles of ornamental design presenting key examples ranging from Maori tattoos Egyptian columns and Greek borders to Byzantine mosaic Indian embroidery and Elizabethan carvings At once splendidly Victorian and insistently modern The Grammar of Ornament celebrates objects of beauty from across time periods and continents and remains an indispensable sourcebook today *Form in Gothic* Wilhelm Worringer, 1927 Reports New
