Pan Am Gone But Not Forgotten:

"Our Final Chapter" Rev. Dr. Miriam Lopez, 2010-12-08 On December 4 1991 one of the most famous airlines in aviation history ceased operation The famous blue and white logo was grounded After pioneering most of the worlds air routes that are in use today and introducing the travelling public to a variety of new aircraft as well as introducing the world to the jet age the worlds most experienced airline succumbed to the financial and regulatory pressures of the airline industry in this new age The following stories will recount some of the many experiences these employees faced in adjusting to life without Pan Am To this day the public cannot understand how these thousands of employees remain as close as family wherever they are in the world On the following pages many of the terrible predicaments that these employees faced will be recounted Some are humorous some are sad and many show the resilience of the Pan Am family when faced with a crisis Gone but Not Forgotten Alan Phillips, 2017-09-16 The British airliners we see today in our airports are the result of numerous takeovers and mergers involving large and small companies This book covers some of these airlines that have ceased operating since 1946 some collapsed because of financial difficulties some were taken over by larger airlines and some ceased operating altogether In post war Britain several small airlines were founded and equipped with surplus military aircraft the most popular being the Douglas Dakota The book is a guide to each airline accompanied by a brief historical account and interesting images of the aircraft in their distinctive colour schemes The airlines covered are a selection of large and small aircraft who flew international and regional routes as well as airlines involved in inclusive tours business

Airborne Dreams Christine R. Yano, 2011-01-25 An account of Pan Ams Nisei stewardess program 1955 1972 through which the airline hired Japanese American and later other Asian and Asian American stewardesses ostensibly for their Asian language skills *Great American Hoteliers* Stanley Turkel, 2009-09-16 During the thirty years prior to the Civil War Americans built hotels larger and more ostentatious than any in the rest of the world These hotels were inextricably intertwined with American culture and customs but were accessible to average citizens As Jefferson Williamson wrote in *The American Hotel* Knopf 1930 hotels were perhaps the most distinctively American of all our institutions for they were nourished and brought to flower solely in American soil and borrowed practically nothing from abroad Development of hotels was stimulated by the confluence of travel tourism and transportation In 1869 the transcontinental railroad engendered hotels by Henry Flagler Fred Harvey George Pullman and Henry Plant The Lincoln Highway and the Interstate Highway System triggered hotel development by Carl Fisher Ellsworth Statler Kemmons Wilson and Howard Johnson The airplane stimulated Juan Trippe John Bowman Conrad Hilton Ernest Henderson A M Sonnabend and John Hammons My research into the lives of these great hoteliers reveals that none of them grew up in the hospitality business but became successful through their intense on the job experiences My investigation has uncovered remarkable and startling true stories about these pioneers some of whom are well known and others who are lost in the dustbin of history **Managing Hispanic and**

Latino Employees Louis Nevaer, 2010-01-11 The first book on supporting and developing Hispanic employees in any organization Identifies three overarching concepts that shape Hispanic culture and explores how they influence workplace behavior and expectations Written by a distinguished Hispanic author and authority on Hispanic economic behavior Hispanics are the largest minority group and the fastest growing demographic in the United States they are already 15% of the population and 22% of the workforce and it is estimated that by 2050 those numbers will go up to 36% and 55% In this much needed new book Louis Naevar helps non Hispanic employers and colleagues understand how Hispanics see the business world and the world in general so they can better support and develop this dynamic group of workers Drawing on his own ethnic background and years of experience as director of the organization Hispanic Economics Nevaer identifies three concepts that shape Hispanic culture and often result in behaviors and beliefs very different than and sometimes seemingly at odds with those of non Hispanics He explores subtle nuances within the Hispanic community which is no more monolithic than the European community that will help employers appreciate differences and tensions between Hispanic workers With this as an overarching framework and using a wealth of specific examples Nevaer shows how to develop Hispanic friendly approaches in every aspect of the modern workplace from recruitment retention and evaluation to training mentoring and labor relations As Hispanics become an ever larger segment of the workforce organizations who fail to make them feel welcome and valued risk losing access to a significant source of talent and innovation not to mention a connection to a major evolving market Managing Hispanic and Latino Employees is an invaluable resource for creating an environment where Hispanic workers feel comfortable recognized and rewarded
