Quebecois Dream:

A Québécois Dream Victor Lévy Beaulieu, 1978 *The Dream of Nation* Susan Mann, 2002 A synthesis of Quebec history from New France to the first referendum on sovereignty in 1980 **René Lévesque and the Parti Québécois in Power** Graham Fraser, 2001 A biography of one of the most charismatic politicians that Quebec and Canada has ever known Graham Fraser paints a vivid portrait of one of the most dynamic political figures of the 20th century René Levesque describes the origins of the Parti Quebecois and gives a graphic account of key events that still resonate in Canadian political life Quebec s language law the 1980 referendum and the patriation of the constitution This second edition contains a new preface in which Fraser completes the story of the last months of the Parti Quebecois government and the period leading up to Levesque s death in 1987 detailing how Levesque s leadership continues to mark his successors Quebec Identity Jocelyn Maclure, 2003 In *Quebec Identity* Jocelyn Maclure provides a critical reflection on the ways in which Quebec s identity has been articulated since the 1960s Quiet Revolution He shows how neither the melancholic nationalism of the Montreal school Hubert Aquin Pierre Vallières Fernand Dumont and their followers nor the individualist antinationalism of Pierre Trudeau and his followers provide identity stories and political projects adequate for contemporary Quebec In articulating an alternative narrative Maclure reframes the debate detaching the question of Quebec s identity from the question of sovereignty versus federalism and linking it closely to Quebec s cultural diversity and to the consolidation of its democratic sphere In so doing he rethinks the conditions of authenticity leaves space for First Nations self determination and takes account of globalization This edition has been expanded for English Canadians with additional references as well as a glossary of names institutions and concepts **Mindscapes of Montreal** Ceri Morgan, 2012-10-15 This innovative study of the Montreal novel in French looks at how imaginary and material landscapes come together to produce a city of neighbourhoods **Liberal and Illiberal Nationalisms** R. Taras, 2002-07-05 How people construct their idea of home influences the types of nationalisms that emerge in various parts of the world These nationalisms can be inclusive or exclusionary tolerant or intolerant peaceful or violent In this important new book Ray Taras provides a comprehensive analysis of the history and study of nationalism He describes what happens when home is defined as empire Russia and India secessionist state KwaZulu and Quebec unational Volkstaat Germany and Israel or transnational community Islam and anti Americanism Finally he explores the idea that the mantra of multiculturalism has fuelled conflicts over what home is and generates divisions within and between communities *Identities in North America* , 1995-02 This wide ranging inquiry into the socio cultural forces that define the three nations of North America seeks out ways in which the countries can become more comfortable with their collective future on the continent **Contemporary Quebec** Michael D. Behiels, Matthew Hayday, 2011-11-30 In the last seventy years Quebec has changed from a society dominated by the social edicts of the Catholic Church and the economic interests of anglophone business leaders to a more secular culture that frequently elects separatist political parties and has developed

the most comprehensive welfare state in North America In Contemporary Quebec leading scholars raise provocative questions about the ways in which Quebec has been transformed since the Second World War and offer competing interpretations of the reasons for the province's quiet and radical revolutions *The German Prisoner* James Hanley, 2006 Brilliant in its stark depiction of trench warfare in World War I this lost classic was privately printed in a limited edition in 1930 British censors initially suppressed the short novel because of its tough antiwar views and sympathetic portrayals of German soldiers and even today's readers may be unprepared for its scenes of horrific battlefield carnage and men driven to madness by relentless psychological stress Providing a new view of an underappreciated Canadian author the book also stands as a fascinating addition to the comparatively small shelf of literature by writers who fought in the Great War

Home Is the Hunter Hans M. Carlson, 2009-05-01 The James Bay Cree lived in relative isolation until 1970 when Northern Quebec was swept up in the political and cultural changes of the Quiet Revolution The ensuing years have brought immense change for the Cree who now live with the consequences of Quebec's massive development of hydroelectricity timber and mineral resources in the North Home Is the Hunter presents the historical environmental and cultural context from which this recent story grows Hans Carlson shows how the Cree view their lands as their home their garden and their memory of themselves as a people By investigating the Cree's relationship with the land and their three hundred years of contact with outsiders the author illuminates the process of cultural negotiation at the foundation of ongoing political and environmental debates This book is more than a story of dam building and industrial logging in northern Quebec It offers a way of thinking about indigenous peoples' struggles for rights and environmental justice in Canada and elsewhere **Take**

One's Essential Guide to Canadian Film Wyndham Wise, 2001-01-01 The most exhaustive and up to date reference book on Canadian film and filmmakers combining 700 reviews and biographical listings with a detailed chronology of major events in Canadian film and television history **Beyond the Impasse** Institute for Research on Public Policy, 1998 Efforts to

reform the Canadian constitution have only resulted in a serious impasse fostered by demands for change from Quebec and reticence from English Canada This book looks at the potential for achieving reconciliation through a new partnership between Quebec and Canada in a series of papers that examine the stakes for both Canada and Quebec in opting for a modified relationship that is neither the status quo nor complete separation Two papers in part 1 lay the conceptual groundwork concerning the constituent elements of partnership Papers in part 2 deal with the economic union in the context of a renewed partnership Four papers in part 3 examine issues concerning rights recognition and citizenship in a Quebec Canada partnership Part 5 broadens the discussion to the international arena and includes a comparative international scan of partnership models The final part distills the two editors' separate conclusions on how to move beyond the impasse based on the studies presented **A Reader's Guide to Québec Studies** André Senécal, 1999 Canadian Dreams and

American Control Manjunath Pendakur, 1990 A history of the Canadian film industry from its inception to 1980s providing a

chronological record of the conflicting priorities between American capital which seeks to shape the Canadian film industry to its own image and Canada's stated goal which is to serve the Canadian people with films autonomously conceived, produced and exhibited. *The Routledge Handbook of Translation and Sociology* Sergey Tyulenev, Wenyan Luo, 2024-11-13

The Routledge Handbook of Translation and Sociology is the first encyclopaedic presentation of the research into social aspects of translation and interpreting. It consists of thirty-five chapters contributed by forty experts in their respective fields of the sociology of translation. The Handbook traces the evolution of research into social aspects of translation and interpreting, explains the basics of the sociology of translation, offers an insight into studies of translation within sociology, shows the place translation and interpreting occupies among social functional systems and its interactions with social forces and practices. With global coverage spanning all inhabited continents, the Handbook examines translational practices across diverse cultures and historical periods from ancient origins to modern professional practices. Suitable for both undergraduate and postgraduate students of translation and interpreting as well as researchers in the sociology of translation, the Handbook furnishes readers with a comprehensive understanding of the field. It offers a thorough exploration of the current state of the sociology of translation and suggests avenues for further research. *Canadian National Cinema* Christopher E. Gittings, 2002

This book traces the inscription of nation across Canada's film history from early films of colonisation and white settlement to contemporary Canada's diverse multicultural output. **Making Public Pasts** Alan Gordon, 2001-10-24

Gordon shows that while individual memory is crucial to establishing and maintaining identity, public memory is contested terrain. Official customs and traditions, monuments, historic sites and the celebration of anniversaries and festivals serve to order individual and collective perceptions of the past. Public memory is therefore the product of competitions and ideas about the past that are fashioned in a public sphere and speak primarily about structures of power. It conscripts historical events in a bid to guide shared memories into a coherent narrative that helps individuals negotiate their place in broader collective identities. The contest over public memories involves an exclusiveness that packages others according to the ideological preferences of the dominant cultures. Gordon shows that in Montreal, ethnic class and gender voices strove to stake their own claims to legitimacy. Rather than acknowledging a single past, Montreal's many publics made and celebrated many public memories. *The Other Quebec* John Irvine Little, 2006-01-01

The Other Quebec explores some of the complex ways that religious institutions and beliefs affected the rural societies in which the majority of Canadians still lived in the nineteenth century. *Recent Social Trends in Quebec, 1960-1990* Simon Langlois, Baillargeon, 1992-02-05

Readers will follow an intense period of social change in Quebec during which there was a remarkable increase in the level of modernization. They will note a massive entry of women into the labour force and a growing service sector that now constitutes seventy percent of all economic activity. They will observe also that the Quebecois have dramatically increased their television viewing and that while they express a generally high level of satisfaction with life, the Quebecois must contend

with escalating crime and suicide rates
