a literature springing from the selfsame root as the literature of Germany and cultivated in the beginning by the same Saxon race As a German Saxon it gave me particular pleasure to promote the literary interest of my Anglo Saxon cousins by rendering English literature as universally known as possible beyond the limits of the British Empire In another place Baron Tauchnitz describes the mission of his Collection to be the spreading and strengthening the love for English literature outside of England and her Colonies      **Coöperative Bulletin of the Providence Libraries ...** Joseph Le Roy Harrison,1900      ...
