Select Statutes and Other Constitutional Documents Illustrative of the Reigns of Elizabeth and James I George Walter Prothero, 1894 Emily Wilde's Compendium of Lost Tales Heather Fawcett, 2025-02-11 NEW YORK TIMES BESTSELLER The third installment in the heartwarming and enchanting Emily Wilde series about a curmudgeonly scholar of folklore and the fae prince she loves Emily Wilde has spent her life studying faeries A renowned dryadologist she has

documented hundreds of species of Folk in her Encyclopaedia of Faeries Now she is about to embark on her most dangerous academic project yet studying the inner workings of a faerie realm as its queen Along with her former academic rival now fianc the dashing and mercurial Wendell Bambleby Emily is immediately thrust into the deadly intrigues of Faerie as the two of them seize the throne of Wendell's long lost kingdom which Emily finds a beautiful nightmare filled with scholarly treasures Emily has been obsessed with faerie stories her entire life but at first she feels as ill suited to Faerie as she did to the mortal world How can an unassuming scholar such as herself pass for a queen Yet there is little time to settle in for Wendell's murderous stepmother has placed a deadly curse upon the land before vanishing without a trace It will take all of Wendell's magic and Emily's knowledge of stories to unravel the mystery before they lose everything they hold dear Book Three of the Emily Wilde Series Don t miss any of Heather Fawcett's charming Emily Wilde series EMILY WILDE S ENCYCLOPAEDIA OF FAERIES EMILY WILDE S MAP OF THE OTHERLANDS EMILY WILDE S COMPENDIUM OF LOST TALES The Law Reports Great Britain. High Court of Justice. Queen's Bench Division (1880-1901),1917 Other Realms Peter John Boyce, 2008 Canada Australia and New Zealand inherited and adapted a monarchical framework of government even in the absence of a resident monarch Although steady transfer of the royal prerogative to a popularly elected executive has enabled these three former dominions to be sometimes described as crowned republics or disguised republics there was no popular drive to abandon monarchy until the 1990s and even then the republican cause was based largely on issues of symbolism and national identity than on perceived core weaknesses in the political system This book traces the long and sometimes subtle process of localising monarchy in the vice regal office from the mid twentieth century onwards and compares the powers and functions of the Queen's surrogates with each other and with those of the monarch herself including their recourse to the so called reserve powers Among the key questions posed in this comparative study are Can the current monarchical system be refined to the point of countering republican sentiment Why has the republican argument gained more momentum in Australia than in Canada or New Zealand Can a republican model retain residual monarchic elements What is likely to be the lasting legacy of the Crown in these three strikingly similar political cultures The author's underlying loyalties are neither firmly monarchist nor firmly republican. He is convinced however that the combined effects of a strong sense of national identity and an increasingly presidential style of political leadership within these three Westminster derived systems make it difficult for contemporary governors general or their state and provincial colleagues to fulfil two of their key roles to unite and inspire the people on the one hand and to be a credible constitutional watchdog on Lives of the Queens of England, from the Norman Conquest Agnes Strickland, 1882 the other The Armoury ,1879
