Queen Christina of Sweden and her Circle Susanna Åkerman, 1991-07-01 The life and works of Queen Christina of Sweden 1626 1689 have often been obscured behind a haze of lurid myths and legends This book looks again at her notorious abdication of 1654 seeing it against the background of her reputation as a libertine a heterodox religious thinker Her subsequent conversion to Catholicism is therefore understood as a consequence of messianic and millenarian expectations during those turbulent years and her bizarre attempt in 1657 to become the ruler of Naples is revealed to be the political wing of a comprehensive religious and intellectual philosophy *Queen Christina* Georgina Masson, 1974 This is a biography of Kristina of Sweden who would have preferred to have been a man and in reality behaved like one who loved power but had to abdicate the Swedish throne Nevertheless she never ceased for a moment to be royal The author recounts her life in 17th century Sweden and later in Rome Publisher *Memoirs of Christina, Queen of Sweden* Henry

Woodhead, 1863 **Queen Christina** Marcia Landy, Amy Villarejo, 2019-07-25 Each volume in the BFI Film Classics series features a brief production history detailed filmography notes and bibliography This text explores MGM's 1933 production of *Queen Christina* starring Greta Garbo from a feminist perspective The authors explore the role of Christina who fleeing an arranged marriage is forced to disguise herself as a man They read the film partly from a lesbian perspective as well as looking at other ways in which gender and power impose contradictory pressures **Figuring a Queen** Camilla Eleonora Kandare, 2009 *Queen Christina of Sweden. Documents and studies. Edited by M. von Platen. [With illustrations, including portraits.]* Magnus von Platen, 1966

Royal Portraits in Hollywood Elizabeth Ford, 2009-06-26 In the history of cinema many film genres have gained and lost popularity with the changing times but one has maintained its supreme reign the royal biopic In *Royal Portraits in Hollywood*

Filming the Lives of Queens authors Elizabeth A Ford and Deborah C Mitchell follow the lives of historical queens as depicted on film from the 1930s to the present Women as diverse as Catherine the Great Cleopatra Mary Stuart and Marie Antoinette have been represented on the silver screen dominating the masculine world of politics while maintaining their femininity During the golden age of American film these roles gave Hollywood a means of portraying powerful women without threatening the patriarchal social order Depictions of the lives of queens have progressed from idealized and romanticized portraits to the more personal complex portrayals of modern Hollywood By walking the line between fact and fiction these royal portraits of queens reveal just as much about our society as they do about the historical periods they represent Audiences are drawn to the theaters year after year because the lives of queens promise good drama and attract some of the most talented actresses The success of Hollywood's leading ladies in playing queens further solidifies the link between Hollywood royalty and authentic royalty Actresses such as Bette Davis Judy Dench Helen Mirren Elizabeth Taylor and Greta Garbo have done more than influence the way we imagine historical queens they also have changed how we perceive women in powerful positions today Royal Portraits in Hollywood analyzes seventy five years of films about queens as well as the lives of the actresses who starred in them Combining biographical sketches and excerpts from letters and journals Ford and Mitchell show how filmmaking and our society's perceptions of gender have changed The authors compare Hollywood's on screen portrayals to the historical records often drawing connections to the actresses careers and personal lives This comprehensive analysis provides a more complete picture of the lives that take place behind the thrones both real and fictional The spectacle of a woman dressed in the full regalia of power remains a compelling image in our society Hollywood actresses and the queens they portray are women who wield power and by examining the lives of these women the authors reveal not only society's perceptions about female power but also how those perceptions continue to evolve Girls Will Be Boys Laura Horak, 2016-02-26 2016 Choice Outstanding Academic Title Finalist for 2016 Richard Wall Memorial Award by the Theatre Library Long listed for the 2017 Kraszna Krausz Best Photography Book Award from the Kraszna Krausz Foundation Marlene Dietrich Greta Garbo and Katharine Hepburn all made lasting impressions with the cinematic cross dressing they performed onscreen What few modern viewers realize however is that these seemingly daring performances of the 1930s actually came at the tail end of a long wave of gender bending films that included more than 400 movies featuring women dressed as men Laura Horak spent a decade scouring film archives worldwide looking at American films made between 1908 and 1934 and what she discovered could revolutionize our understanding of gender roles in the early twentieth century Questioning the assumption that cross dressing women were automatically viewed as transgressive she finds that these figures were popularly regarded as wholesome and regularly appeared onscreen in the 1910s thus lending greater respectability to the fledgling film industry Horak also explores how and why this perception of cross dressed women began to change in the 1920s and early 1930s examining how cinema played a pivotal part in the representation of lesbian identity Girls Will Be

Boys excavates a rich history of gender bending film roles enabling readers to appreciate the wide array of masculinities that these actresses performed from sentimental boyhood to rugged virility to gentlemanly refinement Taking us on a guided tour through a treasure trove of vintage images *Girls Will Be Boys* helps us view the histories of gender sexuality and film through fresh eyes

Landscape and the Visual Hermeneutics of Place, 1500-1700 Karl A.E. Enenkel, Walter Melion, 2020-12-29 This volume examines the image based methods of interpretation that pictorial and literary landscapists employed between 1500 and 1700 The seventeen essays ask how landscape construed as the description of place in image and or text more than merely inviting close viewing was often seen to call for interpretation or better for the application of a method or principle of interpretation Contributors Boudewijn Bakker William M Barton Stijn Bussels

Reindert Falkenburg Margaret Goehring Andrew Hui Sarah McPhee Luke Morgan Shelley Perlove Kathleen P Long Lukas Reddemann Denis Ribouillault Paul J Smith Troy Tower and Michel Weemans **The Queen's Soprano** Carol Dines, 2006 A powerful historical novel about a seventeen year old girl who would sacrifice everything in order to be free to sing Ideal Beauty Lois W. Banner, 2023-09-15 One of the silver screen's greatest beauties Greta Garbo was also one of its most profound enigmas A star in both silent pictures and talkies Garbo kept viewers riveted with understated performances that suggested deep melancholy and strong desires roiling just under the surface And offscreen the intensely private Garbo was perhaps even more mysterious and alluring as her retirement from Hollywood at age thirty six only fueled the public's fascination Ideal Beauty reveals the woman behind the mystique a woman who overcame an impoverished childhood to become a student at the Swedish Royal Dramatic Academy an actress in European films and ultimately a Hollywood star Chronicling her tough negotiations with Louis B Mayer at MGM it shows how Garbo carved out enough power in Hollywood to craft a distinctly new feminist screen presence in films like *Queen Christina* Banner draws on over ten years of in depth archival research in Sweden Germany France and the United States to demonstrate how away from the camera's glare Garbo's life was even more intriguing Ideal Beauty takes a fresh look at an icon who helped to define female beauty in the twentieth century and provides answers to much debated questions about Garbo's childhood sexuality career illnesses and breakdowns and spiritual awakening *The Legacy of Birgitta of Sweden*, 2023-12-18 Saint Birgitta of Sweden d 1373 one of the most famous visionary women of the late Middle Ages lived in Rome for the last 23 years of her life Much of her extensive literary work was penned there Her *Celestial Revelations* circulated widely from the late 14th century to the 17th century copied in Italian scriptoria translated into vernacular and printed in several Latin and Italian editions In the same centuries an extraordinary number of women writers across the peninsula were publishing their work What echoes might we find of the foreign widow's prophetic voice in their texts This volume offers innovative investigations written by an interdisciplinary group of experts of the profound impact of Birgitta of Sweden in Renaissance Italy Contributors include Brian Richardson Jane Tylus Isabella Gagliardi Clara Stella Marco Faini Jessica Goethals Anna Wainwright Eleonora Cappuccilli Eleonora Carinci Virginia Cox Unn Falkeid and Silvia Nocentini **Unexpected Heirs in Early Modern Europe** Valerie Schutte, 2017-10-24 There were many surprising accessions in the early modern period including Mary I of England Henry III of France Anne Stuart and others but this is the first book dedicated solely to evaluating their lives and the repercussions of their reigns By comparing a variety of such unexpected heirs this engaging history offers a richer portrait of early modern monarchy It shows that the need for heirs and the acquisition and preparation of heirs had a critical impact on sixteenth and seventeenth century culture and politics from the appropriation of culture to the influence of language to trade and political alliances It also shows that securing a dynasty relied on more than just political agreements and giving birth to legitimate sons examining how relationships between women could and did forge alliances and dynastic continuities Silent Cinema

and the Politics of Space Jennifer M. Bean, Anupama Kapse, Laura Horak, 2014-04-02 In this cross cultural history of narrative cinema and media from the 1910s to the 1930s leading and emergent scholars explore the transnational crossings and exchanges that occurred in early cinema between the two world wars Drawing on film archives from around the world this volume advances the premise that silent cinema freely crossed national borders and linguistic thresholds in ways that became far less possible after the emergence of sound These essays address important questions about the uneven forces geographic economic political psychological textual and experiential that underscore a non linear approach to film history The messiness of film history as demonstrated here opens a new realm of inquiry into unexpected political social and aesthetic crossings of silent cinema
