## Queens Rings:

**Lives of the Queens of England** Agnes Strickland, 1847      **The Ring of Truth** Wendy Doniger, 2017-04-03 Why are sex and jewelry particularly rings so often connected Why do rings continually appear in stories about marriage and adultery love and betrayal loss and recovery identity and masquerade What is the mythology that makes finger rings symbols of true or as the case may be untrue love The cross cultural distribution of the mythology of sexual rings is impressive from ancient India and Greece through the Arab world to Shakespeare Marie Antoinette Wagner nineteenth century novels Hollywood and the De Beers advertising campaign that gave us the expression A Diamond is Forever Each chapter of *The Ring of Truth* like a charm on a charm bracelet considers a different constellation of stories stories about rings lost and found in fish forgetful husbands and clever wives treacherous royal necklaces fake jewelry and real women modern women's revolt against the hegemony of jewelry and the clash between common sense and conventional narratives about rings Herein lie signet rings betrothal rings and magic rings of invisibility or memory The stories are linked by a common set of meanings such as love symbolized by the circular and unbroken shape of the ring infinite constant eternal a meaning that the stories often prove tragically false While most of the rings in the stories originally belonged to men or were given to women by men Wendy Doniger shows that it is the women who are important in these stories as they are the ones who put the jewelry to work in the plots

**Balthild of Francia** Isabel Moreira, 2024 Slave Merovingian queen regent and banished widow Queen Balthild d 680 was a Catholic saint to the French and murderer and Jezebel to the English She was an important figure in her time Yet because of the remote time period and the specialized nature of the sources she is little known outside the field of Merovingian studies This book *Balthild of Francia* seeks to remedy that obscurity through a cultural biography that explores the life and times of a queen who lived at the end of the late Roman era when the Frankish elite were connected by trade religion and political aspirations to the Mediterranean and Byzantine world Balthild was a slave bought for a low price who as queen regent prohibited the slave trade in her kingdom and undertook policies aimed at mitigating the suffering of those who like herself had suffered dislocation from home and the lack of protection The documentary and material sources for the life and times of this seventh century queen are exceptionally well preserved Indeed as a result of new scientific methods and new approaches to archaeology she is someone about whose life and environment we continue to know more
