Young Queer America Maxwell Poth, 2023-05-02 Get to know real queer kids from all over the country these

inspiring stories of LGBTQ youth written in their own words provide crucial snapshots of what it's really like to grow up trans or queer in America. Photographer and activist Maxwell Poth has traveled all over the United States inviting LGBTQ youth to share their stories as part of Project Contrast, a nonprofit that amplifies these voices and connects kids and families with the resources they need to survive and thrive. This book collects the stories and portraits of seventy-three queer kids and teenagers from fifteen different states. In their own words, these young people share the challenges they've faced coming out or coming to terms with their own identities; they write about their families, their schoolmates, their teachers, and the queer community they've found throughout their journeys, and they offer messages of love and support to their LGBTQ peers. Featuring a foreword by trans actress and model Isis King, this book sends a powerful message to the many LGBTQ kids growing up in small towns who feel isolated: We see you, we love you, you are not alone. **THESE STORIES ARE VITAL.** Across the United States, a wave of anti-LGBTQ legislation is targeting queer and transgender youth. These stories will not only help queer and trans kids everywhere feel seen and connected to one another; they will shine a much-needed light on the challenges and realities of growing up queer in America. From stories of kids surviving on their own after coming out to close-minded families to examples of supportive parents who encourage their kids to be proud of who they are, these narratives demonstrate that growing up queer or trans in America is difficult and complicated, and normal. This book is a powerful reminder that no matter what your path looks like, you deserve love. **IN THEIR OWN WORDS.** In this groundbreaking book, LGBTQ kids and teens tell their stories in their own words. The submissions that Poth and his Project Contrast team have collected are honest, articulate, and uplifting; these kids deserve to be taken seriously, and this project has given them a platform to share their truth with the world. **A PASSIONATE ADVOCATE.** Author and photographer Maxwell Poth has been working with LGBTQ kids all over the United States since 2017. He started his nonprofit Project Contrast to amplify the stories of queer youth and connect them with the community and resources they need to thrive, no matter where they are in the country. His work highlights the unique mental health challenges facing queer and trans young adults and demands that we stop turning a blind eye to the harm that is caused when we single out those who are different instead of embracing and uplifting them. Perfect for queer and trans kids and teens who want to see their experiences reflected in print, parents and family members of LGBTQ youth who want to show support or learn more about their loved one's experiences, allies who are inspired by the book's mission and content. Anyone interested in understanding the next generation of queer Americans. *A Queer New York* Jen Jack Gieseke, 2020-09-15 Winner 2021 Glenda Laws Award given by the American Association of Geographers. The first lesbian and queer historical geography of New York City. Over the past few decades, rapid gentrification in New York City has led to the disappearance of many lesbian and queer spaces, displacing some of the most marginalized members of the LGBTQ community. In *A Queer New York*, Jen Jack Gieseke highlights the historic significance of these spaces, mapping the political, economic, and geographic dispossession of an important, thriving community that once

called certain New York neighborhoods home Focusing on well known neighborhoods like Greenwich Village Park Slope Bedford Stuyvesant and Crown Heights Gieseeking shows how lesbian and queer neighborhoods have folded under the capitalist influence of white wealthy gentrifiers who have ultimately failed to make room for them Nevertheless they highlight the ways lesbian and queer communities have succeeded in carving out spaces and lives in a city that has consistently pushed its most vulnerable citizens away Beautifully written A Queer New York is an eye opening account of how lesbians and queers have survived in the face of twenty first century gentrification and urban development **Queer**

with geographical cultural and social class migrations and mobilizations beyond traditional and conventional frameworks categories and boundaries This timely and compelling contribution to Chinese Sinophone studies and queer sexuality studies is a pleasure to read John Wei explores a diverse fascinating and unevenly explored archive of queer materials deftly deploying scholarship in multiple fields to analyze the emergent formation of queer Sinophone cultures David L Eng University of Pennsylvania John Wei s meticulously researched and rigorously argued new book sets a new standard for queer Chinese studies Bringing together a dazzling array of ethnographic materials films and digital media Wei proposes the concept of stretched kinship to show us how questions of sexuality are always questions of mobilities as queer migrants become ineluctably entangled with China s compulsory familism and developmentalism Petrus Liu Boston University
