Bernstein and Robbins Sophie Redfern, 2021 Leonard Bernstein and choreographer Jerome Robbins stand as giants of the musical theatre world but it was ballet that launched their stage careers and established their relationship With Fancy Free 1944 their triumphant debut collaboration produced by Ballet Theatre Bernstein Robbins and set designer Oliver Smith all only twenty five years old captured the spirit of wartime New York created a defining ballet of the period still widely performed today and became overnight sensations The hit musical On the Town 1944 and a now largely forgotten ballet Facsimile 1946 followed over the next two years Drawing extensively on previously unpublished archival documents Bernstein and Robbins The Early Ballets provides a richly detailed and original historical account of the creation premiere and reception of Fancy Free and Facsimile It reveals the vital and sometimes conflicting role of Ballet

Theatre explores how Bernstein composed the scores sheds light on the central importance of Oliver Smith and considers the legacy of these works for all involved The result is a new understanding of Bernstein Robbins and this formative period in their lives SOPHIE REDFERN is an Honorary Research Fellow at the University of Sheffield UK and Curator for the European Opera Centre

Blending archival work ethnography and cultural analysis with memoir graphic arts and science fiction *Queer Chimerica* unpacks the ways in which the transnational circulation of queer culture politics and institutions are structured through the antagonist interdependence of China and the United States By examining the intersecting timelines of the rise of queer theory and the rise of China in the late Cold War era Shana Ye explores the relationship between the discourse of queer fluidity and capital s demands for labor flexibility Drawing on rare archival material and oral historical accounts of queer life from the 1950s to the late 2010s the author shows how these accounts make sense of the variegated landscapes of desires transformations and conundrums in postsocialist China The author illustrates party cadres in the Cultural Revolution tongzhi activism mediated by the explosive politics of Tiananmen upheaval HIV AIDS community outreach workers feminist artists and digital activists leftist queer theorists and fictional bio engineers layering these vivid depictions to reveal the poetic messiness of queer world making *Queer Chimerica* offers insight into the governmentality of LGBT rights the rules of legibility and recognition the geo and bio politics of identity and the class ridden appropriation of queer history and community Thus understanding the production of queerness unveils the uneven distributions of capital knowledge affect and opportunity that reproduce queer precarity and agency *Sex, Needs and Queer Culture* Doctor David Alderson, 2016-04-15

The belief of many in the early sexual liberation movements was that capitalism s investment in the norms of the heterosexual family meant that any challenge to them was invariably anti capitalist In recent years however lesbian and gay subcultures have become increasingly mainstream and commercialized as seen for example in corporate backing for pride events while the initial radicalism of sexual liberation has given way to relatively conservative goals over marriage and adoption rights Meanwhile queer theory has critiqued this homonormativity or assimilation as if some act of betrayal had occurred In *Sex Needs and Queer Culture* David Alderson seeks to account for these shifts in both queer movements and the wider society and argues powerfully for a distinctive theoretical framework Through a critical reassessment of the work of Herbert Marcuse as well as the cultural theorists Raymond Williams and Alan Sinfield Alderson asks whether capitalism is progressive for queers evaluates the distinctive radicalism of the counterculture as it has mutated into queer and distinguishes between avant garde protest and subcultural development In doing so the book offers new directions for thinking about sexuality and its relations to the broader project of human liberation *Theatre History Studies 2019, Vol. 38* Sara Freeman, 2020-02-11

Queer Cinema in the World Karl Schoonover,Rosalind Galt,2016-11-17 Proposing a radical vision of cinema s queer globalism Karl Schoonover and Rosalind Galt explore how queer filmmaking intersects with international sexual cultures geopolitics and aesthetics to disrupt dominant modes of world making Whether in its exploration of queer cinematic temporality the paradox of the queer popular or the deviant ecologies of the queer pastoral Schoonover and Galt reimagine the scope of queer film studies The authors move beyond the gay art cinema canon to consider a broad range of films from Chinese lesbian drama and Swedish genderqueer documentary to Bangladeshi melodrama and Bolivian activist video Schoonover and Galt make a case for the centrality of queerness in cinema and trace how queer cinema circulates around the globe institutionally via film festivals online consumption and human rights campaigns but also affectively in the production of a queer sensorium In this account cinema creates a uniquely potent mode of queer worldliness one that disrupts normative ways of being in the world and forges revised modes of belonging

treats four key figures in the American literary tradition Henry David Thoreau Herman Melville Willa Cather and Djuna Barnes Each of these writers problematizes conventional notions of the strange matrix between the human the natural and the sexual They brilliantly demonstrate the ways in which the queer project and the environmental project are always connected or put another way show that questions and politics of human sexuality are always entwined with those associated with the other than human world
