Mosegaard, Tine Tjørnhøj-  
Thomsen, Helene Goldberg**

## **Quest For Conception Gender Infertility And Egyptian Medical Traditions:**

**Good Quality** Ayo Wahlberg, 2018-04-03 Introduction jingzi weiji sperm crisis The birth of art in China Improving population quality Exposed biologies Mobilizing sperm donors Making quality auditable Borrowing sperm Conclusion routinization

**Islamic Masculinities** Lahoucine Ouzgane, 2013-07-04 This innovative book outlines the great complexity variety and difference of male identities in Islamic societies From the Taliban orphanages of Afghanistan to the caf s of Morocco from the experience of couples at infertility clinics in Egypt to that of Iraqi conscripts it shows how the masculine gender is constructed and negotiated in the Islamic Ummah It goes far beyond the traditional notion that Islamic masculinities are inseparable from the control of women and shows how the relationship between spirituality and masculinity is experienced quite differently from the prevailing Western norms Drawing on sources ranging from modern Arabic literature to discussions of Muhammad s virility and Abraham s paternity it portrays ways of being in the world that intertwine with non Western conceptions of duty to the family the state and the divine

*Reconceiving the Second Sex* Marcia C. Inhorn, Maruska la Cour Mosegaard, Tine Tjørnhøj-Thomsen, Helene Goldberg, 2009-08-01 Extensive social science research particularly by anthropologists has explored women s reproductive lives their use of reproductive technologies and their experiences as mothers and nurturers of children Meanwhile few if any volumes have explored men s reproductive concerns or contributions to women s reproductive health Men are clearly viewed as the second sex in reproduction This volume argues that the marginalization of men is an oversight of considerable proportions It sheds new light on male reproduction from a cross cultural global perspective focusing not only upon men in Europe and America but also those in the Middle East Asia and Latin America Both heterosexual and homosexual married and unmarried men are featured in this volume which assesses concerns ranging from masculinity and sexuality to childbirth and fatherhood

**Transforming Ethnographic Knowledge** Rebecca Hardin, Kamari Maxine Clarke, 2012-08-06 The ethnographic methods that anthropologists first developed to study other cultures fieldwork participant observation dialogue are now being adapted for a broad array of applications such as business conflict resolution and demobilization wildlife conservation education and biomedicine In Transforming Ethnographic Knowledge anthropologists trace the changes they have seen in ethnography as a method and as an intellectual approach and they offer examples of ethnography s role in social change and its capacity to transform its practitioners Senior scholars Mary Catherine Bateson Sidney Mintz and J Lorand Matory look back at how thinking ethnographically shaped both their work and their lives and George Marcus suggests that the methods for teaching and training anthropologists need rethinking and updating The second part of the volume features anthropologists working in sectors where ethnography is finding or claiming new relevance Kamari Maxine Clarke looks at ethnographers involvement or non involvement in military conflict Csilla Kalocsai employs ethnographic tools to understand the dynamics of corporate management Rebecca Hardin and Melissa Remis take their own anthropological training into rainforests where

wildlife conservation and research meet changing subsistence practices and gendered politics of social difference and Marcia Inhorn shows how the interests in mobility and diasporic connection that characterize a new generation of ethnographic work also apply to medical technologies as those mediate fertility and relate to social status in the Middle East

**Substantial Relations** Sandra Bärnreuther, 2021-12-15 *Substantial Relations* examines global reproductive medicine in India focusing on in vitro fertilization Since the 1970s India has played a central but shifting role in shaping global reproductive medicine from a provider of raw material to a producer of knowledge and technology to a creator of a thriving medical market that attracts patients from all over the world Relying on archival material and oral history *Substantial Relations* traces the path of this transnational historical trajectory This book also examines the contemporary making of IVF in Delhi Drawing on ethnographic research in homes hospitals and laboratories Sandra Bärnreuther provides deep insights into the intricacies of clinical life and everyday experience by depicting IVF users quest for offspring and their fears of establishing unwanted ties as well as the minute engagements of clinicians and laboratory staff with reproductive substances Thinking through substances metaphorically and materially Sandra Bärnreuther provides a novel and rich analysis of the various relations that the burgeoning IVF sector in India has relied on and generated *Substantial Relations* contributes to a broader understanding of reproductive medicine as a global phenomenon constantly in the making situating India in the midst of rather than peripheral to this process

**The Changing World Religion Map** Stanley D. Brunn, 2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind's eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to

gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

*Revolutionary Womanhood* Laura Bier, 2011-08-24 Laura Bier unpacks the complicated dynamics and legacy of an historical moment in which women were understood to be crucial to modern nation building Lila Abu Lughod author of *Do Muslim Women Need Saving* The first major historical account of gender politics during the Nasser era *Revolutionary Womanhood* analyzes feminism as a system of ideas and political practices international in origin but local in iteration Drawing connections between the secular nationalist projects that emerged in the 1950s and the gender politics of Islamism today Laura Bier reveals how discussions about education companionate marriage and enlightened motherhood as well as veiling work and other means of claiming public space created opportunities to reconsider the relationship between modernity state feminism and postcolonial state building Bier highlights attempts by political elites under Nasser to transform Egyptian women into national subjects These attempts to fashion a new yet authentically Egyptian woman both enabled and constrained women's notions of gender liberation and agency Ultimately Bier challenges the common assumption that these emerging feminisms were somehow not culturally or religiously authentic and details their lasting impact on Egyptian womanhood today Addresses a major void in the historical literature on Egypt Showing how gendered politics proved central to Nasserist attempts to modernize the book broadens our understanding of state feminism secularism and the postcolonial period A very welcome addition the work combines theoretical sophistication with rich evidence and well crafted arguments Beth Baron author of *Egypt as a Woman* Laura Bier's well researched and engaging text skillfully illustrates how Nasser spun the woman question to define his Arab socialist agenda Lisa Pollard author of *Nurturing the Nation*

*African Masculinities* L. Ouzgane, R. Morrell, 2005-03-15 While masculinity studies enjoys considerable growth in the West there is very little analysis of African masculinities This volume explores what it means for an African to be masculine and how male identity is shaped by cultural forces The editors believe that to tackle the important questions in Africa the many forms of violence wars genocides familial violence and crime and the AIDS pandemic it is necessary to understand how a combination of a colonial past patriarchal cultural structures and a variety of religious and knowledge systems creates masculine identities and sexualities The work done in the book particularly bears in mind how vulnerability and marginalization produce complex forms of male identity The book is interdisciplinary and is the first in depth and comprehensive study of African men as a gendered category

**Reproduction, Childbearing and Motherhood** Pranee Liamputtong, 2007 Although reproduction including infertility abortion childbearing and motherhood is a significant human experience its social meaning is shaped by the culture in which birthing women live Reproduction and its management therefore occur within the social and cultural context of the event As such reproductive beliefs and practices differ across social and cultural settings This book focuses on reproduction childbearing and motherhood In this volume the authors show that despite the modernisation of the society and advanced medical technology and knowledge in reproduction traditions

continue to exert influence on how the women and their families manage their reproduction childbearing and motherhood in their societies

**IVF and Childlessness in Bangladesh** Mirza Taslima Sultana, 2025-06-27 This book examines motherhood and childlessness within the context of the emergence of In Vitro Fertilization IVF in Bangladesh It studies the development of IVF procedures through a socio economic and historical lens The author delves into policy issues the media representations of IVF IVF advertisements and looks at IVF clinics as sites for commercializing the hope of childless people The book addresses the lack of regulation surrounding IVF procedures It brings to the fore the dynamics of reproductive restraint and choice as well as patterns of gender empowerment and control which are at play within the norms practices and dynamics of Bangladeshi identities Rich in ethnographic case studies this book will be indispensable for scholars and researchers of public health women s health gender studies women s studies science and technology studies sociology medical anthropology public policy and South Asian studies

**The Politics of Female Circumcision in Egypt** Maria Frederika Malmström, 2016-03-22 The percentage of women aged 15 49 in Egypt who have undergone the procedure of female circumcision or genital mutilation cutting FGM C stands at 91% according to the latest research carried out by UNICEF Female circumcision has become a global political minefield with Western interventions affecting Egyptian politics and social development not least in the area of democracy and human rights Maria Frederika Malmstrom employs an ethnographic approach to this controversial issue with the aim of understanding how female gender identity is continually created and re created in Egypt through a number of daily practices and the central role which female circumcision plays in this process Viewing the concept of agency as critical to the examination of social and cultural trends in the region Malmstrom explores the lived experiences and social meanings of circumcision and femininity as narrated by women from Cairo It is through the examination of the voices of these women that she offers an analysis of gender identity in Egypt and its impact on women s sexuality

**Fear, Wonder, and Science in the New Age of Reproductive Biotechnology** Scott Gilbert, Clara Pinto-Correia, 2017-08-08 How does one make decisions today about in vitro fertilization abortion egg freezing surrogacy and other matters of reproduction This book provides the intellectual and emotional intelligence to help individuals make informed choices amid misinformation and competing claims Scott Gilbert and Clara Pinto Correia speak to the couple trying to become pregnant the woman contemplating an abortion and the student searching for sound information about human sex and reproduction Their book is an enlightening read for men as well as for women describing in clear terms how babies come into existence through both natural and assisted reproductive pathways They update the talk for the twenty first century the birds the bees and the Petri dishes Fear Wonder and Science in the New Age of Reproductive Biotechnology first covers the most recent and well grounded scientific conclusions about fertilization and early human embryology It then discusses the reasons why some of the major forms of assisted reproductive technologies were invented how they are used and what they can and cannot accomplish Most important the authors explore the emotional side of using these technologies

focusing on those who have emptied their emotions and bank accounts in a valiant effort to conceive a child This work of science and human biology is informed by a moral concern for our common humanity      Reproduction, Globalization, and the State Carole H. Browner,Carolyn F. Sargent,2011-03-25 Collection uses ethnographies of globalization to explore the consequences of interactions between global processes and national structures on human reproduction and reproductive health in a range of contexts      Women and Knowledge in the Mediterranean Fatima Sadiqi,2013-05-07 Women in the Mediterranean have helped constitute new meanings of knowledge whilst simultaneously providing a wealth of material that is now part of the knowledge archive of the area The inception of types of knowledge that differ from the conventional necessitates a re definition of the concept of knowledge an issue which is addressed in this volume Employing a range of theories and methodologies this book explores four main domains in which women s knowledge is attested women and written knowledge women and oral knowledge women and legal religious and economic knowledge and women and media knowledge By presenting untapped women s expressions of knowledge in these domains this book opens new avenues of research in fields such as sociology history and literature amongst others This book will be an invaluable resource for students and scholars of the Middle East Women and Gender studies and Mediterranean Studies      **Technologies of Sexuality, Identity and Sexual Health** Lenore Manderson,2012-06-25 Technologies of Sexuality Identity and Sexual Health highlights the complex ways in which sexuality is expressed and enacted through local ideologies global identities and material cultures and their influence on people s sexual health and well being Its impetus is the renewed interest in technology and the social life of things including pharmaceuticals expanded sexual and related surgery the growing exploitation of markets for sexual and contraceptive products and the impact of these on sexual and health practices and outcomes Organised loosely into three parts the opening chapters concentrate on female contraception its availability and the varied cultural significance attached to the ability to control its use exploring the politics of reproductive health and birth control and the ties between technology and power The middle section turns its attention to men and the impact of traditional and contemporary concerns about masculinity and the social and sexual roles of men The final chapters look at the commonalities across cultural borders and sexual gendered identities how products and procedures travel not only through the formal channels of globalisation but also informally carried by individuals across cultural and social boundaries through sexual social and commercial interactions The volume brings together anthropologists sociologists and cultural studies scholars both senior and emerging from around the globe Offering an important and topical contribution to the developing global literature on sexuality sexual identity culture and health it is of interest to researchers and advanced students in these areas      *Seminal* Rene Almeling,Lisa Campo-Engelstein,Brian T. Nguyen,2025-06-24 The complexities and controversies at the nexus of sperm health and politics In *Seminal* experts from across the social sciences humanities law and medicine offer a kaleidoscopic view of the relationship between sperm health and the intersecting politics of gender race and

reproduction Always insightful and often provocative the essays in this unprecedented collection cover a broad range of issues related to male reproductive and sexual health including the latest technological developments for creating sperm the specter of eugenics in contemporary medical markets emerging approaches to male contraceptive methods male infertility and trans healthcare controversies surrounding sperm donors and sperm banking disparities in sexual health education for teens all the while attending to the enormous variation in how individuals and societies understand embody and experience sperm At a time when the most basic rights of reproductive autonomy are under severe threat contributors to this volume argue this is precisely the moment to rethink and reimagine sperm from a variety of medical political and cultural perspectives Ultimately this volume aims to contribute to a more reproductively just society and broaden conversations around bodies health and equity in the United States

**The Globalization of Motherhood** Wendy Chavkin, Jane Maree Maher, 2010-09-13 Brings together research from the Global North and the Global South to illuminate how contemporary motherhood is changed by the processes of globalization

**The Handbook of Social Studies in Health and Medicine** Gary L Albrecht, Ray Fitzpatrick, Susan C Scrimshaw, 2003-04-21 This is the first international and inter disciplinary social science Handbook on health and medicine Five years in the making and building on the insights and advice of an international editorial board the book brings together world class figures to provide an indispensable comprehensive resource book on social science health and medicine Pinpointing the focal issues of research and debate in one volume the material is organized into three sections social and cultural frameworks of analysis the experience of health and illness and health care systems and practices Each section consists of specially commissioned chapters designed to examine the vital conceptual and methodological practice and policy issues Readers receive

*Islam and Assisted Reproductive Technologies* Marcia C. Inhorn, Soraya Tremayne, 2012-07-01 How and to what extent have Islamic legal scholars and Middle Eastern lawmakers as well as Middle Eastern Muslim physicians and patients grappled with the complex bioethical legal and social issues that are raised in the process of attempting to conceive life in the face of infertility This path breaking volume explores the influence of Islamic attitudes on Assisted Reproductive Technologies ARTs and reveals the variations in both the Islamic jurisprudence and the cultural responses to ARTs

**Reproductive Disruptions** Marcia C. Inhorn, 2007-10-01 Nominated for the 2007 Book Prize by the Council on Anthropology and Reproduction AAA Reproductive disruptions such as infertility pregnancy loss adoption and childhood disability are among the most distressing experiences in people's lives Based on research by leading medical anthropologists from around the world this book examines such issues as local practices detrimental to safe pregnancy and birth conflicting reproductive goals between women and men miscommunications between pregnant women and their genetic counselors cultural anxieties over gamete donation and adoption the contested meanings of abortion cultural critiques of hormone replacement therapy and the globalization of new pharmaceutical and assisted reproductive technologies This breadth with its explicit move from the local to the global from the realm of everyday

reproductive practice to international programs and policies illuminates most effectively the workings of power the tensions between women s and men s reproductive agency and various cultural and structural inequalities in reproductive health
