Mindell, 2012-03-01 The USS Monitor famously battled the CSS Virginia the armored and refitted USS Merrimack at Hampton Roads in March 1862 This updated edition of David A Mindell's classic account of the ironclad warships and the human dimension of modern warfare commemorates the 150th anniversary of this historic encounter Mindell explores how mariners fighting blindly below the waterline lived in and coped with the metal monster they called the iron coffin He investigates how the ironclad technology new to war in the nineteenth century changed not only the tools but also the experience of combat and anticipated today's world of mechanized pushbutton warfare The writings of William Frederick Keeler the ship's paymaster inform much of this book as do the experiences of everyman sailor George Geer who held Keeler in some contempt Mindell uses their compelling stories and those of other shipmates to recreate the thrills and dangers of living and fighting aboard this superweapon Recently pieces of the Monitor wreck have been raised from their watery grave and with them information about the ship continues to be discovered A new

epilogue describes the recovery of the Monitor turret and its display at the USS Monitor Museum in Newport News Virginia This sensitive and enthralling history of the USS Monitor ensures that this fateful ship and the men who served on it will be remembered for generations to come *Bluejackets and Contrabands* Barbara Brooks Tomblin,2009-10-09 One of the lesser known stories of the Civil War is the role played by escaped slaves in the Union blockade along the Atlantic coast From the beginning of the war many African American refugees sought avenues of escape to the North Due to their sheer numbers those who reached Union forces presented a problem for the military Fortunately the First Confiscation Act of 1861 permitted the seizure of property used in support of the South s war effort including slaves Eventually regarded as contraband of war the runaways became known as contrabands In *Bluejackets and Contrabands* Barbara Brooks Tomblin examines the relationship between the Union Navy and the contrabands The navy established colonies for the former slaves and in return some contrabands served as crewmen on navy ships and gunboats and as river pilots spies and guides Tomblin presents a rare picture of the contrabands and casts light on the vital contributions of African Americans to the Union Navy and the Union cause Cushing Robert John Schneller,2004 Dismissed from the U S Naval Academy in early 1861 William Barker Cushing nonetheless emerged from the Civil War as one of the Navy s greatest heroes Cushing transformed his reputation from a rabblouser into a living legend because he embodied the special qualities that the Navy demands of the men in whom it entrusts its most hazardous and secret tasks a readiness to volunteer for dangerous assignments an unflinching devotion to duty and more than a fair share of good fortune As Robert J Schneller observes He was patriotic aggressive tough and recklessly bold Before embarking on *The Papers of Jefferson Davis* Jefferson Davis,2012-03-12 Volume 13 of *The Papers of Jefferson Davis* follows the former president of the Confederacy as he becomes head of the Carolina Life Insurance Company of Memphis and attempts to gain a financial foothold for his newly reunited family Having lost everything in the Civil War and spent two years immediately afterwards in federal prison Davis faced a mounting array of financial woes health problems and family illnesses and tragedies in the 1870s Despite setbacks during this decade Davis also began a quest to rehabilitate his image and protect his historical legacy Although his position with the insurance company provided temporary financial stability Davis resigned after the Panic of 1873 forced the sale of the company and its new owners canceled payments to Carolina policyholders He left for England the following year in search of employment and to recuperate from ongoing illnesses In 1876 Davis became president of the London based Mississippi Valley Society and relocated to New Orleans to run the company Throughout the 1870s Davis waged an expensive and seemingly endless legal battle to regain his prewar Mississippi plantation Brierfield He also began working on his memoirs at Beauvoir the Gulf Coast estate of a family friend Though disfranchised Davis addressed the subject of politics with more frequency during this decade criticizing the Reconstruction policies of the federal government while defending the South and the former Confederacy The volume ends with Davis s inheritance of Beauvoir which was his last home The editors have drawn from over one hundred

manuscript repositories and private collections in addition to numerous published sources in compiling Volume 13

*Six Encounters with Lincoln* Elizabeth Brown Pryor, 2018-02-06 Winner of the Barondess Lincoln Award from The Civil War Round Table of New York Fascinating reading this book eerily reflects some of today's key issues The New York Times Book Review From an award winning historian an engrossing look at how Abraham Lincoln grappled with the challenges of leadership in an unruly democracy An awkward first meeting with U S Army officers on the eve of the Civil War A conversation on the White House portico with a young cavalry sergeant who was a fiercely dedicated abolitionist A tense exchange on a navy ship with a Confederate editor and businessman In this eye opening book Elizabeth Brown Pryor examines six intriguing mostly unknown encounters that Abraham Lincoln had with his constituents Taken together they reveal his character and opinions in unexpected ways illustrating his difficulties in managing a republic and creating a presidency Pryor probes both the political demons that Lincoln battled in his ambitious exercise of power and the demons that arose from the very nature of democracy itself the clamorous diversity of the populace with its outspoken demands She explores the trouble Lincoln sometimes had in communicating and in juggling the multiple concerns that make up being a political leader how conflicted he was over the problem of emancipation and the misperceptions Lincoln and the South held about each other Pryor also provides a fascinating discussion of Lincoln's fondness for storytelling and how he used his skills as a raconteur to enhance both his personal and political power Based on scrupulous research that draws on hundreds of eyewitness letters diaries and newspaper excerpts *Six Encounters with Lincoln* offers a fresh portrait of Lincoln as the beleaguered politician who was not especially popular with the people he needed to govern with and who had to deal with the many critics naysayers and dilemmas he faced without always knowing the right answer What it shows most clearly is that greatness was not simply laid on Lincoln's shoulders like a mantle but was won in fits and starts

emphases strengths and limitations      **Lincoln and His Admirals** Craig Symonds, 2008-10-17 Abraham Lincoln began his presidency admitting that he knew but little of ships but he quickly came to preside over the largest national armada to that time not eclipsed until World War I Written by naval historian Craig L Symonds Lincoln and His Admirals unveils an aspect of Lincoln's presidency unexamined by historians until now revealing how he managed the men who ran the naval side of the Civil War and how the activities of the Union Navy ultimately affected the course of history Beginning with a gripping account of the attempt to resupply Fort Sumter a comedy of errors that shows all too clearly the fledgling president's inexperience Symonds traces Lincoln's steady growth as a wartime commander in chief Absent a Secretary of Defense he would eventually become de facto commander of joint operations along the coast and on the rivers That involved dealing with the men who ran the Navy the loyal but often cranky Navy Secretary Gideon Welles the quiet and reliable David G Farragut the flamboyant and unpredictable Charles Wilkes the ambitious ordnance expert John Dahlgren the well connected Samuel Phillips Lee and the self promoting and gregarious David Dixon Porter Lincoln was remarkably patient he often postponed critical decisions until the momentum of events made the consequences of those decisions evident But Symonds also shows that Lincoln could act decisively Disappointed by the lethargy of his senior naval officers on the scene he stepped in and personally directed an amphibious assault on the Virginia coast a successful operation that led to the capture of Norfolk The man who knew but little of ships had transformed himself into one of the greatest naval strategists of his age Co winner of the 2009 Lincoln Prize Winner of the 2009 Barondess Lincoln Prize by the Civil War Round Table of New York John Lyman Award of the North American Society for Oceanic History Daniel and Marilyn Laney Prize by the Austin Civil War Round Table Nevins Freeman Prize of the Civil War Round Table of Chicago      **Farragut** Robert J.
