investigation that has not yet received due attention concerns the role of theological disciplines and especially the relation between academic disciplines and societal dynamics This research project addresses the challenge and this volume reflects the intellectual endeavour of lectures research fellows and a post graduate student associated with the faculty Each theological discipline has its own history and has already experienced reconstruction both globally and in South Africa Some of these genealogical developments and re envisioning are mapped by the contributions in this volume The critical questions addressed are what are the contours of the post apartheid condition and what are the implications for responsible disciplinary practices in theology The chapters convey an impression of the vitality of theology at the University of the Free State and in South Africa and give expression to fundamental shifts that have taken place in theological disciplines and also of future tasks This research project aims to stimulate reflection on responsible and innovative disciplinary practices of theology in South Africa which we envisage will contribute to social justice and human flourishing Rian Venter University of the Free State

Re-membering the Body Scott W. Bullard, 2013-11-01 For centuries Baptists have regarded the Eucharist or Lord s Supper as merely symbolic rather than as sacramental Historically speaking Baptists have also participated in the practice of the Supper less frequently than other Christian groups all the while lodging complaints about a lack of ecclesial unity In response to these trends this book argues for a sacramental understanding of the Eucharist and focuses on the way in which the Eucharist conveys grace by drawing the church together as the body of Christ It focuses especially on the theology of James Wm McClendon Jr who was Baptist but nonetheless illustrated that through the Eucharist God re members the church as the body of Christ Together with Lutheran theologian Robert Jenson and Catholic theologian Cardinal Henri de Lubac McClendon s work has had an enormous impact on contemporary free church discussions about the Supper and ecclesial unity In a final chapter therefore the study examines a number of contemporary Baptists dubbed the new Baptist sacramentalists These men and women are influenced by McClendon Jenson and de Lubac and they offer a fresh approach to the ongoing puzzle of the church s disunity through the Eucharist *Making sense of Jesus* Francois

Tolmie, Rian Venter, 2017-12-01 *Making sense of Jesus* is comprised of twelve chapters of a Christological nature which are the result of a multidisciplinary theological research project The aim of this book is to ascertain how in the current cultural situation an encounter with Jesus is determined by specific historical and personal conditions and what the consequences of such an encounter may be

Home Away from Home Delroy A. Reid-Salmon, 2014-12-18 An estimated two thirds of Caribbeans live outside their homeland Home Away from Home identifies the different forms of Caribbean diasporan identity and argues that the faith Caribbean people brought with them into the diaspora plays a central role in their development The study provides a theological interpretation of the diasporan experience and outlines the principles of diasporan theology and the distinctiveness of its church Focusing on the Caribbean diaspora in the US and analysing aspects of the Caribbean British diaspora the book forges a Black Atlantic theology The volume also engages with wider discourse on the Black diaspora to

offer an inclusive Caribbean diasporan ecclesiology that overcomes Black African American Euro American binaries

Turning Points in Baptist History Michael Edward Williams, Walter B. Shurden, 2008 Arranged in chronological order so that the Baptist saga can be understood as a continuous narrative the book has the added advantage of permitting the reader to cherry pick chapters that are of particular interest The Baptist struggles for freedom of conscience for a believer s church for including both genders and all races for fulfilling the Great Commission and for the separation of church and state these are only a few of the denominational shaping turning points one discovers in this book **Embracing Hopelessness**

Miguel A. De La Torre, 2017-10-01 This book will attempt to explore faith based responses to unending injustices by embracing the reality of hopelessness It rejects the pontifications of some salvation history that move the faithful toward an eschatological promise that when looking back at history makes sense of all Christian led brutalities mayhem and carnage Hope as an illusion is responsible for maintaining oppressive structures This book struggles with a God who at times seems mute demanding solidarity in the midst of perdition and a blessing in the midst of adversity How can the Creator be so invisible during the troubling times in which we live times filled with unbearable life denying trials and tribulations The book concludes with a term De La Torre has coined in other books an ethics para joder an ethics that f cks with When all is hopeless when neoliberalism has won when there exists no chance of establishing justice the only choice left for the oppressed is to screw with the structure literally turning over the bankers tables at the temple By upsetting the norm an opportunity might arise that can lead us to a more just situation although such acts of defiance usually lead to crucifixion Hopelessness is what leads to radical liberative praxis Exploring Protestant Traditions W. David Buschart, 2009-09-20

Protestant is shorthand for a spreading family tree of church and theological traditions Each tradition embodies a historically shaped perspective on the beliefs practices and priorities that make up a Christian community Whether you are an insider to one tradition a hybrid of two or three or as many Christians today an outsider to all Exploring Protestant Traditions is a richly informative field guide to eight prominent Protestant theological traditions Lutheran Anabaptist Reformed Anglican Baptist Wesleyan Dispensational and Pentecostal Clearly and evenhandedly W David Buschart traces the histories of each tradition explains their interpretive approaches to Scripture and identifies their salient beliefs As a result you will gain a sense of what it is to believe and worship as a Reformed or Pentecostal Christian who the traditions heroes are and where the theological accents are placed Charts displaying the denominational representatives of each tradition and bibliographies mapping the path for further explorations add to the value of this guide This is a book that seeks to receive rather than evaluate to listen and understand rather than judge or correct His is a model of theological hospitality that encourages you to open your doors to the varied ways in which Protestantism has taken root in history and human society Some things take time like coming to know a religious tradition But Exploring Protestant Traditions is an excellent place to start
