## Quest For The Nonsuch:

*The Quest for Nonsuch* John Dent, 1962      **Surrey** Ian Nairn, Nikolaus Pevsner, Bridget Cherry, 2002-01-01 Surrey's architecture is a constantly surprising mix of the rural and urban with many of its most important buildings such as the seventeenth century Ham House found amongst the outgrowth of London itself The landscape gardens of Painshill and Claremont attest to Surrey's popularity in the eighteenth century and the county's enthusiasm for follies and remarkable garden buildings More recent architecture includes notable early works by Lutyens with gardens by Gertrude Jekyll inspired by the rich stock of late medieval farmhouses and tile hung cottages in the county's southern villages Among interwar suburban housing there are some exceptional Modernist homes such as The Homewood by Patrick Gwynne Church architecture in Surrey includes work by all of the great names of the Gothic Revival not least of its surprises is the luminous and spacious interior of Guildford Cathedral      Architectural Involutions Mimi Yiu, 2015-11-15 Taking the reader on an inward journey from fa ades to closets from physical to psychic space Architectural Involutions offers an alternative genealogy of theater by revealing how innovations in architectural writing and practice transformed an early modern sense of interiority As the English house underwent a process of inward folding replacing a logic of central assembly with one of dissemination the subject who negotiated this new scenography became a flashpoint of conflict in both domestic and theatrical arenas The book launches from a matrix of related platforms a term that in early modern usage denoted scaffolds stages and draftsmen's sketches to situate Alberti Shakespeare Jonson and others within a landscape of spatial and visual change Engaging theory with archival findings Mimi Yiu reveals an emergent desire to perform subjectivity to unfold an interior face to an admiring public      **Plaster Casts** Rune Frederiksen, Eckart Marchand, 2010-09-27 This volume originates from an international conference Oxford University 2007 Texts address plaster casts and related themes from antiquity to the present day and from Egypt to America Mexico and New Zealand They are of interest to classical archaeologists art historians the history of collecting curators conservators collectors and artists Articles explore the functions status and reception of plaster casts in artists workshops and in private and public collections as well as hands on issues such as the making trading display and conservation of plaster casts Case studies on artists use of material and technique include ancient Roman copyists Renaissance sculptors and painters Dutch 17th century workshops Canova Boccioni and others A second theme is the role of plaster casts in the history of collecting from the Renaissance to the present day Several papers address the dissemination of visual ideas models and ideals through the medium Papers on modern and contemporary art illuminate the changing uses and semantic values of plaster casts in this period Amongst the types of casts discussed are artists models and final works as well as casts after antiquities including sculpture architecture and gems dactyliothecae The volume demonstrates the richness of the field both in terms of the material itself and modern scholarship concerned with it Conceived as a handbook for students academics curators and collectors the text will form a standard work on the role of

plaster casts in the history of Western sculpture      **The Early Modern Grotesque** Liam Semler, 2018-10-26 The Early Modern Grotesque English Sources and Documents 1500 1700 offers readers a large and fully annotated collection of primary source texts addressing the grotesque in the English Renaissance The sources are arranged chronologically in 120 numbered items with accompanying explanatory Notes Each Note provides clarification of difficult terms in the source text locating it in the context of early modern English and Continental discourses on the grotesque The Notes also direct readers to further English sources and relevant modern scholarship This volume includes a detailed introduction surveying the vocabulary form and meaning of the grotesque from its arrival as a word concept and aesthetic in 16th century England to its early maturity in the 18th century The Introduction Items and Notes complemented by illustrations and a comprehensive bibliography provide an unprecedented view of the evolving complexity and diversity of the early modern English grotesque While giving due credit to Wolfgang Kayser and Mikhail Bakhtin as masters of grotesque theory this ground breaking book aims to provoke new evidence based approaches to understanding the specifically English grotesque The textual archive from 1500 1700 is a rich and intriguing record that offers much to interested readers and researchers in the fields of literary studies theatre studies and art history      **Henry VIII** J. J. Scarisbrick, 2011-05-31 Henry VIII s forceful personality dominated his age and continues to fascinate our own In few other reigns have there been developments of such magnitude in politics foreign relations religion and society that have so radically affected succeeding generations Above all the English Reformation and the break with Rome are still felt more than four centuries on First published in 1968 J J Scarisbrick s Henry VIII remains the standard account a thorough exploration of the documentary sources stylishly written and highly readable In an updated foreword Professor Scarisbrick takes stock of subsequent research and places his classic account within the context of recent publications It is the magisterial quality of J J Scarisbrick s work that has enabled it to hold the field for so long Steve Gunn Times Literary Supplement      The Court as a Stage Steven J. Gunn, A. Janse, 2006 European and English courtly culture and history reappraised through the prism of the court as theatre In the past half century court history has lost the air of frivolity that once relegated it to the margins of serious historical study and has rightfully taken a central part in the study of European states and societies in the age of personal monarchy Yet it has been approached from so many different angles and appropriated to so many different models that it can be hard to put all our new understandings together to achieve a proper perspective on the functions of the court as a whole This collection of essays uses the idea of the court as a stage for social and political interaction to re integrate different styles of court history focusing on courts in England and the Low Countries from the age of Richard II and Albert of Bavaria to that of Elizabeth I and Philip II Themes studied include the relationship between court politics and cultural change the social and political functions of court office holding the military judicial and propagandist roles of the court the economic relationships between courts and cities and the wider social and political significance of court rituals and traditions      The Poem and the Garden in Early Modern England

Deborah Solomon, 2022-12-30 This book draws attention to the pervasive artistic rivalry between Elizabethan poetry and gardens in order to illustrate the benefits of a trans media approach to the literary culture of the period In its blending of textual studies with discussions of specific historical patches of earth *The Poem and the Garden* demonstrates how the fashions that drove poetic invention were as likely to be influenced by a popular print convention or a particular garden experience as they were by the formal genres of the classical poets By moving beyond a strictly verbal approach in its analysis of creative imitation this volume offers new ways of appreciating the kinds of comparative and competitive methods that shaped early modern poetics Noting shared patterns both conceptual and material in these two areas not only helps explain the persistence of botanical metaphors in sixteenth century books of poetry but also offers a new perspective on the types of contrastive illusions that distinguish the Elizabethan aesthetic With its interdisciplinary approach *The Poem and the Garden* is of interest to all students and scholars who study early modern poetics book history and garden studies Savage Fortune Lyn Boothman, Richard Hyde Parker, David Percy Dymond, 2006 The central document is a remarkable inventory of 1635 6 taken after Thomas died listing the contents of Melford Hall in Suffolk Rocksavage in Cheshire and a town house on Tower Hill in London Jacket Privacy, Playreading, and Women's Closet Drama, 1550-1700 Marta Straznicky, 2004-11-25 Marta Straznicky offers a detailed historical analysis of early modern women's closet plays plays explicitly written for reading rather than public performance She reveals that such works were part of an alternative dramatic tradition an elite and private literary culture which was understood as intellectually superior to and politically more radical than commercial drama Elizabeth Cary Jane Lumley Anne Finch and Margaret Cavendish wrote their plays in this conjunction of the public and the private at a time when male playwrights dominated the theatres In her astute readings of the texts their contexts and their physical appearance in print or manuscript Straznicky has produced many fresh insights into the place of women's closet plays both in the history of women's writing and in the history of English drama **Garden and Grove** John Dixon Hunt, 1996 This is a major work and I think Hunt's best Once picked up the book cannot be put down for it is an exciting exegesis of the continuing Italian influence upon English garden art *Country Life The Estates of the English Crown, 1558-1640* R. W. Hoyle, 2002-08-08 This collection of essays is the first full account of the largest estate in early modern England against which the fortunes of all other estates may be judged Previous accounts have tended to regard the Crown lands as a resource to be plundered by successive monarchs in times of need much of the monastic land confiscated by Henry VIII had been sold by the time of his death and the estates had mostly been liquidated to meet the demands of expenditure by 1640 It is not denied in these essays that the estates suffered from the attrition of periodic sale but the estates are also seen as a continuing enterprise of complexity and sophistication Each essay is concerned with the dialogue between the Exchequer and its local administrators and tenants The success and failure of initiatives launched by the Exchequer is illustrated by examples drawn from many communities throughout England Playing Spaces in Early Women's Drama

Alison Findlay,2006-10-19 This study examines the playing spaces for early modern women s drama      **Surrey Folk Tales**  
Janet Dowling,2011-11-30 Surrey s landscape shaped by the Devil s mischief and the whims of dancing Pharisees is home to a wealth of tales For Surrey is a place where dragons have stalked dripping poisoned saliva from their yellow teeth a place where horses have sprouted wings in order to rescue bewitched villagers a place where pumas with the gift of speech have prowled the countryside From the legends of Stephen Langton to the marvels of Captain Salvin and his flying pig Janet Dowling has vividly retold these myths and stories of Surrey and brought to life the county s heroes villains and saints

**The Oxford Handbook of the Age of Shakespeare** R. Malcolm Smuts,2016-06-30 The Oxford Handbook of the Age of Shakespeare presents a broad sampling of current historical scholarship on the period of Shakespeare s career that will assist and stimulate scholars of his poems and plays Rather than merely attempting to summarize the historical background to Shakespeare individual chapters seek to exemplify a wide variety of perspectives and methodologies currently used in historical research on the early modern period that can inform close analysis of literature Different sections examine political history at both the national and local levels relationships between intellectual culture and the early modern political imagination relevant aspects of religious and social history and facets of the histories of architecture the visual arts and music Topics treated include the emergence of an early modern public sphere and its relationship to drama during Shakespeare s lifetime the role of historical narratives in shaping the period s views on the workings of politics attitudes about the role of emotion in social life cultures of honour and shame and the rituals and literary forms through which they found expression crime and murder and visual expressions of ideas of moral disorder and natural monstrosity in printed images as well as garden architecture      Religion, Culture and Society in Early Modern Britain Patrick Collinson,Anthony Fletcher,Peter Roberts,2006-11-02 Seventeen distinguished historians of early modern Britain pay tribute to an outstanding scholar and teacher presenting reviews of major areas of debate
