Quest for the Queen Tony Abbott, 2000 Princess Keeah competes in the Quest to try to win the prize which might break the magic spell on her mother Anthology 3 Quest for a Queen James Malcolm, 2013-04-15 Leap of Faith It was late morning the birds were singing and all but a few were still asleep The colony had worked as hard as they played and the late night fun had taken its toll on everyone The events of the day before were a huge success with games and pageantry along a few surprises thrown in Digger Luna and Cocoa had slept outside near the ponds and were joined by Amy Austin Ricky and Chord who were the first of early risers The cricket was very impressed by the ants They were everything the rabbit had said they were He was intrigued by their creative nature and fascinated with their determination Id never been to a party like yours until last night I played so hard and had so much fun my legs are a little sore this morning Chord admitted Weve never had a party like that before but I know what you mean With all the running and dancing my legs are tired too Ricky replied I may be the only one whos not exhausted I guess its because I didnt have a dance partner but my throat is a little dry from all my whistling the rabbit shared Digger told me you guys are looking for your queen Chord said We were but weve got one now Amy teased What do you need a queen for Youve already got everything you could possibly want This might sound strange to you but its the queen who needs us Austin answered Nothing is strange to me anymore not after yesterday I hadnt considered the queen needing you but I see your point We have a lot of knowledge to share which would improve her colonies quality of life and possibly insure their survival Every colony should have a queen and its the one thing we dont have Austin explained Ive seen ants along the creek and near the woods several times but I dont know where they come from Chord admitted Theyve crossed the meadow through my mushroom patch too I think the colony is somewhere along the fence line Digger added I appreciate all the information We havent decided when well resume our search but Im sure it will be in the very near future Austin shared The friends departed for home a short time later before everyone else woke up Life in the colony had changed forever The city was as complete as it could be and the timetable of future projects was virtually nonexistent They were proud of all they had accomplished in such a short time but now the challenge was missing for some of the educated ants It wasnt that they were unhappy for life had been good but their desire had always been to find their queen Having time on their hands gave them more thoughts about reaching that goal They knew they had to resume their quest for a queen They could feel the desire in their heart and soon it would be time to leave again The original nine ants met with Adam and James in a private meeting away from the colony It was their quest and they couldnt expect the rest of the

colony to participate since they hadn't missed having a queen and done quite well. This was personal and dear to their hearts. James would have to run the colony in their absence. Agnes was adamant about staying behind. She had experienced enough excitement for a lifetime just in reaching the barn and had no desire for the drama of a quest. She had everything she needed and wanted nothing more. Louise was still fulfilling her dream as a seamstress and there was definitely a need for her services. She wanted to go but her heart was in her work. Christian wanted to stay where the food was. He didn't want to worry about his next meal. Besides, he couldn't think when he was hungry. Adam, on the other hand, wanted to go. He'd never been on a real adventure before and wanted to live it for himself rather than hear the stories told through someone else. He begged his dad to let him go and James agreed, knowing

Propelled initially by its Presbyterian instincts and an attachment to Gaelic culture, Queen's has prospered and adapted over the years to match Canada's ever-changing dynamics. In this third volume of Queen's University's official history, Duncan McDowall demonstrates that the late twentieth century was a contest between expediency and tradition, waged through crisis and careful evolution. Testing Tradition calibrates the durability of Queen's vaunted traditions in the face of shifts in the broader Canadian society. During this time of massive postsecondary expansion, Queen's grew sevenfold from a small collegial campus of 3,100 students to a sprawling cosmopolitan place of more than 20,000 students from over 120 countries engaged in undergraduate, graduate, and professional programs. Measuring Queen's

University's responses to concerns over social diversity human rights and gender equity through the eyes of its trustees administrators students faculty and the Kingston community this volume pays particular attention to the experiences of women and visible minorities at the university Copiously illustrated with photographs of important people events and aspects of campus life this volume shows how Queen's in having its traditions tested has worked to retain the best of its past while accepting the inevitability of change
