Quest Of Wholeness An Evaluation Of The:

The Philosopher's "I" J. Lenore Wright, 2012-02-01 This book examines philosophers autobiographies as a genre of philosophical writing Author J Lenore Wright focuses her attention on five philosophical autobiographies Augustine s Confessions Descartes Meditations Rousseau s The Confessions Nietzsche s Ecce Homo and Hazel Barnes s The Story I Tell Myself In the context of first person narration she shows how the philosophers in question turn their attention inward and unleash their analytical rigor on themselves Wright argues that philosophical autobiography makes philosophical analysis necessary and that one cannot unfold without the other Her distinction between the ontological and rhetorical dimensions of the self creates a rich middle ground in which questions of essence and identity bear upon existence **Frantz Fanon for the 21st Century Volume 1 Frantz Fanon's Discourse of Racism and Culture, the Negro and the Arab**

Deconstructed Daurius Figueira, 2018-11-19 Frantz Fanon 1925 1961 in the 1950s unleashed his discourse of the black white complex and the Negro thereby commencing his contribution to the international movement for liberation from colonial oppression and racism through a specific process of decolonisation In the 21st century the intensifying wave of racist assaults on non white peoples in the North Atlantic has once again raised the issue of racism white people and the North Atlantic State This book focuses on WE the non whites in our complicity with North Atlantic white supremacy through a deconstruction of Fanon s discourse which presents a 21st century analysis of the 21st century non white reality of our self hate self immolation and racism against non whites as ourselves and the beneficiary of this self hate white North Atlantic hegemony **Africa's Social and Religious Quest** Randee Ijatuyi-Morphé, 2014-01-30 This well crafted book probes the key dimensions of Africa s existential predicament It constitutes an intellectual response to a gnawing African situation the starting point for grasping Africa s social and religious quest Beyond split explanations of external versus internal factors e g colonization slavery vs leadership cultural values this study accounts more comprehensively for emergent issues shaping this situation The situation reflects a gamut of problems in traditional African religion and material culture which hitherto defines African communality politics and destinies vis vis the cosmos and nature Thus African religion and communities each with its own attendant values do not operate by critical engagement with larger issues of society and civilization especially those shaped by the advent of post modernity Rather they operate via adaptation The communal drive for natural and social harmony inevitably produces a preservationist view of culture leaving things as they are This study takes an integrative approach to religion society and civilization eschews dichotomies and broadly defines and re signifies life and wholeness as a true end of Africans quest today

a study of human transcendence in the context of human striving projecting surpassing overcoming This power is central to man s search for wholeness Such transcendence makes reality tolerable It provides us with m impressive array of human responses which enable us to cope But it also provides the excesses that go beyond human striving Nothing seems to be off limits to this ubiquitous power Such a state of surpassing limits is what we find in the relation between the human search for wholeness and the quest for external totalities which lies beyond the human context Such soaring flights beyond the capacity of human striving are hard to control impossible to show responsibility for and beyond the reach of criteria The reach exceeds both our grasp and our control Transcendence then is a greatly used and much abuse human power Its activities have never ceased to amaze me its excesses have always troubled me even from the beginning of my studies This book is not an exercise in self clarification I have some thoughts on the matter which I wish to share with the reader Perhaps we can mutually appreciate the great gift without compromising our sanity Part I will provide a new look at the meaning of transcendence
