There can be few statesmen whose lives and careers have received as much investigation and literary attention as Winston Churchill. Relatively little, however, has appeared which deals specifically or holistically with his first senior ministerial role, that of Secretary of State for the Home Office. This may be due to the fact that of the three Great Offices of State which he was to occupy over the course of his long political life, his tenure as Home Secretary was the briefest. The Liberal Government of which he was a senior figure had been elected in 1906 to put in place social and political reform. Though Churchill was at the forefront of these matters, his responsibility for domestic affairs led to him facing other major challenges. Departmentally, this was a time of substantial commotion on the social front with widespread industrial and civil strife. Even given that Home Secretaries never do have an easy time, his period in office was thus marked by a huge degree of political and social turbulence. The terms Tony Pandy and Peter the Painter perhaps spring most readily to mind. Rather less known is his involvement in one of the burning issues of the time, female suffrage, and his portrayal as the prisoners' friend in terms of penal reform. Aged 33 on appointment and the youngest Home Secretary since 1830, he became empowered to wield the considerable executive authority inherent in the role of one of His Majesty's Principal Secretaries of State, and he certainly did not shrink from doing so. There were, of course, commensurate responsibilities, and how he shouldered them is worth examination.

**Story of a Murder** Hallie Rubenhold, 2025-03-25. This is the story of a murder, not a murderer. In this epic examination of one of the most infamous murders of the twentieth century, bestselling author of *The Five* Hallie Rubenhold gives voice to those who were never properly heard: the women. On February 1, 1910, the vivacious, diamond-adorned music hall performer Belle Elmore suddenly vanished from her home, causing alarm among her friends, the entertainers of the Music Hall Ladies Guild. Their demands for an investigation would lead to the unearthing of a gruesome secret and trigger a fevered international manhunt for Belle's husband, medical fraudster Dr. Hawley Harvey Crippen. Ethel Le Neve Crippen, his typist and lover, who fled with Crippen in disguise, has always been hidden in the shadows of this tale. Was she really just an innocent young girl in thrall to a powerful older man? And was there an equally sinister story behind the death of Crippen's first wife, Charlotte, brimming with twists and featuring a carnival cast of eccentric entertainers, star lawyers, zealous detectives, medics, and liars?
