# Question Of Henry James A Collection Of Critical Essays

**Barbara Hardy**

## Question Of Henry James A Collection Of Critical Essays:

The Question of Henry James Frederick Wilcox Dupee, 1969      *The Question of Henry James. A Collection of Critical Essays [by Various Authors]. Edited by F.W. Dupee* Frederick Wilcox Dupee, 1947      The Question of Henry James F. W. Dupee, 2018-10-08 Excerpt from The Question of Henry James A Collection of Critical Essays But among wells s contemporaries were other writers Con rad Ford Madox Ford Percy Lubbock whose appreciation of James s art was profound For them his researches in form were an integral feature of his genius and they did not hesitate if they were novelists to take over certain of his innovations or if they were gi lts to adopt his theories as their own The whole period in England was one of experiment in novel writing and James s literary principles as embodied in his novels and stories and explained in the prefaces to the New York Edition of his work helped to stimulate some very good books on the poetics of the novel and inspired even in those who disagreed an atten tion which at that time they seldom received in America About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **The Question of Henry James** Henry James, 1947      *The Critical Reception of Henry James* Linda Simon, 2007      **Henry James** Harold Bloom, 2009 Presents critical analyses of five novels by Henry James each with a plot summary and list of characters and includes a biography of James and an index of themes and ideas      **Henry James; a Collection of Critical Essays** Leon Edel, 1963 Essays by Henry James      **Henry James's American Girl** Virginia C. Fowler, 1984 The figure of the American girl is one that surfaces regularly in Henry James s fiction Most prominent in the international novels where the compelling portrait of an Isabel Archer or a Maggie Verver commands attention James s girl is a complex character eager for experience yet crippled by fear hungry for selfhood yet tragically incapable of achieving it In this lucid exploration of James s young women Professor Fowler examines the psychology literary function and cultural roots of the American girl The result is a new perspective on James s fiction and a reassessment of his views on feminine identity sexual relations and American culture that will be of interest and value to all students of American literature women s studies and Henry James      *Henry James* Jeanne Delbaere-Garant, 2013-05-22 Both James s life and his literary career might be figured as a double spiral rooted at the one end in the American soil and in romanticism contracting in its middle on contact with France and French naturalism and expanding again into the Anglo Saxon world and into the twentieth century The spiral which also suggests the artist s indirect approach to reality strikes me as an adequate symbol for Henry James From Bramante s ramp in the Vatican to F L Wright s in the Guggenheim Museum it has always been the favourite shape of all

those who claimed greater freedom for the artist rejected the fixity of academic rules and were convinced that art like the spirit of man is capable of endless progress     **Henry James and the ideology of culture** ,     **Henry James** Barbara Hardy,1995 A critical analysis of James later writing both the great novels and autobiography travel and criticism     **Henry James** Graham Clarke,1991 First Published in 1992 Routledge is an imprint of Taylor Francis an informa company     The Theoretical Dimensions of Henry James John Carlos Rowe,2009-08-27 Rowe examines James from the perspectives of the psychology of literary influence feminism Marxism psychoanalysis literary phenomenology and impressionism and reader response criticism transforming a literary monument into the telling point of intersection for modern critical theories

**Ethical Aestheticism in the Early Works of Henry James** Tomoko Eguchi,2016-05-11 This study re locates the work of Henry James by revealing parallels between the aestheticism of John Ruskin and that of James It explores a mix of well known fictional texts alongside James s essays and tales which are less frequently analysed but which nevertheless offer important insights into James s attitude to his artistic method Tracing James s early development in comparison with Ruskin s this book also explores German Romantic thought and the idealism of Kant Goethe and Hegel While examining the German connections with James this study is also alert to James s relations with Walter Pater and French realism to which James became increasingly close in the mid 1880s Rather than placing James within one single category it demonstrates how James interfused Romanticism and realism in establishing his own form of aestheticism Shedding light on James s period of apprenticeship this book therefore articulates the Victorian concept of aestheticism as used by James and Ruskin

Palgrave Advances in Henry James Studies P. Rawlings,2007-01-09 This book explores landmark criticism on a writer who continues to command critical attention In addition to mapping out the existing critical terrain these essays offer a sense of future trajectories in James studies Essays consider James own criticism and theories of narrative and architecture James letters money and globalization     Henry James, Gertrude Stein, and the Biographical Act Charles Caramello,2000-11-09 Focusing on biographical portraiture Charles Caramello argues that Henry James and Gertrude Stein performed biographical acts in two senses of the phrase they wrote biography but as a cover for autobiography Constructing literary genealogies while creating original literary forms they used their biographical portraits of precursors and contemporaries to portray themselves as exemplary modern artists Caramello advances this argument through close readings of four works that explore themes of artistry and influence and that experiment with forms of biographical portraiture James s early biography of Nathaniel Hawthorne and his much later group biography William Wetmore Story and His Friends and Stein s celebrated Autobiography of Alice B Toklas and her largely forgotten Four in America which comprises biographies of Ulysses S Grant Wilbur Wright Henry James and George Washington The first comparative study of these two great expatriate writers Henry James Gertrude Stein and the Biographical Act addresses questions of art influence and literary culture by analyzing important biographical portraits that themselves address the same questions Originally published 1996 A UNC Press

Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Cognitive Stylistics Elena Semino, Jonathan Culpeper, 2002-11-05 This book represents the state of the art in cognitive stylistics a rapidly expanding field at the interface between linguistics literary studies and cognitive science The twelve chapters combine linguistic analysis with insights from cognitive psychology and cognitive linguistics in order to arrive at innovative accounts of a range of literary and textual phenomena The chapters cover a variety of literary texts periods and genres including poetry fictional and non fictional narratives and plays Some of the chapters provide new approaches to phenomena that have a long tradition in literary and linguistic studies such as humour characterisation figurative language and metre others focus on phenomena that have not yet received adequate attention such as split selves phenomena mind style and spatial language This book is relevant to students and scholars in a wide range of areas within linguistics literary studies and cognitive science

*Henry James's Psychology of Experience* Granville H. Jones, 2019-01-29 No detailed description available for Henry James s Psychology of Experience

Psychology in the Fiction of Henry James Teckyoung Kwon, 2024-04-15 Psychology in the Fiction of Henry James Memory Emotions and Empathy focuses on the study of consciousness also examines new ways to read fiction from a scientific perspective one that draws upon early psychological theories and recent neuroscientific research Freud and William James stand together as intellectual pioneers who contributed to our understanding of the revolutionary concept of consciousness Meanwhile Henry James devoted his life to the development of narrative methods that would extend the realm of Realism a pursuit that led him to draw upon consciousness and experience alike When examining these three figures the key components of consciousness that they shared in common turn out to be memory emotions and empathy This volume deals with theoretical works on those three concepts by the works of Freud William James and recent neuroscientists as well as two narrative techniques Henry James devised to represent consciousness ghosts and Free Indirect Discourse Additionally this book is an analysis of Henry s major fictions to show how those scientific terms have been used to achieve a fresh reading of his novels Overall this volume demonstrates that the three components are elements in the dual aspect monism that Freud proposed earlier

**Henry James: The Young Master** Sheldon M. Novick, 2011-07-27 As if Henry James himself were guiding us we visit old Calvinist New York in the mid nineteenth century and share the coming of age of a young man whose boldness of spirit and profound capacity for affection attract both men and women to him We journey with James through Italy and France witness his first love affair in Paris and settle with him in London at the height of Empire in the Victorian Age We scale the heights of London society with him and as the world opens to James we share with him the experience of writing a series of celebrated and successful novels culminating with Washington Square on which the play The Heiress is based and his masterpiece The Portrait of a Lady The Washington Post

Book World notes It is no small ambition to write a biography of James that is commensurate with that master and Sheldon Novick has done it Splendidly written Novick has aimed to bring James back to life and he has succeeded brilliantly The Washington Post Book World Like a movie of James s life as it unfold moment to moment The New York Times Masterful in bringing James and his world to life San Francisco Examiner Chronicle Beautifully written with a grace that enables Sheldon Novick to weave his subject s words in and out of his own with a properly Jamesian suavity Novick s account gives one a profound respect for James s persistence and power of will The New Republic NOTE This edition does not include a photo insert

The Enigmatic Realm of **Question Of Henry James A Collection Of Critical Essays**: Unleashing the Language is Inner Magic
