## **Questioning Authority Stories Told In School:**

Questioning Authority Linda Adler-Kassner, Susanmarie Harrington, 2001 Presents a collection of essays on the teaching of composition and essay writing      Theology of The Womb Christy Angelle Bauman, 2019-12-06 If it is true that God is a male then His Divinity or Deity is expressed in His masculinity Yet I am a woman and there are parts of my body such as my breasts my vagina and my womb that are telling a story about God that I have never learned or understood This is an exploration of the significance of a womb that must shed and bleed before it can create How will we engage our body which cyclically bleeds most of our life and can build and birth a human soul How will we honor the living womb that lives and sometimes dies within us This is a book about the theology found in the cycle of the womb which births both life and death Every day each one of us is invited to create and every day we make a decision knowing that from our creation can come death or life Women s voices have been silenced for a long time as society and the church has quieted their bodies Will we courageously choose to listen to the sound of your voice the song of your womb and speak for the world to hear

**Questions of Authority** Laura Olcelli, 2017-10-12 Questions of Authority investigates Italian Australian literary travel exchanges throughout the long nineteenth century The 1800s witnessed major transformations in Australian overseas travel it gradually evolved from a replica of the Continental Grand Tour of the British to a more idiosyncratic cosmopolitan experience either touristic or professional Moreover it was during the second half of this century that both Italy and Australia underwent crucial political upheavals these resulted in shifts from colonial and subjugated status to self government and ultimately independence This volume connects these geographical political and sociocultural contexts of Italy and Australia by considering their interlaced odeporic library produced at a significant time in history Additionally this book analyses key texts compiled by Italians in Australia and Australians in Italy these chiefly consist of voyage accounts but also include the records of explorers missionaries scientists and migrants coming from the Italian peninsula These primary sources include unpublished travel diaries compiled by the first Victorian women visitors to the Bel Paese which have been largely neglected by scholarship thus far This examination pinpoints the enduring significance of Italy in travel related terms showing how this destination was adapted from the map of eighteenth century British Grand Tourists to that of nineteenth century Australian holiday makers Most critically Questions of Authority argues Italian Australian peripatetic connections entail issues of authority that emerge in the ways in which Italian and Australian travel writers displayed their authorship cultural capital and national identification in relation to the other country Finally it demonstrates how these are highly regulated by and yet simultaneously challenge British colonial hegemony      **Contested Terrain** Phyllis Kahaney, Judith Liu, 2001 A challenge to the way we think about writing on university campuses      **Controversial Books in K-12 Classrooms and Libraries** Randy Bobbitt, 2019-10-04 Controversial Books in K 12 Classrooms and Libraries Challenged Censored and Banned analyzes the history of controversy surrounding assigned reading in K 12 classrooms and books available in school libraries Randy

Bobbitt outlines the history of book banning and controversy in the United States stemming from 1950s conservative Cold War values of patriotism and respect for authority and ramping up through the 1960s and onward as media coverage and parental intervention into the inner workings of schools increased The author claims that sensitive topics including sexuality suicide and drug use do not automatically imply the glorification of deviant behavior but can be used constructively to educate students about the reality of life Bobbitt argues that in an effort to shield children from the dangers of controversial issues parents and administrators are depriving them of the ability to discover and debate values that are inconsistent with their own and those around them teaching instead that avoidance of different viewpoints is the solution Scholars of education communication literature and policy will find this book especially useful **The School Book Question** Egerton

Ryerson,1866 *Indigenous Evangelists and Questions of Authority in the British Empire 1750-1940* ,2015-08-25 This is the first full length historical study of indigenous evangelists across a range of societies geographical regions and colonial regimes and the first to focus on the complex issues of authority surrounding the evangelists It answers a need frequently voiced in recent studies of Christian missions Most scholars now acknowledge that the remarkable expansion of Christianity in Africa Asia and the Pacific in the nineteenth and twentieth centuries owed far more to the efforts of indigenous preachers than to the foreign missionaries who loom so large in publications This book addresses that concern making an excellent introduction to the role of indigenous evangelists in the spread of Christianity and the many countervailing pressures with which these individuals had to contend It also includes in the introductory discussions useful statements of the current state of scholarship and theoretical debates in this field [The School Book Question: Letters in Reply to the Brown-Campbell](#)

*The Other School Reformers* Adam Laats,2015-02-09 The idea that American education has been steered by progressivism is accepted as fact by liberals and conservatives alike Adam Laats shows that this belief is wrong Calling to center stage conservatives who shaped America's classrooms he shows that in the long march of American public education progressive reform has been a beleaguered dream

Bad at Math? Lidia Gonzalez,2023-02-03 Math really is for everyone so let's prove it You've heard it from kids from friends and from celebrities I'm bad at math It's a line that society tends to accept without examination after all some people just aren't math people right Wrong As we do with other essential skills we need to expose the stereotypes challenge the negative mindsets and finally confront the systemic opportunity gaps in math education and replace them with a new vision for what math is who it's for and who can excel at it In this book you'll find Research on teacher and student mindsets and their effect on student achievement Audience specific and differentiated tools reflection questions and suggested actions for educators at all levels of the system Examples from popular media as well as personal stories and anecdotes Quotes data driven figures and suggestions for deeper learning on all aspects of a positive and equitable vision of math education Both social commentary and a toolkit of solutions this bold new book directly challenges the constructs that have historically dictated our perceptions of what makes someone a math person Only by dismantling those misplaced assumptions can we reform math education so it works for everyone Because in truth we are all math people
