## Questioning Your Faith:

**After Doubt** A. J. Swoboda, 2021-03-02 Is there a way to walk faithfully through doubt and come out the other side with a deeper love for Jesus the church and its tradition Can we question our faith without losing it Award winning author pastor and professor A J Swoboda has witnessed many young people wrestle with their core Christian beliefs Too often what begins as a set of critical and important questions turns to resentment and faith abandonment Unfortunately the church has largely ignored its task of serving people along their journey of questioning The local church must walk alongside those who are deconstructing their faith and show them how to reconstruct it Drawing on his own experience of deconstruction Swoboda offers tools to help emerging adults navigate their faith in a hostile landscape Doubt is a part of our natural spiritual journey says Swoboda and deconstruction is a legitimate space to encounter the living God After Doubt offers a hopeful practical vision of spiritual formation for those in the process of faith deconstruction and those who serve them Foreword by pastor and author John Mark Comer

**Questioning Your Faith** Stephen Robinson, 2004-11-01 There is a disturbing movement in the Western world today based on the principle of anything but Christianity But even believers wrestle daily with faith and understanding of God There are three main areas that cause skepticism and doubt regarding Christianity in both believers and non believers The first is the pursuit of science as ultimate truth This book reconciles the Bible s teachings on sin and salvation with modern science while glorifying the Creator Second because of misconstrued beliefs about human equality the notion that all religions are fundamentally the same has become popular A careful examination of the beliefs of the major religions shows that they are all very different and cannot be reconciled into one universal faith Finally the applications of flawed logic and selective reading to scripture and theology have led many to disregard Christianity as internally inconsistent Here reason and logic are fused with Christian beliefs to show their congruence with a rational God To know God and be saved through his son are the supreme goals of every human but Jesus said that we are in his will if we spread with our mouths the truth we contain in our hearts An objective critique of Christianity allows us to change doubts into confidence from which we can move into bold evangelism

Questioning Our Faith in Practice Katherine Turpin, 2024-10-07 Practical theology emerged as a discipline steeped in white supremacy traces of which can be found in some of its most central practices and habits of mind Identifying the remnants of this legacy allows practical theologians to begin to imagine how to proceed without reinscribing narratives of white saviors unlimited progress dominating control of bodies and individual heroic leadership You are invited to question this worldview while learning from scholars imagining a decolonized future

Questioning Your Doubts Christina M. H. Powell, 2014-10-03 You are not alone with your doubts Scientist and cancer researcher Christina Powell helps us grapple with our doubts about God allowing us to move beyond skepticism disillusionment or painful life circumstances We can ultimately work through challenges to faith and find a renewed confidence in our beliefs when we dig deeper into our questions

*Why Am I A Christian* Zac Johnson, Ryan

Johnson,2012-03 WHY AM I A CHRISTIAN is a book of more than 200 questions designed to make you reevaluate your beliefs in an effort to grow and improve None of us can claim to know all the answers or to live mistake free lives and for this reason we always have room to better ourselves and our understanding of humanity life and God The questions contained in this book will encourage you to break free from complacency and the false security of unquestioned beliefs It s not easy to examine your convictions however it will leave you with a stronger more secure faith This is certainly not a complete list of useful questions and our hope is that you continue to think of your own questions long after you ve finished this book We have seen a tremendous growth in our own lives as a result of asking ourselves these questions and we pray that they have a positive impact on your lives

**When Your Faith Choices Are Unclear** Dr. Clara J. Ushman,2024-12-24 Have you ever wondered Who do I believe What is truth How do I know what I am doing is right I have asked these exact questions many times We all have For me growing up and learning from two different Christian denominations early on made my spiritual journey a crazy ride as seen in this book Many of us are not certain about a variety of our own faith questions So what do we do about this How are these questions to be answered Is it simply reading more scripture More prayers More life experiences Or maybe have I already got the answers but have not recognized them in myself Not easy questions to answer This book will guide you along with my experiences to ask these exact questions Maybe your own answers will come from this book or you could be asking even deeper questions about yourself Join me as we walk through several spiritual excursions
