Questions and Answers on Reincarnation and Karma René M. Querido, 1977 Questions and Answers, Fundamentals of the Occult Sciences Manly Palmer Hall, 1937 **Answers... to the Difficult Questions** Dennis Waite, 2020-03-27 All spiritual seekers encounter problems A question arises which appears to challenge the veracity of their chosen path If an answer is not found quickly there is a great danger that the particular teaching will be abandoned and another sought Dennis Waite draws on traditional Advaita teachings to answer all seeker related questions He first invited questions to his website in 2005 and this book collects questions and answers in a comprehensive volume for experienced and new spiritual seekers One answer often leads to a new worry and his website adavaita vision org continues to accept questions No question is too difficult for Advaita Vedanta and all answers are reasonable The Way of Anthroposophy Stewart Copinger Easton, 1985 As the end of the century approaches the eternal problems of life confronting mankind particularly in the western world appear to be as incapable of solution as they have always been Further problems have emerged as a result of the failure of the products of science and technology to bring about a more contented society as envisaged not so long ago in some circles More than ever before thinking men and women feel the need to seek for answers to the meaning and purpose of life In his opening chapter Dr Easton considers not only the age old questions that have always been asked but also those especially significant for our times As he states this is not a textbook of anthroposophy the spiritual science formulated by the Austrian philosopher Rudolf Steiner 1861 1925 but he presents anthroposophical ideas including those of reincarnation and karma with great clarity and compellingly suggests to the reader their relevance and application to the problems of modern life This book will without doubt be of great help to the growing number of people concerned about the disturbing trends in life today who really feel the need to seek for a solution and who are as the author says looking for something that goes beyond the traditional religious teachings and who do not think modern science has all the answers Back cover **Theosophy Explained in Questions and Answers** Pestanji Temulji Pavri, 1921 *Got Questions?* S.
