Questions On Aesthetic Education:

Questions in Aesthetic Education (RLE Edu K) H Redfern, 2012-05-16 The Question of what aesthetic education is or might be is often a source of incomprehension This book opens up discussion of a complex difficult but highly important topic and offers an introductory survey of the whole area In examining the relationship of the concept of the aesthetic to that of art it challenges the persistent linking by many educationists of aesthetic with creative and the consequent neglect of critical reflection and appreciation *Questions in Aesthetic Education* Hildred Betty Redfern, 1986-01-01 *Philosophical*

Questions in Art Education Dorit Barchana-Lorand, 2025-08-21 This book examines the rationale of incorporating the arts in the school curriculum from a philosophical rather than pedagogical perspective Educational resources are frequently under scrutiny and education policy makers wish to maximize the use of public funds and children s time at school leaving the arts as a lower priority To understand the logic behind this Lorand revisits milestones in the history of the philosophy of art to address core questions in art education namely what are the challenges of teaching the arts And why teach the arts at all Lorand draws on the work of a broad range of philosophers including Dewey Eisner Greene Hume Plato Kant Langer Read and Schiller The book aims to show how attempts to justify art as a tool for societal and individual improvement fail in advocating art education Ultimately she claims that the arts should be taught because children have the right to receive art education That right stems from the unique nature of art *Questions in Aesthetic Education* H. B. Redfern, 1986

Questions in Aesthetic Education Hildred Betty Redfern, 2012 *Aesthetics and Education* Michael J. Parsons, H. Gene Blocker, 1993 What is the appropriate content of aesthetics for students of art at different age levels How can it best be taught How should it be combined with studio work and other art disciplines Michael J Parsons and H gene Blocker answer these and other questions in a volume designed to help art educators potential educators and curriculum developers integrate aesthetics into the study of art in the school curriculum The two introduce some of the philosophical problems and questions in art encouraging teachers and others to form a personal outlook on these issues *Handbook of Research and Policy in Art Education* Elliot W. Eisner, Michael D. Day, 2004-04-12 This work provides an overview of the progress that has characterized the field of research and policy in art education It profiles and integrates history policy learning curriculum and instruction assessment and competing perspectives *Art Education 11-18* Richard Hickman, 2004-04-01 The second edition of the fascinating collection of essays on teaching art in secondary schools boasting a new chapter on visual culture as well as extensive material on the changes that have occurred in this area since 2000 What kind of art would we like school and college students to produce What kind of art do we want them to engage with What is the process of this engagement How should we organize the processes By asking fundamental questions such as these Richard Hickman and his team of contributors illustrate the new possibilities for art education in the twenty first century and draw out the implications for classroom practice making *Art Education 11 18* the definitive guide to the subject in the postmodern era *Teaching and*

A History of Disability and Art Education Claire Penketh, 2023-08-16 Drawing on recent theoretical frameworks from critical disability studies and art education including normalcy ableism disability and Crip theory this book offers an analysis of the conceptualisation of ability in art education and its relationship with disability Drawing on the work of Cizek and Lowenfeld in Austria Ruskin and Richardson in England and Dewey and Eisner in the United States it critically examines the influence of ideas such as the dominance of vision and visuality the emergence of psychological perspectives the Child Art Movement the implications of assessment regimes and the relevance of art education as a critical social practice on the production of disability Offering a sustained inquiry into the differential values attributed to learners and their work and the implications of this for framing our understanding of disability in art education this book shows that although art educators have frequently advocated for the universal appeal and importance of art education they have done so within historical contexts that have produced and determined problematic ideas regarding disability It will be of interest to all scholars and students of disability studies art in education art history and education studies

And We Shall Learn through the Dance Kathleen S. Turner, 2021-07-28 Liturgical dance is a way to present reflect instruct learn study and share religious beliefs with one s self within one s worship community and with one s God Such a belief is confirmed and witnessed within a variety of religious settings throughout the world from the beginning of time to this present age However there is a vacuum of resources that connect liturgical dance within the Christian context as a tool for religious learning within the field of religious education With the continual rise of liturgical dance as an artistic form of expression this book proposes that liturgical dance offers unique attributes conducive to the teaching and learning of faith and to faith formation Kathleen S Turner shows how liturgical dance is religious education in two very important ways first by addressing the power and potential liturgical dance has in nourishing the faith life of Christian congregants through

means that are both educative and reflective and second by giving examples of how liturgical dance can be implemented as a religious education tool within the teaching life of the church

The Handbook of Educational Theories Beverly Irby, Genevieve H. Brown, Rafael Lara-Alecio, Dr. Shirley A. Jackson, 2013-03-01 Although educational theories are presented in a variety of textbooks and in some discipline specific handbooks and encyclopedias no publication exists which serves as a comprehensive consolidated collection of the most influential and most frequently quoted and consulted theories There is a need to put such theories into a single easily accessible volume A unique feature of the Handbook is the way in which it conveys the theories The organization of the chapters within each section makes the volume an easy to use and understandable reference tool as researchers and practitioners seek theories to guide their research and practice and as they develop theoretical frameworks In addition to the traditional theories presented the Handbook includes emerging theories for the 21st Century as well as presenting practical examples of the use of these theories in research from dissertations and published articles An appendix which indicates which theories have instruments associated with them and where those instruments can be found is also included The Handbook consists of 12 sections Section I provides the introduction with a focus on what constitutes good theory as well as how theory guides research and practice The remaining sections address Philosophical Educational Constructs Learning Theory Instructional Theory Curriculum theory Literacy and Language Acquisition Theory Counseling Theory Moral Development Theory Classroom Management Theory Assessment Theory Organizational Theory and Leadership Management Theory Each section consists of an overview written by the section editor of the general theoretical concepts to be addressed by the chapter authors Each chapter within the section will include a a description of the theory with goals assumptions and aspects particular to the theory b the original development of and interactions of the theory c validation of the theory d generalizability of the theory across cultures ethnicities and genders e the use and application of the theory f critiques of the theory g any instruments associated with the theory and h two to five particular studies exemplifying particular theories as individuals have used them in theoretical framework of dissertations or published articles and be written by the original theorist or prominent contributors to the theory The Handbook is intended for graduate students enrolled in research courses or completing theses and dissertations Additionally professors of all educational disciplines in the social sciences would be an interested audience There is also potential use of the text as administrators counselors and teachers in schools use theory to guide practice As more inquiry is being promoted among school leaders this book has more meaning for practitioners
