Quetzal And The Cool School:

Quetzal and the Cool School Bendix Anderson, 2000 It's almost the first day of school but Max is afraid to go. So his big sister Emmy suggests that he practice going to school in Dragon Land. Will Quetzal and the other dragons be able to help Max realize that school is cool?

Slumberfairly Falls Jennifer Liberts Weinberg, 2003 Poor Ord has been having nightmares. Luckily he's visited by Slumberfairies who lead him and his friends to Slumberfairly Falls where Ord discovers that he already knows how to help himself fall asleep. This is a gentle reassuring tale with the message of empowerment that characterizes all Dragon Tales stories.

Too Much Fun Carol Pugliano-Martin, 2002-06-25 Max can't seem to get enough of anything. His mom makes some cookies and says Max and Emmy can only have one. But Max wants more. When he takes a trip to Dragon Land, Max meets the Wantmore Twins who allow him to overdo everything. He eats too much and plays too hard. But Max learns just in time to stop because there is such a thing as too much fun.

The Publishers Weekly, 2003 Raining Cats and Dogs Irene Trimble, 2003 Max and Emmy show the dragons how to do things without flying.

Forthcoming Books

Lost and Found Margaret Snyder, 2003 Hide and Seek with their dragon friends is fun until Emmy decides that she and Max should hide in the Forest of Darkness. Now they're lost and can't wait to be found. This is an exciting story that reassures young readers and at the same time teaches them the important life skills of what you should do if you get lost.

Return of the Quetzal Margaret Gill, 2003-01-13 Return of the Quetzal is a ripping good yarn, a wonderfully dramatic story based on the theme of faiths religious faith, false faith, faith in one's self, in other people, and in one's roots. The teenage heroine Meg, uprooted from her smug little middle class life in England, struggles to find her place in the multi-cultural broil of a small Central American country. She stands alone in both her doubts about the strangely compelling and mysterious new teacher and in her search for her missing brother until she meets Tony, her first friend in a strange country and her first love. The quest for her brother in the heart of the Costa Rican Rain Forest is beautifully realized, as is the terrific final climax to the book.

The Quetzal in Flight Norita Vlach, 1992-10-26 The Quetzal in Flight examines the motives for immigration of Guatemalan families to the United States and explores the processes of psychological change and adaptation that take place within the families during the early period of resettlement. Norita Vlach interviews six families illustrating how each family's culture reflects its origins, decision to move, journey and settling in process. Unique to this study are its focus on a previously undocumented Central American population, the demonstrated interrelation of historical, structural, and acculturation perspectives, and the use of the nuclear family as a model with which to study the immigration process. Following a discussion of migration and mental health and a description of the historical and geographical context of migration in Guatemala, Vlach briefly reviews literature in the field of family studies and migration. The six case studies follow, each one characterized as either centripetal in which families pull together to face the new world or centrifugal in which

members are disengaged and in conflict The author summarizes how the families cope under stressful circumstances how they use resources and how they exhibit conflicting perceptions of both Guatemala and the United States The effect of civil war in Guatemala the role of the evangelical church the consequences of marital and family separation and reunification and the disquieting reaction of Guatemalan migrant youth to their transplantation into the United States are all addressed Vlach concludes by discussing the implications for anthropological theory and applied work Although this study is specific to Guatemalan families its findings apply readily to recent immigrants and refugees of other Latin American countries

The BIG Trip Martha McManamy,2014-07-09 Taking a year off from the rat race is an idle dream for many but the McManamy family including their three teenagers decided to make it happen *The Big Trip A Family Gap Year* tells how they put high school college and work on hold while they learned Spanish in Spain and volunteered in Bolivia Guatemala and Kenya Choosing home stays and local transportation over hotels and rental cars they undertook a deeply immersive journey of slow travel living simply and experiencing life as the locals do The teenagers contributed their own creative poems and stories to *The Big Trip A* vivid account full of adventures and lively observations the story also offers a template for anyone yearning to undertake an intellectual emotional and spiritual journey of discovery It is possible for families to take a Big Trip and enrich their lives without breaking the bank losing a job or falling behind in school This compelling travel memoir motivates us all to follow even the wildest of our dreams *Dancing Indigenous Worlds* Jacqueline Shea Murphy,2023-01-10 The vital role of dance in enacting the embodied experiences of Indigenous peoples In *Dancing Indigenous Worlds* Jacqueline Shea Murphy brings contemporary Indigenous dance makers into the spotlight putting critical dance studies and Indigenous studies in conversation with one another in fresh and exciting new ways Exploring Indigenous dance from North America and Aotearoa New Zealand she shows how dance artists communicate Indigenous ways of being as well as generate a political force engaging Indigenous understandings and histories Following specific dance works over time Shea Murphy interweaves analysis personal narrative and written contributions from multiple dance artists demonstrating dance s crucial work in asserting and enacting Indigenous worldviews and the embodied experiences of Indigenous peoples As Shea Murphy asserts these dance making practices can not only disrupt the structures that European colonization feeds upon and strives to maintain but they can also recalibrate contemporary dance Based on more than twenty years of relationship building and research Shea Murphy s work contributes to growing and largely underreported discourses on decolonizing dance studies and the geopolitical gendered racial and relational meanings that dance theorizes and negotiates She also includes discussions about the ethics of writing about Indigenous knowledge and peoples as a non Indigenous scholar and models approaches for doing so within structures of ongoing reciprocal respectful responsible action SHIFTING CARBON Nathaniel Skinner,2025-01-14 Earth many hundreds of years in the future Most of the population has congregated into five supercities known as meccas Each of these meccas has a different specialization and all five have considerable populations of robotic constructs along with the humans A young man named Quetzal lives in Ulteca which is the hotbed of change You can change what you look like or give yourself armored skin or get attachment points built into your bones to support any number of external modifications The choice is yours and the only limits are your imagination and your wallet However there

is a deeper cost The more you change and the further you get away from your base body shape the more likely you are to experience physical and mental breakdowns Quetzal wakes up one morning to find he has gained the ability to change whenever he wants into a form vastly different than his own and there is no cost While he is still learning to deal with this strange development a lone delivery construct drops off a package that contains a suit specifically made for people like him Who is watching him so carefully as to make the delivery happen and how did they know in advance that he would even need the suit
