Our children have matriculated in the digital age. With unprecedented access to information and rapidly developing technology, their views of the church, authority, and God are all shifting. If we ever hope to be successful in reaching the children of tomorrow, we must move beyond the status quo and completely revolutionize our approach. Evaluate our methods and make the investments required to become the church that this generation so desperately needs. In her own authentic voice, Esther invites Children's Ministry leaders to do just that. In her second book, *Children's Ministry Wake Up Call*, Esther Moreno has dedicated her life to reaching the next generation for Christ. She has nearly 20 years of Children's Ministry experience across various churches and denominations. From the U.S. to Uganda, Esther's passion for moving Children's Ministry forward has manifested itself in monthly live webinars, on social media, virtual trainings for Children's Ministry departments all over the country, conferences, radio, and more. Esther is a gifted speaker, teacher, and author. She holds a Masters from Ashland Theological Seminary with a concentration in Christian Education. She currently attends Life Church, Huntsville, Alabama, where she resides with her husband, Guy, and their two beautiful children, Grace and Gideon. Children Matter Scottie May, Beth Posterski, Catherine Stonehouse, Linda Cannell, 2005-08-31 Children today are no longer expected to be seen and not heard yet in many churches children are involved only in programs specifically designated for them Children Matter offers a full discussion of children's spirituality and shows how the faith community can

better nurture its youngest members Speaking from their experience with children s ministry in a range of Protestant traditions the authors draw on the Bible history and psychology to lay good foundations for such ministry Discussing the specific content and contexts of faith formation they also offer wise and practical advice on putting together effective ministries Rather than focusing on innovative ways to use technology Children Matter emphasizes relationships between people and encourages the church to welcome all children as valued participants in the people of God

Uncharted Leadership Angie Ward,2023-08-01 Ministry is complicated and every leadership challenge is unique How can you lead effectively when there isn t a clear path forward Real life ministry is complicated far more complicated than is typically captured in leadership books There are moving parts and people who require adept agile adaptive leadership Unlike technical challenges with a clear or known solution adaptive challenges are complex and dynamic requiring creative leaderships Adaptive leadership is art not science It is an exercise in wisdom not just knowledge It requires leaders to ascertain the issues values and stakes unique to a given situation to consider the potential courses of action and decide which courses are best The case study method is a proven and effective tool to help leaders chart their course by learning from complex real life situations Leaders learn to integrate multiple leadership strategies and concepts by reading and reflecting on multiple case studies helping them clarify their own unique context values challenges opportunities and potential actions Like real ministry case studies are complex There is not always an easy solution or even a fast understanding of the real problem s The case studies in Uncharted Leadership promote learning at the deepest level helping leaders move beyond simple answers to deep individual and organizational understanding and transformation Uncharted Leadership applies the case study method to ministry leadership Through a series of relevant real life case studies in ministry leadership Angie Ward brings the classroom to the reader using thought provoking questions commentary and recommended resources to expand the leader s empathy understanding awareness and skill

But Children Matter Kenneth G. Warren,John S. Knox,2020-02-14 Often a disconnect exists between the way pastors children s ministry volunteers and churches describe the health and impact of children s ministry volunteers and the overall functioning of an ongoing children s ministry The volunteer dysfunction that is evident in many churches goes beyond the building scenario or the current strategy that leadership is pursuing If one asks the pastor of just about any local church how the children s ministry is going most pastors will respond positively However if speaking with a children s ministry volunteer one is likely to hear I am burned out but I feel obligated to serve here because we have such a shortage of volunteers and I do love these kids Too often there is no program in place to monitor the health of the ministry Official training is lacking church vision is blurred and many children s ministry volunteers feel like they are nothing more than large group unpaid babysitters This book analyzes these problems and provides pragmatic systematic steps to a healthier more robust children s ministry
