**George F. Kennan**

## **Russia The Atom And The West:**

*Russia, the Atom and the West* George Frost Kennan, 1974      **Russia, the Atom, and the West** George F. Kennan, 1958

**Political Realism in American Thought** John W. Coffey, 1977 Combines a historical and philosophical perspective to examine in detail the concept of political realism as it is developed by Protestant theologian Reinhold Niebuhr diplomat historian George Kennan and political theorist Hans Morgenthau presenting suggestions for lines along which sound political principles may lie      **Russia, the atom, and the west** George Frost Kennan,      **Russia, the Atom and the West** George Frost Kennan, 1958

**The West, the Atom and Russia** , 1958      *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1959 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June      **Reunification and West German-Soviet Relations** Werner Feld, 2012-12-06

The intellectual debts which I have incurred in the preparation of this study are many Foremost I wish to express my warm appreciation and gratitude to Professor Henry L Mason for his sound advice gentle encouragement and continuous guidance In addition I would like to extend my sincere thanks to Professors David R Deener Warren Roberts Jr and John L Snell for their critical comments and helpful suggestions which led to frequent and fruitful reconsideration of the substance and form of the inquiry I am also very grateful to Professor J W Smurr who made many constructive suggestions with regard to the content and style of the manuscript A special debt is owed to Mr Jon Reinhardt who read the manu script in its entirety and suggested a number of stylistic improvements Richard Paulig former Consul General of the Federal Republic of Ger in New Orleans La was most helpful by assisting in the col many lection of certain source materials and the staff members of the Bundestag library in Bonn Germany under the direction of Bibliotheksoberrat Dr Heinz Matthes aided the research for this study with outstanding efficiency Finally my most heartfelt expressions of gratitude are re served for my wife Betty whose encouragement and sympathetic understanding have helped me through this work      **Handbook on Arms Control and Related Problems in Europe** United States. Congress. Senate. Committee on Foreign Relations, 1959

J. Robert Oppenheimer, The Cold War, and The Atomic West Jon Hunner, 2012-11-12 In 1922 the teenage son of a Jewish immigrant ventured from Manhattan to New Mexico for his health It was the first of many trips to the Sangre de Cristo Mountains a western retreat where J Robert Oppenheimer would eventually hold pathbreaking discussions with world renowned scientists about atomic physics Oppenheimer came to feel at home in the American West and while extensive studies have been made of the man this is the first book to explicitly link him with the region J Robert Oppenheimer the Cold War and the Atomic West explores how the West influenced Oppenheimer as a scientist and as a person and the role he played in influencing it Jon Hunner s concise account of Oppenheimer s life and the emergence of an Atomic West distills a vast literature for students and general readers In this brisk engaging biography the author recounts how Oppenheimer helped locate the atomic weapons research lab at Los Alamos New Mexico and helped establish leading physics departments at the University

of California Berkeley and Caltech By taking part in moving atomic physics west of the Mississippi Oppenheimer bolstered the establishment of research labs uranium mines nuclear reactors and more bringing talented people and billions of dollars in federal contracts to the region Interwoven into this atomic tale are insights into the physicist's troubled growing up years his marriage and family life the bombing of Hiroshima and Nagasaki and Oppenheimer's eventual downfall After the first atomic bomb burst over the New Mexican desert in 1945 and as the Cold War developed the American myth of the Wild West expanded to encompass atomic sheriffs saving the world for democracy even as powerful opponents began questioning Oppenheimer's place in that story Against the backdrop of the physicist's life twining with the region's history Hunner explores the promise and peril of the Atomic Age *Russia, the Atom and the West Under Lenin and Stalin* George Frost Kennan, 1962 **Committee Prints** United States. Congress. Senate. Committee on Foreign Relations, 1959 **West Africa**, 1958 Bulletin of the Atomic Scientists, 1948-12 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world Indiana Social Studies Quarterly, 1970

**Bulletin of the Atomic Scientists**, 1948-12 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world **Bulletin of the Atomic Scientists**, 1958-05 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

**Yours Faithfully, Bertrand Russell** Bertrand Russell, Ray Perkins (Jr.), 2002 Yet Russell was more than a great intellect he was also a political animal From the beginning of his long professional life he emphasized the importance of practice as well as theory He was twice imprisoned by the British government for his political utterances With his razor sharp irony and morally impassioned rhetoric Russell took on the forces of injustice ignorance and cruelty one of his chief weapons was the letter to the editor **American West** Karen R. Jones, 2009-03-21 The American West used to be a story of gunfights glory wagon trails and linear progress Historians such as Frederick Jackson Turner and Hollywood movies such as Stagecoach 1939 and Shane 1953 cast the trans Mississippi region as a frontier of epic proportions where savagery met civilization and boys became men During the late 1980s this old way of seeing the West came under heavy fire Scholars such as Patricia Nelson Limerick and Richard White forged a fresh story of the region a new vision of the West based around the conquest of peoples and landscapes This book explores the bipolar world of Turner's Old West and Limerick's New West and reveals the values and ambiguities associated with both historical traditions Sections on Lewis and Clark the frontier and the cowboy sit alongside work on Indian genocide and women's trail diaries Images of the region as seen through the arcade Western Hollywood film and Disney theme parks confirm the West as a symbolic and contested landscape Tapping into popular

fascination with the Cowboy Hollywood movies the Indian Wars and Custer's Last Stand the authors show the reader how to deconstruct the imagery and reality surrounding Western history Key Features Uses popular subjects the Cowboy Hollywood westerns the Indian Wars and Custer's Last Stand to enliven the text Includes 13 b/w illustrations Interdisciplinary approach covers film literature art and historical artefacts      *The British Nuclear Experience* John Baylis, Kristan Stoddart, 2015 Based on a detailed analysis of archives and high level interviews this book looks at the role of beliefs culture and identity in the making of British nuclear policy from 1945 through to the present day This book also examines Britain's nuclear experience by moving away from traditional interpretations of why states develop and maintain nuclear weapons by adopting a more contemporary approach to political theory Traditional mainstream explanations tend to stress the importance of factors such as the maximization of power the pursuit of national security interests and the role of structure in a largely anarchic international system This book does not dismiss these approaches but argues that British experience suggests that focusing on beliefs culture and identity provides a more useful insight and distinctive interpretation into the process of British nuclear decision making than the more traditional approaches
