FACT FILE

Immediately after the two Revolutions of 1917, the Civil War broke out in the former Russian Empire. The two largest combatant groups fought over the control of Russia's political future: the Red Army, known as the Bolsheviks, under Vladimir Lenin's leadership, and the White Army which had foreign influence.

The Reds and Whites also faced resistance from rival militant socialists. The Bolsheviks' initial feats that led to the collapse of the republic were then countered by attacks backed by the Allied Powers. White resistance dwindled until it completely collapsed in 1923 and the Red Army came out victorious. When the war ended, several parts of the Russian empire became sovereign states whilst the rest consolidated into the Soviet Union.

Russian Civil War Primary Sources:

The Russian Civil War Arthur Burgess Murphy, 2000 Translated documents from Russian archives offer insight into the Russian civil war Areas covered include Soviet relations with the Don Cossacks the problems of securing supplies for the Red Army the issues of disloyalty of the two successful cavalry commanders Colonel Mironov and Sergeant Budyonny as well as a selection of documents from White sources Alongside those giving an overview of Soviet strategic planning a good proportion of these documents come from much more humble sources allowing the reader to feel directly the emotions the faith the zeal and sometimes the deceit of people living through those years **The Russian Civil War** A. Murphy, 2000-08-17 Translated documents from Russian archives give fresh insight into the Russian civil war a struggle whose outcome defined much of the history of our time Areas covered include Soviet relations with the Don Cossacks the problems of securing supplies for the Red Army the issues of disloyalty of the two successful cavalry commanders Colonel Mironov and Sergeant Budyonny as well as a selection of documents from White sources Alongside those giving an overview of Soviet strategic planning a good proportion of these documents come from much more humble sources allowing the reader to feel directly the emotions the faith the zeal and sometimes the deceit of people living through those crucial years **Historical Dictionary of the Russian Civil Wars, 1916-1926** Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916 1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of

March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Rostov in the Russian Civil War, 1917-1920 Brian Murphy,2004-08-02 The documents in this book were collected from the archives in Rostov on Don and appear here for the first time in print with commentary from the author *The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24* Evgeny Sergeev,2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain s role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocate attempts to avoid political controversies and London s contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s *For the Greater Good of All* D. Forsyth,C. Hoyt,2011-01-03 This volume draws on disciplines as different as Psychology Anthropology History and Biology to explain when and why individuals act to promote their own self interest and when they sacrifice their own outcomes so that others can benefit
