*Russian Formalism* Peter Steiner, 1984 Russian Formalism one of the twentieth century's most important movements in literary criticism has received far less attention than most of its rivals Examining Formalism in light of more recent developments in literary theory Peter Steiner here offers the most comprehensive critique of Formalism to date Steiner studies the work of the Formalists in terms of the major tropes that characterized their thought He first considers those theorists who viewed a literary work as a mechanism an organism or a system He then turns to those who sought to reduce literature to its most basic element language and who consequently replaced poetics with linguistics Throughout Steiner elucidates the basic principles of the Formalists and explores their contributions to the study of poetics literary history the theory of literary genre and prosody *Russian Formalism* is an authoritative introduction to the movement that was a major precursor of contemporary critical thought

**Literary Scholarship in Late Imperial Russia** Andy Byford, 2007 The turn of the 20th century was a decisive moment in the institutionalization of Russia's literary scholarship This is the first book in the English language to provide an indepth analysis of the emergence of Russia's literary academia in the pre Revolutionary era In particular Byford examines the rhetoric of self representation of major academic establishments devoted to literary study the canonization of exemplary literary historians and philologists and attempts by Russian literary academics of this era to define their work as a distinct form of scholarship

**The Origins of Russian Literary Theory** Jessica Merrill, 2022-07-15 Russian Formalism is widely considered the foundation of modern literary theory This book reevaluates the movement in light of the current commitment to rethink the concept of literary form in cultural historical terms Jessica Merrill provides a novel reconstruction of the intellectual historical context that enabled the emergence of Formalism in the 1910s Formalists adopted a mode of thought Merrill calls the philological paradigm a framework for thinking about language literature and folklore that lumped them together as verbal tradition For those who thought in these terms verbal tradition was understood to be inseparable from cultural history Merrill situates early literary theories within this paradigm to reveal abandoned paths in the history of the discipline ideas that were discounted by the structuralist and post structuralist accounts that would emerge after World War II *The Origins of Russian Literary Theory* reconstructs lost Formalist theories of authorship of the psychology of narrative structure and of the social spread of poetic innovations According to these theories literary form is always a product of human psychology and cultural history By

recontextualizing Russian Formalism within this philological paradigm the book highlights the aspects of Formalism's legacy that speak to the priorities of twenty first century literary studies      *A History of Russian Literary Theory and Criticism* Evgeny Dobrenko, Galin Tihanov, 2011-11-27 This edited volume assembles the work of leading international scholars in a comprehensive history of Russian literary theory and criticism from 1917 to the post Soviet age By examining the dynamics of literary criticism and theory in three arenas political intellectual and institutional the authors capture the progression and structure of Russian literary criticism and its changing function and discourse The chapters follow early movements such as formalism the Bakhtin Circle Proletkult futurism the fellow travelers and the Russian Association of Proletarian Writers By the cultural revolution of 1928 literary criticism became a mechanism of Soviet policies synchronous with official ideology The chapters follow theory and criticism into the 1930s with examinations of the Union of Soviet Writers semantic paleontology and socialist realism under Stalin A more humanized literary criticism appeared during the ravaging years of World War II only to be supplanted by a return to the party line Soviet heroism and anti-Semitism in the late Stalinist period During Khrushchev's Thaw there was a remarkable rise in liberal literature and criticism that was later refuted in the nationalist movement of the long 1970s The same decade saw on the other hand the rise to prominence of semiotics and structuralism Postmodernism and a strong revival of academic literary studies have shared the stage since the start of the post Soviet era For the first time anywhere this collection analyzes all of the important theorists and major critical movements during a tumultuous ideological period in Russian history including developments in emigre literary theory and criticism      Literary Theory: The Basics Hans Bertens, 2017-07-14 This third edition of Hans Bertens bestselling book is an essential guide to the often confusing and complicated world of literary theory Exploring a broad range of topics from Marxist and feminist criticism to postmodernism and new historicism *Literary Theory The Basics* covers contemporary topics including reception theory and reader response theory the new criticism of postmodernism the after theory debate post humanism biopolitics and animal studies aesthetics *Literary Theory The Basics* helps readers to approach the many theories and debates in this field with confidence Now with updated case studies and further reading this is an essential purchase for anyone who strives to understand literary theory today      *Literary Theory* Johannes Willem Bertens, 2001 This accessible guide provides the ideal first step in understanding literary theory      Modern Genre Theory David Duff, 2014-09-11 Since Aristotle genre has been one of the fundamental concepts of literary theory and much of the world's literature and criticism has been shaped by ideas about the nature function and value of literary genres Modern developments in critical theory however prompted in part by the iconoclastic practices of modern writers and the emergence of new media such as film and television have put in question traditional categories and challenged the assumptions on which earlier genre theory was based This has led not just to a reinterpretation of individual genres and the development of new classifications but also to a radically new understanding of such key topics as the mixing and evolution of genres generic hierarchies and genre systems

the politics and sociology of genres and the relations between genre and gender This anthology the first of its kind in English charts these fascinating developments Through judicious selections from major twentieth century genre theorists including Yury Tynyanov Vladimir Propp Mikhail Bakhtin Hans Robert Jauss Rosalie Colie Fredric Jameson Tzvetan Todorov Gérard Genette and Jacques Derrida it demonstrates the central role that notions of genre have played in Russian Formalism structuralism and post structuralism reception theory and various modes of historical criticism Each essay is accompanied by a detailed headnote and the volume opens with a lucid introduction emphasising the international and interdisciplinary character of modern debates about genre Also included are an annotated bibliography and a glossary of key terms making this an indispensable resource for students and anyone interested in genre studies or literary theory *Narrative*

*Comprehension and Film* Edward Branigan, 2013-06-17 Narrative is one of the ways we organise and understand the world It is found everywhere not only in films and books but also in everyday conversations and in the nonfictional discourses of journalists historians educators psychologists attorneys and many others Edward Branigan presents a telling exploration of the basic concepts of narrative theory and its relation to film and literary analysis bringing together theories from linguistics and cognitive science and applying them to the screen Individual analyses of classical narratives form the basis of a complex study of every aspect of filmic fiction exploring for example subjectivity in *Lady in the Lake* multiplicity in *Letter from an Unknown Woman* post modernism and documentary in *Sans Soleil* **Mikhail Bakhtin** Graham Pechey, 2007-04-11 Mikhail Bakhtin is one of the most influential theorists of philosophy as well as literary studies His work on dialogue and discourse has changed the way in which we read texts both literary and cultural and his practice of philosophy in literary refraction and philological exploration has made him a pioneering figure in the twentieth century convergence of the two disciplines In this book Graham Pechey offers a commentary on Bakhtin's texts in all their complex and allusive textuality keeping a sense throughout of the historical setting in which they were written and of his own interpretation of and response to them

Examining Bakhtin's relationship to Russian Formalism and Soviet Marxism Pechey focuses on two major interests the influence of Eastern Orthodox Christianity upon his thinking and Bakhtin's use of literary criticism and hermeneutics as ways of doing philosophy by other means **Assembling Alternatives** Romana Huk, 2003-04-29 First anthology to examine the national borders of postmodern poetry

**The Institutions of Russian Modernism** Jonathan Stone, 2017-10-15 *The Institutions of Russian Modernism* illuminates the key role of Symbolism as the earliest form of modernism in Russia emerging seemingly ex nihilo at the end of the nineteenth century Combining book history periodical studies and reception theory Jonathan Stone examines the poetry and theory of Russian Symbolism within the framework of the institutions that organized published and disseminated the works to Russian readers Surveying a wealth of examples of books journals and almanacs Stone traces how publishers of Symbolist works marketed the movement and fashioned a Symbolist reader His persuasive argument that after its eclipse Symbolism's legacy remained embedded in the heart of Russian modernism will be

democratic project      **The Language of Literature and its Meaning** Ashima Shrawan, 2019-04-23 There is a marked awareness about the language of literature and its meaning both in Indian and Western aesthetic thinking The aestheticians of both schools hold that the language of literature embodies a significant aspect of human experience and represents a creative pattern of verbal structure to impart meaning effectively Modern Western aesthetic thinking which includes theories like formalism new criticism stylistics structuralism post structuralism deconstruction discourse analysis semiotics and dialogic criticism in one way or another emphasizes the study of the language of literature in order to understand its meaning Similarly there is a distinct focus on the language of literature and its meaning in Indian literary theories which include the theory of rasa aesthetic experience ala k ra the poetic figure r ti diction dhvani suggestion vakrokti oblique expression and aucitya propriety This book explores how the language of literature and its meaning have been dealt with in both Indian and Western aesthetic thinking In doing so the study concentrates on Kuntaka s theory of vakrokti and nandavardhana s theory of dhvani in Indian aesthetic thinking and Russian formalism and deconstruction in Western thinking The book categorically focuses on the intersection between the theory of vakrokti and Russian formalism and the meeting point between the theory of dhvani and deconstruction      *Historical Dictionary of Russian Literature* Jonathan Stone, 2013 The Historical Dictionary of Russian Literature contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 100 cross referenced entries on significant people themes critical issues and the most significant genres      **Exile and Creativity** Susan Rubin Suleiman, 1998 Essays that range chronologically from the Renaissance to the 1990s geographically from the Danube to the Andes and historically from the Inquisition to the Holocaust examine the complexities and tensions of exile focusing particularly on whether exile tends to block or to enhance artistic creativity 16 photos      Powers of Possibility Alex Houen, 2012 By outlining a novel concept of literary practice potentialism this text shows how opening up literary possibilities enabled writers such as Allen Ginsberg LeRoi Jones Amiri Baraka William S Burroughs Kathy Acker and Lyn Hejinian to tackle matters of power and politics      The Genre of Acts and Collected Biography Sean A.
