The Russian Turmoil Anton Ivanovich Denikin,2020-04-16 The Russo Japanese war had a very great influence upon the development of the Russian army The bitterness of defeat and the clear consciousness that the policy governing military affairs was disastrously out of date gave a great impulse to the junior military elements and forced the slack and inert elements gradually to alter their ways or else to retire In spite of the passive resistance of several men at the head of the War Ministry and the General Staff who were either incompetent or else treated the interests of the army with levity and indifference work was done at full speed In ten years the Russian army without of course attaining the ideal made tremendous progress

**Russian Economic Development Since the Revolution** Maurice Dobb, Henry Charles Stevens,1929 The story of the economic development of the Soviet Union provided the first case in history of the establishment of a socialist economy and was therefore of great interest for economists and economic historians of the twentieth century At the same time it affords a unique example of the transformation of a country into an industrial nation at an unprecedented pace and under the guidance of a national economic plan This book examines these changes from the Russian Revolution of 1917 to 1927

*The Russian Revolution and Civil War 1917-1921* Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a

comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state Misinterpreting Modern Russia Bruno S. Sergi, 2011-10-27 When President Vladimir Putin ascended to the Kremlin at the end of the 1990s he had to struggle with the after effects of Boris Yeltsin's political agenda outrageous corruption endless social injustice and deeply entrenched interests dating back to Gorbachev and beyond From the outset Putin saw his task as leveling out the political scenery Discontent had been building up among ordinary Russians on these consequences of the dramatically unstable 1990s Stabilization of the political system and cleaning up the widespread corruption were Putin's aims and the Russian people supported him wholeheartedly Many observers in the West were quick to condemn Putin and depict him as an authoritarian dishonest leader who was still linked to the KGB When asked why Russians were supporting the new Kremlin many experts explained that it was a paradox that combined the country's supposed history of tyranny and its people's inclination towards it These explanations shaped the West's understanding of modern Russia and they appear to be unshakeable in cultural circles today Bruno Sergi argues in this new study that the way to know the complete story behind how Putin's presidency has been viewed in Russia is to examine closely the hard realities that conditioned Putin's policies and responses Misinterpreting Modern Russia Western Views of Putin and his Presidency looks beyond the stereotypes to the hard logic of the 1990s and asks a range of provocative questions about the disintegration of the old Soviet empire and the extraordinary riches that have caused so much opportunity and turmoil in recent years **100 Years of Pulitzer Prize Reporting on World Economy** Heinz-Dietrich Fischer, 2023 This volume presents the Pulitzer Prize coverage of important economical and financial occurrences since the First World War There are among others articles about the German post war Reparations Problems the Great Depression the Russian Five Year Plan Canada's upcoming Economy The Financial Crisis of post Communist Russia the debacle of the American Bank crashes China's economical successes and the Panama Papers exposing the hidden infrastructure and global scale of offshore tax havens
