The Tourist's Pocket-book George Frederick Chambers, 1886 *Quasilinear Degenerate and Nonuniformly Elliptic and Parabolic Equations of Second Order* A. V. Ivanov, 1984 **Creating the Russian Peril** Troy R. E. Paddock, 2010 German attitudes toward and stereotypes of Russia

before the First World War and how they were inculcated in the public The causes of the First World War have been studied and debated for many decades yet cultural historians of Germany have largely neglected the German Russian aspect of the conflict for a focus on the clash of Germany and Great Britain When they have focused on Germany and Russia they have too often dismissed the anti Russian propaganda of the war s first months as a sudden and opportunistic campaign to justify the war This intellectual and cultural history gives German attitudes toward and stereotypes of Russia their due re examining them through the lens of German national identity and revealing an evolving obsession with Russia during the quarter century leading up to the war when Germany came to consider itself a Western nation with Russia to use Edward Said s terminology as an Oriental other While historians have addressed the issue of an Oriental Russia this book extends the analysis beyond traditional intellectual history s focus on cultural elites by studying the construction of Russia in school textbooks newspapers and the writings of academics Drawing upon the work of Said J rgen Habermas Sander Gilman and Pierre Bourdieu Troy Paddock demonstrates that public debate on Russia was based on common assumptions and contends that these assumptions which resulted in the ascendancy of a view of Russia as the Slavic peril in the last few years before the war were ingrained in the public through education Troy Paddock is Professor of History at Southern Connecticut State University

Vladimir Jabotinsky's Russian Years, 1900-1925 Brian J. Horowitz, 2020-05-05 This scholarly biography focuses on the early years of the influential Russian Jewish author and pioneer of Revisionist Zionism In the first decades of the twentieth century Russia was a place of intense social strife and political struggle Vladimir Yevgenyevich Ze ev Jabotinsky

who would go on to become the founder of the Revisionist Zionism Alliance in 1925 was already a Zionist leader and Jewish public intellectual. Although previously glossed over, these early years were crucial to Jabotinsky's development as a thinker, politician, and Zionist. In this enlightening biography, Brian Horowitz focuses on Jabotinsky's commitments to Zionism and Palestine as he embraced radicalism and fought against the suffering brought upon Jews through pogroms, poverty, and victimization. Horowitz also defends Jabotinsky against accusations that he was too ambitious, a fascist, and a militarist. As Horowitz delves into the years that shaped Jabotinsky's social, political, and cultural orientation, an intriguing psychological portrait emerges.
