Mad at the World: A Life of John Steinbeck William Souder, 2020-10-13 Winner of the 2021 Los Angeles Times Book Prize for Biography A Publishers Weekly Best Book of 2020 in Nonfiction A resonant biography of America's most celebrated novelist of the Great Depression The first full length biography of the Nobel laureate to appear in a quarter century Mad at the World illuminates what has made the work of John Steinbeck an enduring part of the literary canon his capacity for empathy Pulitzer Prize finalist William Souder explores Steinbeck's long apprenticeship as a writer struggling through the depths of the Great Depression and his rise to greatness with masterpieces such as *The Red Pony* *Of Mice and Men* and *The Grapes of Wrath* Angered by the plight of the Dust Bowl migrants who were starving even as they toiled to harvest California's limitless bounty fascinated by the guileless decency of the downtrodden denizens of Cannery Row and appalled by the country's refusal to recognize the humanity common to all of its citizens Steinbeck took a stand against social injustice paradoxically given his inherent misanthropy setting him apart from the writers of the so called lost generation A man by turns quick tempered compassionate and ultimately brilliant Steinbeck could be a difficult person to like Obsessed with privacy he was mistrustful of people Next to writing his favorite things were drinking and womanizing and getting married which he did three times And while he claimed indifference about success his mid career books and movie deals made him a lot of money which passed through his hands as quickly as it came in And yet Steinbeck also took aim at the corrosiveness of power the perils of income inequality and the urgency of ecological collapse all of which drive public debate to this day Steinbeck remains our great social realist novelist the writer who gave the dispossessed and the disenfranchised a voice in American life and letters Eloquent nuanced and deeply researched Mad at the World captures the full measure of the man and his work

Observers from Abroad Martin A. Miller, 2025-03-31

Observers from Abroad offers an examination of published and archival images of Soviet Russia providing a deeper understanding of the complexities and vicissitudes of its political culture The book argues that photography when accurately interpreted can be utilized as primary historical evidence that has the potential to both enhance and counter traditional verbal analysis Employing a number of images of the Soviet Union captured by gifted documentary photographers from the West who received visas to work in Moscow from the Bolshevik seizure of power in 1917 to the collapse of the USSR in 1991 the book also assesses the intentions of the photographers who acted as conscious observers capturing visual evidence under the restraining conditions of state surveillance Each chapter provides a closer look at the life and work of these photographers with a wealth of historical images and discussion Richly illustrated and engaging this volume will be ideal for students scholars and readers interested in Soviet history twentieth century history and the history of photography

Critical Companion to John Steinbeck Jeffrey D. Schultz, Luchen Li, 2005 Celebrates the American writer who in his works confronted and explored the social fabric of the United States in the early 20th century More than 500 entries include synopses of his novels short stories and nonfiction descriptions of his characters details about family friends and associates

Nobel Writers on Writing Ottar G. Draugsvold, 2000 When in 1901 Alfred Nobel bequeathed to the world the funds to support the Nobel Prize one of his few directives for the category of literature was that the artists selected be of idealistic tendency Since its inception the prize has given a very public voice to some of the world's greatest writers and their responses to the honor their acceptance speeches have themselves often been epochal within each author's body of literature From the famed call to arms by William Faulkner to the multicultural song of Derek Walcott from 1903's Bjørnstjerne Bjørnson to 1999's Günter Grass this collection traces the ideals of the artists and the selection committee itself throughout the entirety of the 20th century Interestingly writes Draugsvold none of the writers discuss the more technical aspects of their craft Equally striking is the strength of the common thread of idealism found in these addresses a firm belief in humankind and the power of art in its role in the service of truth and the service of liberty as Albert Camus said in 1957 I decline to accept the end of man wrote the Old Man William Faulkner The speeches presented here were chosen not by subjective but rather by substantive criteria with biographical presentations and brief statements of gratitude omitted Included are an introduction to each of the 28 writers chosen an excerpted copy of the speech or lecture and a bibliography of works in English The work concludes with a complete list of prize winners in literature and a bibliography of sources cited in the writer's introductions
