**Russian Literature in the Hispanic World** George O. Schanzer, 1972      *Russian Literature in the Hispanic World*  
George O. Schanzer, 1972 Until now scholars in Hispanic Russian and comparative literature have not had the bibliographical basis that would make it possible to investigate the diffusion of Russian literature in the Spanish and Spanish American world. This computerized annotated bibliography of translations and criticism provides that basis. The bibliography is preceded by an introductory study in Spanish and English of a literary relationship between Russia and the Spanish American countries that has never before been seriously investigated. Using information he has collected in more than a dozen countries over some twenty years, the author examines the influence of Russian authors in the Spanish world and examines Soviet claims. This relationship was political. His conclusions indicate that Russian literature appeared in the Hispanic world much earlier than has been assumed by scholars thus far. They also throw interesting light on the preferences among Russian authors and literary genres in the Hispanic world and on the intermediaries between the two cultures and the centres of distribution of Russian letters. The bibliography is divided into anthologies and compilations, general criticism, literary works by authors with criticisms, pseudo-Russian writings and semi-literary works. Twelve indexes make access to the material especially convenient. This multilingual bibliography is the product of considerable international cooperation. It will be of great interest to those working in the areas of Hispanic Slavic and comparative literatures and will be an indispensable reference work for bibliographers.

**Literatura rusa en el mundo hispánico** George O. Schanzer, 1972      *La Literatura Rusa en El Mundo Hispánico: Bibliografía* George O. Schanzer, 1972      Spanish Reception of Russian Narratives, 1905-1939 Lynn C.

Purkey, 2013 Drawing upon theories on the novel in Bakhtin's Dialogic Imagination, this book examines nuevo romanticismo through the lens of Russo-Soviet literature engagement. This study explores the deep connection between Spanish and Russian narratives immediately before and during the Second Republic as well as themes as relevant today as nearly a century ago.

A Companion to Pablo Neruda Jason Wilson, 2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century, but his work is extremely uneven. There is a view that there are two Nerudas: an early Romantic visionary and a later Marxist populist who denied his earlier poetic self. By focussing on the poet's apprenticeship and by looking closely at how Neruda created his poetic persona within his poems, this Companion tries to establish what should survive of his massive output. By seeing his early work as self-exploration through metaphor and sound as well as through varieties of love and direct experience, the Companion outlines a unity behind all the work based on voice and a public self. Neruda's debt to reading and books is studied in depth and the change in poetics re-examined by concentrating on the early work up to *Residencia en la tierra I* and *II* and why he wanted to become a poet. Debate about quality and representativity is grounded in his Romantic thinking, sensibility and sincerity. Unlike a Borges or a Paz who accompanied their creative work with analytical essays, Neruda distilled all his experiences into his poems, which remain his true biography. Jason Wilson is Professor Emeritus.
