Rustics In Rebellion A Yankee Reporter:

Rustics in Rebellion George Alfred Townsend,1950 Civil Wars George C. Rable,2022-10-17 Born into a male dominated society southern women often chose to support patriarchy and their own celebrated roles as mothers wives and guardians of the home and humane values George C Rable uncovers the details of how women fit into the South s complex social order and how Southern social assumptions shaped their attitudes toward themselves their families and society as a whole He reveals a bafflingly intricate social order and the ways the South s surprisingly diverse women shaped their own lives and minds despite strict boundaries Paying particular attention to women during the Civil War Roble illuminates their thoughts on the conflict and the threats and challenges they faced and looks at their place in both the economy and politics of the Confederacy He also ranges back to the antebellum era and forward to postwar South when women quickly acquiesced to the old patriarchal system but nonetheless lived lives changed forever by the war Winner of the 1989 Jefferson Davis Award of the Museum of the Confederacy 1989 Winner of the Julia Cherry Spruill Prize of the Southern Association of Women Historians 1991 *Your Maryland* Ric Cottom,2017-10-16 Good evening I m Ric Cottom is the well recognized introduction to Your Maryland on WYPR When in 2001 Ric signed on to deliver a weekly segment on Maryland history during All Things Considered on WYPR his was the first short form radio spot the station featured Ric narrates little known human interest stories from any point in Maryland s past from the early colonial period through the start of the twentieth century He discovered many of the stories during his time as the director of the Maryland Historical Society researching factual histories that he could deliver in a storytelling format The genre is unique blending narrative or literary nonfiction with regional history The mission behind Ric s segment is to entertain his audience while sparking their interest in history Ric has an unusual talent for discovering stories and weaving them into a fascinating narrative All scenes from Maryland history are fitting for Your Maryland Ric carefully selects stories that he can convey with some comedy Even those stories with heavier subject matter as in the short biography of gunsmith and executioner John Dandy are conveyed with some dark humor and levity The volume here collects approximately half of all of the Your Maryland stories Ric has composed over the years and presents them in chronological format It is the type of book that people might read a little bit at a time perhaps out of order and not necessarily cover to cover It s designed as a little book for a very broad audience of Marylanders Provided by publisher *Special Bibliography* ,1982 **The Era of the Civil War--1820-1876** Louise A. Arnold-Friend,US Army Military History Institute,1982 Custer Jeffry D. Wert,2015-05-26 George Armstrong Custer has been so heavily mythologized that the human being has been all but lost Now in the first complete biography in decades Jeffry Wert reexamines the life of the famous soldier to give us Custer in all his colorful complexity Although remembered today as the loser at Little Big Horn Custer was the victor of many cavalry engagements in the Civil War He played an important role in several battles in the Virginia theater of the war including the Shenandoah campaign Renowned for his fearlessness in battle

he was always in front of his troops leading the charge His men were fiercely loyal to him and he was highly regarded by Sheridan and Grant as well Some historians think he may have been the finest cavalry officer in the Union Army But when he was assigned to the Indian wars on the Plains life changed drastically for Custer No longer was he in command of soldiers bound together by a cause they believed in Discipline problems were rampant and Custer s response to them earned him a court martial There were long lulls in the fighting during which time Custer turned his attention elsewhere often to his wife Libbie Bacon Custer to whom he was devoted Their romance and marriage is a remarkable love story told here in part through their personal correspondence After Custer s death Libbie would remain faithful to his memory until her own death nearly six decades later Jeffrey Wert carefully examines the events around the defeat at Little Big Horn drawing on recent archeological findings and the latest scholarship His evenhanded account of the dramatic battle puts Custer s performance and that of his subordinates in proper perspective From beginning to end this masterful biography peels off the layers of legend to reveal for us the real George Armstrong Custer Peninsula Campaign and the Necessity of Emancipation Glenn David Brasher,2012 The Peninsula Campaign and the Necessity of Emancipation **War Stuff** Joan E. Cashin,2018-08-30 Focuses on the intense struggle over human and material resources between armies and civilians in the Civil War South

Corps Commanders in Blue Ethan S. Rafuse,2014-11-04 The outcomes of campaigns in the Civil War often depended on top generals having the right corps commanders in the right place at the right time Mutual trust and respect between generals and their corps commanders though vital to military success was all too rare Corps commanders were often forced to exercise considerable discretion in the execution of orders from their generals and bitter public arguments over commanders performances in battle followed hard on the heels of many major engagements Controversies that arose during the war around the decisions of corps and army commanders such as Daniel Sickles's disregard of George Meade's orders at the Battle of Gettysburg continue to provoke vigorous debate among students of the Civil War Corps

Commanders in Blue offers eight case studies that illuminate the critical roles the Union corps commanders played in shaping the war's course and outcome. The contributors examine and in many cases challenge widespread assumptions about these men while considering the array of internal and external forces that shaped their efforts on and off the battlefield. Providing insight into the military conduct of the Civil War, *Corps Commanders in Blue* fills a significant gap in the historiography of the war by offering compelling examinations of the challenges of corps command in particular campaigns, the men who exercised that command, and the array of factors that shaped their efforts for good or for ill.

The Richmond Campaign of 1862 Gary W. Gallagher, 2000-09-18 The Richmond campaign of April-July 1862 ranks as one of the most important military operations of the first years of the American Civil War. Key political, diplomatic, social, and military issues were at stake as Robert E. Lee and George B. McClellan faced off on the peninsula between the York and James Rivers. The climactic clash came on June 26-July 1 in what became known as the Seven Days battles, when Lee, newly appointed as commander of the Confederate forces, aggressively attacked the Union army. Casualties for the entire campaign exceeded 50,000, more than 35,000 of whom fell during the Seven Days. This book offers nine essays in which well-known Civil War historians explore questions regarding high command strategy and tactics, the effects of the fighting upon politics and society, both North and South, and the ways in which emancipation figured in the campaign. The authors have consulted previously untapped manuscript sources and reinterpreted more familiar evidence, sometimes focusing closely on the fighting around Richmond and sometimes looking more broadly at the background and consequences of the campaign. Contributors: William A. Blair, Keith S. Bohannon, Peter S. Carmichael, Gary W. Gallagher, John T. Hubbell, R. E. L. Krick, Robert K. Krick, James Marten, William J. Miller.

From the Mountains to the Bay Ethan S. Rafuse, 2022-12-09 From January to July of 1862, the armies and navies of the Union and Confederacy conducted an incredibly complex and remarkably diverse range of operations in the Commonwealth of Virginia. Under the direction of leaders like Thomas Stonewall Jackson, George McClellan, Joseph E. Johnston, John Rodgers, Robert E. Lee, Franklin Buchanan, Irvin McDowell, and Louis M. Goldsborough, men of the Union and Confederate armed forces marched over mountains and through shallow valleys, maneuvered on and along great tidal rivers, bridged and waded their tributaries, battled malarial swamps, dug trenches, and constructed fortifications, and advanced and retreated in search of operational and tactical advantage. In the course of these operations, the North demonstrated it had learned quite a bit from its setbacks of 1861 and was able to achieve significant operational and tactical success on both land and sea. This enabled Union arms to bring a considerable portion of Virginia under Federal control in some cases temporarily and in others permanently. Indeed, at points during the spring and early summer of 1862, it appeared the North just might succeed in bringing about the defeat of the rebellion before the year was out. A sweeping study of the operations on land and sea, *From the Mountains to the Bay* is the only modern scholarly work that looks at the operations that took place in Virginia in early 1862, from the Romney Campaign that opened the year to the naval engagement between the *Monitor* and *Merrimack*.

to the movements and engagements fought by Union and Confederate forces in the Shenandoah Valley on the York James Peninsula and in northern Virginia as a single comprehensive campaign Rafuse draws from extensive research in primary sources to provide a fast paced complete account of operations throughout Virginia while also incorporating findings of recent scholarship on the factors that shaped these campaigns The work provides invaluable insights into the factors and individuals who shaped these operations how they influenced the course of the war the relationships between political leaders and men in uniform and how all these factors affected the development and execution of strategy operations and tactics

General Abner M. Perrin, C.S.A. Ron V. Killian,2012-02-28 More than 1 000 men held the rank of brigadier general during the Civil War but a surprising number remain unknown to all but the most ardent scholar These lesser known brigadiers like General Abner M Perrin 1830 1864 played much more than a casual role in the momentous conflict Perrin of the South Carolina 14th Regiment took part in all of the major battles of the Army of Northern Virginia At Gettysburg he assumed command of a brigade whose general was wounded and defeated all opponents to lead the first troops to enter the town He received a promotion to brigadier general for his actions and commanded his own brigade at Mine Run the Wilderness and Spotsylvania where he was mortally wounded This welcome biography chronicles Perrin s life and military career removing this deserving Civil War personality from the shadows of history
