Ruth Benzacar Daniel E. Larriqueta, 2005 *The Political Body* Andrea Giunta, 2023-03-28 This book discusses how some works of art produced in Latin America in the sixties seventies and eighties forged a different understanding of the female body understood as space for the expression of a dissident subjectivity in relation to socially normalized places Representations of art and of feminist activism interrogated the disciplining of the female body that entails as well the disciplining of the male body Before a history of highly regulated artistic representations regardless of the occasional exceptions a historian might point out images erupted that questioned the social and institutional naturalization of the feminine and the masculine *Appropriation as Practice* A. Schneider, 2006-06-30 How the traffic in culture is practiced rationalized and experienced by visual artists in the globalized world The book focuses on artistic practices in the appropriation of indigenous cultures and the construction of new Latin American identities Appropriation is the fundamental theoretical concept developed to understand these processes **The Roof Garden Commission** Beatrice Galilee, Adrián Villar Rojas, 2017-04-13 Celebrated Argentinian artist Adrián Villar Rojas is known for his site specific sculptural installations For The Theater of Disappearance the artist mines The Met's collection drawing on the five thousand years of world history within its galleries to create an elaborate ahistorical work Set atop the Iris and B Gerald Cantor Roof Garden Villar Rojas's installation transforms the space into a performative diorama where banquet tables occupy an oversize black and white checkerboard floor punctuated by sculptures that fuse together human figures and artifacts found within the museum The resulting juxtapositions put forth a radical reinterpretation of museum practices This illustrated book is the fifth edition in a series that documents and contextualizes The Met's annual rooftop commissions The introductory essay by Beatrice Galilee explores the conceptual framework that informs Villar Rojas's remarkable commission as well as his interventions around the world While exploring the Museum Villar Rojas took thousands of photographs of objects and moments of interest A selection of these images is featured here alongside the artist's commentary offering a unique visual diary of Villar Rojas's thought process as he developed this arresting installation **Latin American Art Since 1900 (Third) (World of Art)** Edward Lucie-Smith, 2020-04-14 An extraordinary synthesis of more than a century's worth of art across Central and South America Latin American Art Since 1900 covers everyone from popular figures such as Diego Rivera and Frida Kahlo to a wide range of other artists who are less well known outside Latin America In this classic survey now updated with full color images throughout Edward Lucie Smith introduces the art of Latin America from 1900 to the present day Lucie Smith examines major artists such as Diego Rivera and Frida Kahlo as well as dozens of less familiar Latin American artists and exiled artists from Europe and the United States who spent their lives in South America such as Leonora Carrington The author explains the political context for artistic development and sets the works in national cultural and international frameworks Featured in this book are the artists who have searched for indigenous roots and local tradition explored abstraction expressionism
