than witnesses to American history and governance they were representatives of the people in general Early on the parent child relationship was used as an analogy for the relationship between England and America and later the president was equated to a father and the people to his children There was a backlash however In order to contest the patriarchal idea that all individuals owed childlike submission to their rulers Americans looked to new theories of human development that limited political responsibility to those with a mature ability to reason Yet Americans also based their concept of citizenship on the idea that all people are free and accountable at every age Courtney Weikle Mills discusses such characters as Goody Two Shoes Ichabod Crane and Tom Sawyer in terms of how they reflect these conflicting ideals
