War Department, 2023-10-05 The Manual for Noncommissioned Officers and Privates of Cavalry of the Army of the United States 1917 is a comprehensive guidebook providing essential information and instructions for cavalry soldiers during World War I. Written in a concise and authoritative style, the manual covers various topics including military tactics, weapons handling, horse care, and battlefield strategies. This book serves as a vital resource for understanding the role and responsibilities of cavalry troops in the context of early 20th-century warfare. It exemplifies the high level of training and professionalism expected from soldiers during that time period.
