### **Saber-Toothed Tigers and Woolly**

**Mammoths** Charles River Editors, 2020-02-13 Includes pictures Includes a bibliography for further reading It is difficult to ignore the effortless cool of a saber toothed tiger The fanged feline was equipped with the savage strength of a lion the lethal stealth of a puma the intimidating gait of a black bear and the strapping muscular arms of a gorilla Amazingly however those traits did not stand out as much as the long dagger like fangs that earned the Smilodon its famous nickname The saber toothed tiger legend has it was as ferocious as it was fearless often tackling beasts twice their size Saber toothed tigers were arguably the most fabled of all the Ice Age creatures The fearsome beast has earned itself quite the reputation and it has been referenced to appeared in and inspired unique characters in endless books films comics and other pop culture mediums For example Marvel s Victor Creed otherwise known as Sabretooth is most known as Wolverine s nemesis and he s depicted as a hulking vigorously robust menace in a red and orange gold jumpsuit with a hunched back a shock of wild blond hair tiger like claws and frightening fangs As that indicates the prehistoric creature is often portrayed as impossibly cunning unfeeling villains Even in films geared towards children such as the first of the Ice Age animations the saber toothed tigers excluding Diego are depicted as vicious and vindictive lawless fiends whose sights are set on a Neanderthal toddler The name and reputation of the ruthless saber toothed tiger as enduring as it is chilling overshadows those of its contemporaries and the fanged feline remains a household name and one of the foremost symbols of the Ice Age to this very day It was a frosty wintry September morning in 2012 when 11 year old Yevgeny Zhenya Salinder donned his warmest quilted jacket a knitted woolen cap and matching mittens and headed out the door with his faithful tail wagging dogs in tow Like most mornings the kid ambled about near the Sopkarga polar weather station an isolated region in the northern Russian Taymyr Peninsula where he resided but this particular morning his pace was slowed by a foul almost eye watering stench Intrigued Salinder and the dogs sniffed out the source of the strange miasma and in the process they stumbled upon a defrosted pair of heels from an unknown creature protruding from the cold earth When young Salinder relayed what he had found to his parents they alerted the authorities but initially nobody had the slightest notion how profound the discovery was The heels as it turned out were attached to the carcass of a 16 year old woolly mammoth that perished some 30 000 years ago almost completely intact The mammoth initially nicknamed Zhenya after its discoverer was said to be the most significant discovery of a mammoth since 1901 Since Georges Cuvier recognized the specimens as an extinct elephant species near the end of the 18th century various finds of mammoth fossils particularly in places where they were well preserved in the cold have made the woolly mammoth perhaps the most popular extinct animal outside of the dinosaurs Standing around 10 feet tall and weighing several tons woolly mammoths seem like the stuff of legend but ancient cave art indicated that unlike dinosaurs woolly mammoths were contemporaries of early humans with the last ones going extinct only about 4 000 years ago All of

that explains why people have long been fascinated by woolly mammoths and have even envisioned bringing them back to life via genetics sometime in the future Saber Toothed Tigers and Woolly Mammoths The History of the World s Most Famous Prehistoric Mammals looks at the origins of the famous cats the fossil finds and theories regarding their extinction Along with pictures depicting important people places and events you will learn about saber toothed tigers like never before

*Gidon* Dr. Michael L. Ford,2022-06-10 Gidon is a big lad at sixteen years It is time for him to be betrothed to a young woman whom his father approves of And he longs for a wife he can love forever There is no shortage of candidates who would like to have him as their husband His father is one of the wealthiest men in the village of Eastwatch by the Rising of the Little Dan and Gidon is considered not only strong but handsome as well Except for a gap of three hundred years Gidon s family has a long history in the village The forefathers of Gidon had traditionally been foresters and he wished for nothing else for himself His dream was of a loving wife and a life spent enjoying the forests which would also provide his living But this was not to be An event that happened the year before our story begins would change his life It would draw the attention of the chief of the Long Knives and he would promise Gidon nothing more than an interesting life provided he lived long enough What would follow would be a series of events that proved the value of the education he had received from Bishop Elisha during the snowed in winters of his brief childhood He would encounter the leviathan and the sabretooth the giant and the witch all the while increasingly seeing the superiority of the Invisible God over the pagan beliefs that once ruled Aleman his native land Gidon s deeds will affect the lives of many people but always his unfulfilled desire is to get back to Getrudis the girl whose protector he had become when they met

**Get Well Soon** Nick Duerden,2018-02-08 If you were diagnosed with a condition for which there was no known cure what would you do Nick Duerden is a writer and

journalist This is his memoir about a long period of ill health and how he was forced to plunge like it or not into the often bewildering but increasingly blossoming world of alternative therapy in pursuit of a cure He followed strictly regimented vitamin rich diets and swallowed all manner of supplements He smeared himself in coarse mineral salts and grew tepid in Epsom salt baths He visited energy practitioners and spiritual gurus He learned yoga how to meditate to breathe properly to face his fears and manage the new anxieties those very fears had done so well to engender Over the course of three years Nick s lifelong cynicism is gradually replaced by an open eagerness to try anything if not quite everything and in doing so he starts on the road back to health *Get Well Soon* is a memoir that focuses on the journey all of us will at some point have to face the abrupt obligation to start living better wiser healthier to be kinder to our minds and bodies by realising that minds and bodies do require care It s about what happens to life when you become ill because everyday life is never going to stop going about its chaotic business This is not a self help book But it is in its own candid unflinching and stumbling way a mapless guide to belatedly learning to live well to negotiating a very particular and all too common midlife crisis It is honest and funny and ultimately optimistic And it might just offer proof that self discovery even when it is enforced self discovery is no bad thing
