Hand Sr.,2022-05-04 Firstly the objective of that research was to assess the actions of the Civil Rights and the Progressive National Baptist Convention Inc PNBC movements Based on 37 returns to a questionnaire of 39 reduced to 24 identified key criteria e mailed to 158 persons across the country with forwarding permission 92% of the respondents indicated that they either agreed or strongly agreed that the actions of the Civil Rights and PNBC movements were inspired of by God Additionally this research identified some serious concerns and issues that each movement mainly PNBC has to address if each will continue to exist survive Secondly the objective of that research was to document our history through our struggles through our pains and gains through our

good times and bad times through the ups and the downs in other words good bad or indifferent it is what it is our story his story not their story Rev Dr Herbert D Daughtry Sr constantly admonished us to make history to interpret history and to record history or something to that effect and not necessarily in that order When we do not do it ourselves in an accurate precise truthful etc manner then others will tell their story which nine out of ten times usually is not accurate precise truthful etc The old prophet acclaimed And the LORD answered me and said Write the vision and make it plain upon tables that he may run that readeth it Habakkuk 2 2 Thirdly and lastly the objective of that research was to share information that we do not want to be locked in our minds only to take it to the so called grave Many persons who were super knowledgeable as I define it about so many things that could have blessed the world took that super valuable information to the grave what a tremendous loss As an aside the loss is on multiple levels Level one we lost them Level two we lost what they did not share with us while they were alive Level three we lost the value of that buried information That is someone could have taken that information and transformed it to new information For example Dr Gabriel A Oyibo solved the Unified Field Theorem that Albert Einstein did not live long enough to solve So many things evolved from solving that equation Just think what would have happened to those many things that evolved from solving that equation if Dr Oyibo would not have solved that theorem All those many things that evolved from solving that equation would not be in existence Level four those persons who took from those many things that evolved from solving that equation and incorporated that value into what they were doing Etc etc etc The number of these levels conceivably and theoretically approaches infinity That is there is no end to the theoretical loss when just one person does not bless the world with their knowledge wisdom and understanding     Inspiration Not Guidance, Nor Intuition, Or, The Plenary Inspiration of the Holy Scriptures Eleazar Lord, 1858     Catholic Theories of Biblical Inspiration Since 1810 James Tunstead Burtchaell, 1969-07-02     **Oberlin Students' Monthly**, 1859

**Inspiration and Authority in the Middle Ages** Brian FitzGerald, 2017-10-06 Inspiration and Authority in the Middle Ages rethinks the role of prophecy in the Middle Ages by examining how professional theologians responded to new assertions of divine inspiration Drawing on fresh archival research and detailed study of unpublished manuscript sources from the twelfth to fourteenth centuries this volume argues that the task of defining prophetic authority became a crucial intellectual and cultural enterprise as university trained theologians confronted prophetic claims from lay mystics radical Franciscans and other unprecedented visionaries In the process these theologians redescribed their own activities as prophetic by locating inspiration not in special predictions or ecstatic visions but in natural forms of understanding and in the daily work of ecclesiastical teaching and ministry Instead of containing the spread of prophetic privilege however scholastic assessments of prophecy from Peter Lombard and Thomas Aquinas to Peter John Olivi and Nicholas Trevet opened space for claims of divine insight to proliferate beyond the control of theologians By the turn of the fourteenth century secular Italian humanists could lay claim to prophetic authority on the basis of their intellectual powers and literary practices From Hugh of

St Victor to Albertino Mussato reflections on and debates over prophecy reveal medieval clerics scholars and reformers reshaping the contours of religious authority the boundaries of sanctity and sacred texts and the relationship of tradition to the new voices of the Late Middle Ages **Inspiration and Interpretation** John William Burgon,2019-12-10 In *Inspiration and Interpretation* John William Burgon explores the complex relationship between divine inspiration and textual interpretation within the context of biblical scholarship Utilizing a methodical and eloquent prose style Burgon delves into the doctrinal foundations of scripture emphasizing the authority and authenticity of biblical texts His work addresses contemporary theological debates while drawing upon the resources of classical literature and traditional exegesis thus situating his arguments within a broad literary and historical framework that honors the scriptural canon John William Burgon a noted Anglican theologian and biblical scholar of the 19th century was deeply influenced by the prevailing intellectual currents of his time including the rise of textual criticism and the challenge of modernity to religious thought His extensive work as a scholar and his position as Dean of Chichester Cathedral informed his rigorous defense of scripture s integrity compelling him to confront the critiques levied against traditional biblical interpretation For scholars students and the faithful alike *Inspiration and Interpretation* stands as a vital contribution to understanding the nuances of scripture as both a divine and human document Burgon s meticulous arguments invite readers to reflect on the significance of interpretation in spiritual life making this book an essential read for those seeking a deeper engagement with biblical texts
