McLeod,2009-07-24 Contrary to popular opinion there is more to Sikhism than the distinctive dress First of all there is the emergence of Guru Nanak the founder of Sikhism and the long line of his successors There are the precepts many related to liberation through the divine name or nam There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism **The Prescribed Sikh Prayers (Nitnem)** Kartar Singh Duggal,1980 Like All Other Prominent Faiths The Sikh Religion Too Has Prescribed Prayers For Daily Observance While Utmost Importance Is Given To The Early Morning Called Amrit Vela The Ambrosial Hour There Is A Short Duration Prayer For The Evening And Another For The Late Evening Before Going To Bed Essentially A Modern Religion It S Only 500 Years Old The Sikh Gurus Did Not Prescribe Any Pre Requisites Or Postures Besides Simple Bath In The Morning And Physical Cleanliness At Other Hours Early Morning Evening Or The Late Evening It Is Remembering The Divine Entity There Is Nothing Specific Distinguishing One Prayer Are Designed To Be Five In Number These Are Japuji Guru Nanak Jaap Saheb Shabd Hazare And Swwaiye Guru Gobind Singh Rehras And Kirtan Sohila Miscellaneous Kartar Singh Duggal A Noted Litterature Has Transcreated These Banis With Utmost Devotion For The

W.H. McLeod, 1990-10-15 McLeod is a renowned scholar of Sikhism. This book confirms my view that there is nothing about the Sikhs or their religion that McLeod does not know and there is no one who can put it across with as much clarity and brevity as he can. In his latest work he has compressed in under 150 pages the principal sources of the Sikh religion: the Khalsa tradition and the beliefs of breakaway sects like the Nirankaris and Namdharis. As often happens, an outsider has sharper insight into the workings of a community than insiders whose visions are perforce restricted. Khushwant Singh, *Hindustan Times*. *Movements in Time* Natalie Churn, Cecile Lawrence, 2013-01-14 2011 was a tumultuous year in terms of social protest movements. The Occupy movement spread across the globe with unprecedented support of an enormity not seen since 1968 while revolutions in Egypt, Tunisia, Morocco, Syria, and Libya caught the attention of the global media and brought the word revolution back into public discussions on social justice and governance. For many people worldwide it appears that it is time for social, political, and economic change. And it is precisely time in all its forms which cannot be ignored in this context. As something that surrounds us and affects every aspect of our lives, time is at once a tool for control, for order, for emancipation, for understanding the future and the past, and measuring degrees of freedom and quality of life in the present. This book brings together essays from fields such as politics, cultural studies, and philosophy in order to reinterpret and reorient current thinking on the possibilities for new understandings of concepts of time to bring about social change. History as the passing of time, clock time, the exchange value of time, qualitative time, and alternative or marginal notions of temporality are analysed through the lens of various theoretical thinkers and applied to a multitude of political and social case studies. Breaking away from traditional notions of time as linear and against common socially constructed understandings of time, these essays suggest that new conceptions of time can have a major influence on creating a more just, tolerant world. **Sacred Nitnem** Harbans Singh Doabia, 1990 *Studying the Sikhs* John Stratton Hawley, Gurinder Singh Mann, 1993-01-01 This basic guide and resource book targets four fields: religious studies, history, world literature, and ethnic or migration studies, in which Sikhism is now receiving greater attention. The authors explain the problems of studying and interpreting Sikhism and opportunities for integrating Sikh studies into a broader curriculum in each field. They also provide a sense of the Sikh community's own approach to education and evaluate materials and approaches at the North American university level. Included are a sample syllabus with an explanatory essay, a bibliographical guide, a glossary, and a general bibliography. Gurinder Singh Mann's review of his course on Sikhism is an effective mini guide to the field as a whole.

The Quest Lyman C.D. Kulathungam, 2012-04-25 The human spirit seems incapable of being stagnant ever pushing the boundaries of knowledge and experience We try to understand life through questions regarding our own existence the nature of the universe and the nature of God The question of our collective heart is the external manifestation of an internal longing a quest if you will This thirst to understand reality can be seen in superstructures that are scientific

social political and especially religious When considering the doctrines institutions and rituals of religions we observe certain core aspirations expressed by the people of these communities These aspirations generate from an underlying quest which seeks a way out of our perceived predicament a salvific quest Regardless of whether we view ourselves as religious pre religious post religious or non religious we find ourselves involved in such a quest it seems to be an integral part of our human personhood Using a unique framework of analysis this book explores Christ s relevance to the quest expressed by the communities of eight major living religions a relevance that neither degrades Christ nor demeans other saviors Christ is not part of the human quest but is well equipped to satisfy that quest
