## **Sacred Space And Holy War The Politics Culture And History Of Shiite Islam:**

Sacred Space and Holy War Juan Ricardo Cole, 2002-06-28 Juan Cole examines Shi'i Islam as a world religion that has faced modernity on its own terms. He explores the little known history of Shi'i communities as far afield as Bahrain and India, giving attention as well to important centers such as Lebanon, Iraq, and Iran. He demonstrates the way in which the Shi'is have sought to define space and time as sacred and to defend those spaces from encroachment by the Other, whether that other be Sunni Arab, Hindu, or European Christian.

**The Shia Revival: How Conflicts within Islam Will Shape the Future** Vali Nasr, 2007-04-17 A New York Times Bestseller. Historically incisive, geographically broad, reaching and brimming with illuminating anecdotes, Max Rodenbeck's New York Review of Books review of Iranian-born scholar Vali Nasr has become one of America's leading commentators on current events in the Middle East, admired and welcomed by both media and government for his concise and coherent analysis. Wall Street Journal front page profile. In this remarkable work, Anderson Cooper Jr. Nasr brilliantly dissects the political and theological antagonisms within Islam, providing a unique and objective understanding of the 1,400-year bitter struggle between Shias and Sunnis and shedding crucial light on its modern-day consequences.

**The Power of Religion / Religion and Power** Herman J. Selderhuis, 2023-06-06 How does the powerful effect that religion has on public and personal life relate to the various spheres of our culture? Is the relationship between power and religion always negative, or can religion also affect individuals and societies positively? This volume of the EuARe Lectures, edited by Herman Selderhuis, collects the texts of the lectures delivered at the Third Annual Conference of the European Academy of Religion, 2020, on the topic 'The Power of Religion: Religion and Power'. Scott Appleby explores the connection in the religious imagination among glorifying the divine, sanctifying the mundane, and exercising political and cultural power. Cyril Hovorun addresses the issue of the politicization of religion, focusing in particular on Eastern Christian cases. Susanne Schröter offers an insight into the current debate on Islam in Germany. Finally, Kristina Stoeckl analyses the complex relationship among Europe's new religious conflicts: Russian orthodoxy, American Christian conservatives, and the emergence of a European populist right wing.

**Voices of Islam** Virginia G. Blakemore-Henry, Vincent J. Cornell, Omid Safi, 2006-12-30 Despite frequent and extensive publications on Islam, very few Americans indeed, very few non-Muslims truly understand the faith or the more than one billion adherents who live it. This set presents the diversity and richness of Islam, filling in the blanks and expanding our knowledge and understanding. Portraying Muslims in all their humanity and diversity balances the images that have bombarded society and presents the reader with a fuller and more accurate picture of the Islamic faith and what it means to live as a Muslim in Muslim communities and as part of a broader tapestry of pluralism in the nations of the world. What does it mean to share Muslim concerns? To experience Muslim spirituality? What is the difference between Sunni and Shiite sects? Why do Muslims pray so frequently? What is the reality of Muslim marriage and gender relations? What is the meaning of jihad and martyrdom to a practicing Muslim? What role do the arts and humanities play in modern Muslim life?

How are Islamic children raised These questions and others are answered in these volumes which bring together Muslim voices from around the world including men and women scholars and laypersons fundamentalists and progressives and others from various cultural political and Islamic backgrounds Personal experiences and poetry are included to illustrate the many different expressions of Islam

**Routledge Revivals: Medieval Islamic Civilization (2006)** Josef Meri, 2018-01-12 Islamic civilization flourished in the Middle Ages across a vast geographical area that spans today's Middle and Near East First published in 2006 Medieval Islamic Civilization examines the socio cultural history of the regions where Islam took hold between the 7th and 16th centuries This important two volume work contains over 700 alphabetically arranged entries contributed and signed by international scholars and experts in fields such as Arabic languages Arabic literature architecture history of science Islamic arts Islamic studies Middle Eastern studies Near Eastern studies politics religion Semitic studies theology and more Entries also explore the importance of interfaith relations and the permeation of persons ideas and objects across geographical and intellectual boundaries between Europe and the Islamic world This reference work provides an exhaustive and vivid portrait of Islamic civilization and brings together in one authoritative text all aspects of Islamic civilization during the Middle Ages Accessible to scholars students and non specialists this resource will be of great use in research and understanding of the roots of today's Islamic society as well as the rich and vivid culture of medieval Islamic civilization

**Global Dynamics of Shi'a Marriages** Yafa Shanneik, Annelies Moors, 2021-10-15 Muslim marriages have been the focus of considerable public debate in Europe and beyond in Muslim majority countries as well as in settings where Muslims are a minority Most academic work has focused on how the majority Sunni Muslims conclude marriages This volume in contrast focuses on Twelver Shi'a Muslims in Iran Pakistan Oman Indonesia Norway and the Netherlands The volume makes an original contribution to understanding the global dynamics of Shi'a marriage practices in a wide range of contexts not only its geographical spread but also by providing a critical analysis of the socio economic religious ethnic and political discourses of each context The book sheds light on new marriage forms presented through a bottom up approach focusing on the lived experiences of Shi'a Muslims negotiating a diverse range of relationships and forms of belonging

*The Oxford Handbook of Islam and Politics* John L. Esposito, Emad El-Din Shahin, 2013-11 The Oxford Handbook of Islam and Politics with contributions from prominent scholars and specialists provides a comprehensive analysis of what we know and where we are in the study of political Islam

*Understanding Shiite Leadership* Shaul Mishal, Ori Goldberg, 2014-06-05 This book presents Shiite leaderships as pragmatic entities with the potential to form fruitful relationships with the non Shiite world

**The Islamic World** Andrew Rippin, 2013-10-23 The Islamic World is an outstanding guide to Islamic faith and culture in all its geographical and historical diversity Written by a distinguished international team of scholars it elucidates the history philosophy and practice of one of the world's great religious traditions Its grounding in contemporary scholarship makes it an ideal reference source for students and scholars alike Edited by Andrew Rippin a leading scholar of Islam the volume covers

the political geographical religious intellectual cultural and social worlds of Islam and offers insight into all aspects of Muslim life including the Qur'an and law philosophy science and technology art literature and film and much else It explores the concept of an Islamic world what makes it distinctive and how uniform is that distinctiveness across Muslim geographical regions and through history

**Militancy and Political Violence in Shiism** Assaf Moghadam, 2011-07-21 This book is the first systematic assessment of current trends and patterns of militancy in Shii communities in the Middle East and South Asia specifically in Iran Iraq but also in Lebanon Saudi Arabia Pakistan Afghanistan Kuwait and Bahrain It addresses two key questions What trends emerge in the types of militancy Shii actors employ both inside and outside of the Shii heartland And what are the main drivers of militancy in the Shii community

*Twelver Shiism* Andrew J. Newman, 2013-11-20 Charts the history and development of Twelver Shiism As many as 40 different Shi'i groups existed in the 9th and 10th centuries only 3 forms remain Why is Twelver Shiism one of them As the established faith in modern Iran the majority faith in Iraq and areas in the Gulf and with its adherents forming sizeable minorities elsewhere in the region it is arguably the most successful branch of Shiism Andrew Newman charts the history Twelver Shiism uncovering the development of the key distinctive doctrines and practices which ensured its survival in the face of repeated challenges He argues that the key to the faith's endurance has been its ability to institutionalise responses to the changing often localised circumstances in which the community has found itself thereby remaining remarkably resilient in the face of both internal disagreements and external opposition

*IBSS: Anthropology: 2002 Vol.48* Compiled by the British Library of Political and Economic Science, 2004-03-01 First published in 2004 The International Bibliography of the Social Sciences is an annual four volume publication covering Economics Political Science Sociology and Anthropology It is compiled by the British Library of Political and Economic Science under the auspices of the International Committee for Social Science Information and Documentation Some 100 000 articles from over 2 700 journals and 20 000 books are scanned each year in the process of compiling the International Bibliography Coverage is international with publications in over 70 languages from more than 60 countries All titles are given in their original language and in English translation

**The Shia Revival** Vali Nasr, 2016-09-06 Historically incisive geographically broad reaching and brimming with illuminating anecdotes Max Rodenbeck New York Review of Books One of America's leading commentators on current events in the Middle East Iranian born scholar Vali Nasr brilliantly dissects the political and theological antagonisms within Islam in this smart clear and timely book Washington Post Still essential and still timely ten years after its original publication The Shia Revival provides a unique and objective understanding of the 1 400 year bitter struggle between Shias and Sunnis and sheds crucial light on its modern day consequences A new epilogue elucidates the rise of ISIS and ongoing tensions between Iran and Saudi Arabia

**Shi'a Islam in Colonial India** Justin Jones, 2011-10-24 Interest in Shi'a Islam has increased greatly in recent years although Shiism in the Indian subcontinent has remained largely underexplored Focusing on the influential Shi'a minority of Lucknow and

the United Provinces a region that was largely under Shi'a rule until 1856 this book traces the history of Indian Shi'ism through the colonial period toward independence in 1947 Drawing on a range of new sources including religious writing polemical literature and clerical biography it assesses seminal developments including the growth of Shi'a religious activism madrasa education missionary activity ritual innovation and the politicization of the Shi'a community As a consequence of these significant religious and social transformations a Shi'a sectarian identity developed that existed in separation from rather than in interaction with its Sunni counterparts In this way the painful birth of modern sectarianism was initiated the consequences of which are very much alive in South Asia today *In the Shadow of Sectarianism* Max Weiss, 2010-10-15

Contrary to the conventional wisdom that sectarianism is intrinsically linked to violence bloodshed or social disharmony Max Weiss uncovers the complex roots of Shi'i sectarianism in twentieth century Lebanon The template for conflicted relations between the Lebanese state and Shi'i society arose under French Mandate rule through a process of gradual transformation long before the political mobilization of the Shi'i community under the charismatic Imam Musa al Sadr and his Movement of the Deprived and decades before the radicalization linked to Hizballah Throughout the period the Shi'i community was buffeted by crosscutting political religious and ideological currents transnational affiliations versus local concerns the competing pull of Arab nationalism and Lebanese nationalism loyalty to Jabal Amil the cultural heartland of Shi'i Lebanon and the modernization of religious and juridical traditions Uncoupling the beginnings of modern Shi'i collective identity from the rise of political Shi'ism Weiss transforms our understanding of the nature of sectarianism and shows why in Lebanon it has been both so productive and so destructive at the same time Islam and Religious Change in Pakistan Saadia Sumbal, 2021-07-28

This book examines the history of and the contestations on Islam and the nature of religious change in 20th century Pakistan focusing in particular on movements of Islamic reform and revival This book is the first to bring the different facets of Islam particularly Islamic reformism and shrine oriented traditions together within the confines of a single study ranging from the colonial to post colonial era Using a rich corpus of Urdu and Arabic material including biographical accounts Sufi discourses malfuzat letter collections polemics and unexplored archival sources the author investigates how Islamic reformism and shrine oriented religiosity interacted with one another in the post colonial state of Pakistan Focusing on the district of Mianwali in Pakistani northwestern Punjab the book demonstrates how reformist ideas could only effectively find space to permeate after accommodating Sufi thoughts and practices the text based religious identity coalesced with overlapped traditional religious rituals and practices The book proceeds to show how reformist Islam became the principal determinant of Islamic identity in the post colonial state of Pakistan and how one of its defining effects was the hardening of religious boundaries Challenging the approach of viewing the contestation between reformist and shrine oriented Islam through the lens of binaries modern traditional and moderate extremist this book makes an important contribution to the field of South Asian religion and Islam in modern South Asia *Rethinking Salafism* Raihan

Ismail,2021-10-01 Salafism has received scrutiny as the one of the main ideological sources for extremist violence perpetrated by jihadi groups There is a significant corpus of literature discussing transnational jihadi networks especially after the 9 11 attacks in the United States These discussions include the radicalization of Salafi thought by jihadi theoreticians and ulama However Salafism is not monolithic It contains numerous streams and an examination of these streams is crucial to understanding its influence on Muslim societies Besides Salafi jihadis those who sanction violence there are two other broad trends in Salafism quietist and activist Quietist Salafis endorse an apolitical tradition and find political activism in any form unacceptable Activist Salafis advocate peaceful political change Each stream is led by ulama seen as the preservers of Salafi traditions The quietist and activist ulama are active participants in their communities Studies of such clerics have tended to be country specific focusing on the influence and nature of Salafism and its dynamics in those countries In Rethinking Salafism Raihan Ismail assesses the origins interactions and dynamics of the transnational networks of Salafi ulama in the region comprising Saudi Arabia Egypt and Kuwait showing how quietist and activist ulama work across borders to preserve and promote what they see as authentic Salafism while taking domestic circumstances of the ulama into consideration The book offers a reassessment of the quietist activist dichotomy arguing that this dichotomy does not apply to such aspects of Salafi thought as attitudes towards the Shi'a and social matters in Muslim societies *Shi'ism* Hamid Dabashi,2012-05-07 For a Western world anxious to understand Islam and in particular Shi'ism this book arrives with urgently needed information and critical analysis Hamid Dabashi exposes the soul of Shi'ism as a religion of protest successful only when in a warring position and losing its legitimacy when in power Dabashi makes his case through a detailed discussion of the Shi'i doctrinal foundations a panoramic view of its historical unfolding a varied investigation into its visual and performing arts and finally a focus on the three major sites of its contemporary contestations Iran Iraq and Lebanon In these states Shi'ism seems to have ceased to be a sect within the larger context of Islam and has instead emerged to claim global political attention Here we see Shi'ism in its combative mode reminiscent of its traumatic birth in early Islamic history Hezbollah in Lebanon claims Shi'ism as do the militant insurgents in Iraq the ruling Ayatollahs in Iran and the masses of youthful demonstrators rebelling against their reign All declare their active loyalties to a religion of protest that has defined them and their ancestry for almost fourteen hundred years Shi'ism A Religion of Protest attends to the explosive conflicts in the Middle East with an abiding attention to historical facts cultural forces religious convictions literary and artistic nuances and metaphysical details This timely book offers readers a bravely intelligent history of a world religion

**The Shiites of Lebanon under Ottoman Rule, 1516-1788** Stefan Winter,2010-03-11 The Shiites of Lebanon under Ottoman Rule provides an original perspective on the history of the Shiites as a constituent of Lebanese society Winter presents a history of the community before the 19th century based primarily on Ottoman Turkish documents From these he examines how local Shiites were well integrated in the Ottoman system of rule and that Lebanon as an autonomous entity

only developed in the course of the 18th century through the marginalization and then violent elimination of the indigenous Shiite leaderships by an increasingly powerful Druze Maronite emirate. As such, the book recovers the Ottoman era history of a group which has always been neglected in chronicle based works and in doing so fundamentally calls into question the historic place within Lebanon of what has today become the country's largest and most activist sectarian community.

*America's War against Global Jihad* William R. Nester, 2018-03-06 A specter haunts America, the specter of Global Jihad, Islamic Holy War. This specter was never more horrific than on September 11, 2001, when nineteen fanatics hijacked four jetliners and used them as guided missiles to destroy the twin World Trade Towers, damage the Pentagon, murder nearly 3,000 people and cause as much as several hundred billion dollars worth of direct and indirect damage to New York City and the national economy. But Jihadists have periodically attacked Americans ever since November 1979, when mobs shouting death to America overran the American embassy in Tehran and held 52 officials hostage for 444 days. President George W. Bush responded to the September 11 atrocities by declaring a global war on terror. Now in its second decade, that war has cost the United States thousands of lives and trillions of dollars. Americans are haunted by horrific televised images from across a swath of the Muslim world of bomb-blasted cities, hundreds of slaughtered bodies, thousands of refugees huddled in squalid camps, and American journalists in orange jump suits kneeling in the desert before the black-robed and masked men who will behead them. Americans increasingly question whether the global war on terror has been worth those costs for their own nation and the lands where it is fought. This book analyzes America's crusade against Jihadism. The key related questions it addresses are these: Looking back, what were the successes and failures of Washington's counter-Jihadist strategy before and after September 11? Looking ahead, should Americans stay the course or cut their losses in Iraq, Afghanistan, and elsewhere? Was the catastrophic September 11 attack a one-time event or could its equivalent or worse in death and destruction happen again? Renowned Harvard professor Samuel Huntington asserted that the underlying problem for the West is not Islamic fundamentalism; it is Islam, a different civilization whose people are convinced of the superiority of their culture and are obsessed with the inferiority of their power. Is that true? Just what of Muhammad's words and deeds, if any, justifies the barbarism of al-Qaeda, Islamic State, and other Jihadists? Finally, just how corporeal is that specter of global Jihad to the United States? A startling surprise awaits the reader in the final chapter as acclaimed expert William Nester weighs the specter of global Jihad against an array of other national security threats.

Right here, we have countless ebook **Sacred Space And Holy War The Politics Culture And History Of Shiite Islam** and collections to check out. We additionally give variant types and moreover type of the books to browse. The welcome book, fiction, history, novel, scientific research, as capably as various further sorts of books are readily handy here.
