Sacred Dance With Physically And Mentally Handicapped:

Sacred Dance with Physically and Mentally Handicapped Ann Marie Blessin, 1982-01-01 **The Perfect Being** Aziz O-Din Nasafi, 2021-09-28 Translated for the first time from the original Persian into English these selected treatises from Aziz O Din Nasafi's thirteenth century work *The Perfect Being* provide a fascinating and rare yet applicable introduction to Sufism. *The Perfect Being* reads like a personal journal as well as a manual for those interested in Sufism. Its lucid exposition of the journey toward self knowledge is both profound and eloquent, practical and transcendent. Presented here alongside a helpful introduction and explanatory notes to guide the reader, this book serves as a valuable introduction to classic Islamic texts.

Women and Reiki Judith MacPherson, 2017-07-05 *Women and Reiki* is the first ethnographic study of Reiki and energetic healing in Britain. The book argues that if we are to build an accurate and comprehensive picture of healing, we must examine the role of gender representation and power. Although women healers predominate at the grass roots level, these factors have been largely ignored in academic studies of New Age and alternative spiritualities. The acknowledgement of women's power in these studies is to be found somewhere between male dominated biomedical approaches to health and apparently more egalitarian holistic discourse and practice. Using the work of theorists such as Michel Foucault and Meredith McGuire, the book shows that women healers are using Reiki and other healing spiritualities to actively engage in a politics of reclamation. *AIDS, Health, And Mental Health* Judith Landau-Stanton, Colleen D. Clements, 2019-06-04

This volume presents a systems approach to understanding and managing the AIDS crisis, an approach that addresses the needs not only of HIV infected individuals but also of families and communities at risk from AIDS. Discussions are included on HIV epidemiology and risk reduction, medical management of the AIDS patient and neuropsychiatric aspects of HIV infection. Strategies for psychotherapeutic intervention from individual through group to extended family system are described in detail. The authors examine spiritual, religious and cultural factors in communities and offer guidelines for building a community network for AIDS prevention and intervention. Full consideration is also given to ethical and policy issues and to the risks faced by health care providers. First published in 1993, Routledge is an imprint of Taylor & Francis, an information company. *Disability Advocacy Among Religious Organizations* Albert Herzog, 2012-11-12 Gain insight into the importance of advocacy for the disabled within various religious and secular organizations.
