Christian Racki, 1998 **Children Dancing in Bali** Jonathan McIntosh, 2025-05-01 The question of power and agency between children and adults within the context of traditional Balinese dance remains multilayered While adults exercise authority over children in formal settings an alternative dynamic exists outside the confines of traditional performance contexts where children operate as artistic agents In this illuminating ethnographic study of Balinese dance traditions Jonathan McIntosh examines how children navigate the nexus of practice performance and power through the medium of Balinese culture From structured dance classes to gatherings that embrace popular music Children Dancing in Bali spotlights the creative potential of Balinese performance practices to negotiate identity and society **Bridges to the Ancestors**

David D. Harnish, 2006-01-01 Bridges to the Ancestors effectively reveals the Lingsar festival as a site of cultural struggle as Harnish explores how history identity and power are constructed and negotiated He addresses the fascinating interaction between music and myth and the forces of modernity globalization authenticity tourism religion regionalism and nationalism in maintaining tradition Jacket The Kecak and Cultural Tourism on Bali Kendra Stepputat, 2021 The Kecak is one of the

most well known dramatic dance performance practices on Bali It is based on stories from the Old Indian epic Ramayana performed by an ensemble of male and female solo dancers and accompanied by a group consisting of approximately 100 men who function both as musical accompaniment and living scenery that can be flexibly choreographed Since its genesis in the 1930s the Kecak has been almost solely performed in a tourist context This book gives a thorough analysis and description of the Kecak in its present form and explores how the Kecak became and stayed a tourist genre for more than 80 years The book is divided into two parts The first part focuses on the Kecak in its present form including musical choreographic and dramatic elements The connection between cultural tourism on Bali and Kecak performance practice is analyzed in detail including the dependency between tourism professionals and artists and ways of promoting the kecak Tourists perspectives on the Kecak are addressed separately The second part deals with the genesis and development of the Kecak from the 1930s onward **Between Heaven and Earth** Walther Tjon Pian Gi, 2018 In Between Heaven and Earth

Walther Tjon Pian Gi captures the astonishing world of Balinese sacred and ritual dance in a selection of his photographs

taken between 1978 and 2017 As a dancer performer himself he stresses in his photos the underlying feeling rather than the pictorial values of the dance Having danced at temple festivals and house ceremonies in Bali he understands the specific function of these performances during the rituals for living people for the souls of the deceased for the gods and for the evil spirits the essence of which he conveys in this very personal and searching book Ritual dances in Bali are primarily performed for the gods who sometimes even descend from the mountains into the body of the dancer So it can happen that there are no spectators at all except for the gods and deified ancestors And in this case a dancer photographer who learned where to find these ceremonial dances and related sacred events Since the book is a document that spans more than a generation it also serves as a record of the development of ritual performance culture in Bali
