Diary, reminiscences, and correspondence, selected and ed. by T. Sadler Henry Crabb Robinson, 1869

Contemporary British Novel James Acheson, 2005-12-14 Written by some of the world's finest contemporary literature specialists the newly commissioned essays in this volume examine the work of more than twenty major British novelists Peter Ackroyd Martin Amis Iain M Banks Pat Barker Julian Barnes A S Byatt Angela Carter Janice Galloway Abdulrazak Gurnah Kazuo Ishiguro James Kelman A L Kennedy Hanif Kureishi Ian McEwan Caryl Phillips Salman Rushdie Zadie Smith Graham Swift Rose Tremain Marina Warner Irvine Welsh and Jeanette Winterson The book will be of interest not only to students teachers and lecturers but to the general reader seeking help in approaching the often baffling novels of the recent past Key Features Literary criticalisms are described in clear jargon free language Focuses on British fiction since 1980 giving coverage of established authors such as Angela Carter and Ian McEwan as well as little addressed novelists such as James Kelman and Zadie Smith Essays are by leading scholars in contemporary fiction **The Sadler's Wells Ballet, 1931-1956** Royal Opera House, 1956 Authority and Displacement in the English-Speaking World (Volume I) Florence Labaune-Demeule, 2016-01-14 Whether one thinks of the modern world or of more remote times both seem to have been affected if not moulded by the interaction between the concepts of authority and displacement Indeed political and social

sources of authority have often been the causes of major geographical displacements as can be illustrated by the numerous waves of migration which have been observed in the past and which are still present today such as the transportation of slaves from African to American coasts in colonial times If displacement can often be understood as spatial displacement it can also be synonymous with psychological social and even aesthetic displacement for instance through different artistic means or through the use of stylistic discursive devices Displacement also entails displacement as well as dislocation or chaos This suggests that the etymological meaning of the term authority auctoritas has to be highlighted thus referring to the author of a particular work and to the different manifestations of the authorial persona in a work of art This collection of essays in two volumes examines the relationships between the concepts of authority and displacement in the English speaking world without restricting the analysis to a particular area or to the field of literature Some essays do indeed deal with literature from different spatial areas and temporal eras while others look into these concepts from a more cultural or aesthetic point of view Volume One Exploring Europe from Europe includes essays on Shakespeare's Measure for Measure John Ross's Second Exploration Voyage Thomas Hardy's Jude the Obscure in addition to investigations of Rose Tremain's novels Disguise by Hugo Hamilton and the cinematic adaptation of Conrad's Almayer's Folly by Chantal Akerman The volume concludes with a study of two novels by the Anglo Sudanese writer Jamal Mahjoub *The polemics of Ageing as reflected in Literatures. Essays on Ageing in Literature and Interviews with Vikram Chandra, James Halperin, Doris Lessing, Zadie Smith and Terri-ann White* , El envejecimiento no es sólo un proceso biológico sino también social económico psicológico político y cultural Las representaciones literarias del envejecimiento contribuyen a entender aspectos como el miedo a la decrepitud la pérdida de creatividad o la muerte las relaciones intergeneracionales y la sostenibilidad de la calidad de vida En el libro escritores y académicos discuten temas de vital importancia para nuestras sociedades actuales con artículos y entrevistas que reflejan actitudes positivas hacia el proceso en que todos estamos implicados *Dancing Times* ,1998

British Music and the French Revolution Paul F. Rice,2010-04-16 British Music and the French Revolution investigates the nature of British musical responses to the cataclysmic political events unfolding in France during the period of 1789-1795 a time when republican and royalist agendas were in conflict in both nations While the parallel demands for social and political change resulted from different stimuli and were resolved very differently the 1790s proved to be a defining period for each country In Britain the combination of a protracted period of Tory conservatism and the strong spirit of patriotism which swept the nation had a profound influence on the arts There was an outpouring of concert and theatrical music dealing with the French Revolution and the subsequent war with France While patriotic songs might be expected when a country is at war the number of recreations on the London stages of events taking place on the Continent may surprise Initially such topical subjects were restricted to the summer or minor theatres however government restrictions were relaxed after 1793 giving Londoners the opportunity to see topical theatre in the royal or patent theatres as well The resulting repertoire of

plays and recreations often propagandist in nature made considerable use of music and those performed in the minor theatres were all sung Consequently there exists a large repertoire of music which has been little studied British Music and the French Revolution investigates this repertoire within a social and political context Initial chapters examine the historical relationship between France and Britain from a musical perspective the powerful symbols of national identity in both countries and the complex laws that governed commercial theatres in London Thereafter the materials are presented in a chronological fashion starting with the fall of the Bastille in 1789 and the F te de la F d ration in 1790 The period of the Captivity was one of growing tension and fear in both France and Britain as war became an ever increasing threat between the two nations Two subsequent chapters examine the war years of 1793 until first half of 1795 The choice of a five year period allows the reader to follow British musical reactions to the fall of the Bastille and subsequent events up to the rise of Napol on
