S.S. Badger Lake Michigan Carferry, 2012 Roadside Tidbits Jan Young, 2014-09-07 How often have you been driving say on a cross country trip and have flashed by a sign that says Historical Marker 1 mile How often have you stopped to read the sign How often have you wondered what you would have discovered if you had stopped Well if you're like me the answers are often almost never and almost always There never seems to be time the markers although announced can be hard to find and then there's the question of where to park and how to get from the car to the marker and back safely One doubts that it's worthwhile But yet there's that nagging feeling that maybe it would be fascinating This book is a sampling of two hundred eighty four of the thousands of real life historical markers that exist on our roads and highways Each is accompanied by detailed location information and by an expansion of the often brief inscription Writing it satisfied my curiosity It's very likely it will satisfy yours too
